PRESIDENT'S NOTES

The Christmas party was a great success. It was attended by over 80 people and all had a good time!

The new board had their first meeting on December 29th. We have a good group of people who want to see some new ideas come to pass. A few of the ideas are:

- 1) Repaint the sign at the field entrance
- 2) Repaint the stripes in the pits.
- 3) Relocate the 53 meq. pit area
- 4) Set up a progressive membership committee
- 5) A different drawing system for the year end party.
- 6) A different drawing system for our regular raffle.
- 7) A new format for the Show & Tell.
- 8) We will be looking for a new meeting place.
- 9) The business portion of the meeting will be shortened so that more time may be devoted to Show & Tell, entertainment and the raffle.

I would like to thank you for electing me President and will be interested in any suggestions you have. This is your Club. Help us to make it what you would like it to be - ATTEND THE MEETINGS. Hope to see you all at the next one - January 12, 1982 - The Encino Women's Club.

Phil Mosko
President S.F.V.R.C.F.

EDITOR'S NOTES

Since I am doing this on my lunch hour, I'll keep it short.

The next few meetings will be a little busy with new and old members paying their 1982 dues, so please be patient with us. I will be trying to get the membership roster unofficially updated with any address changes you might have, so please see me if you are not receiving your newsletter or have recently moved.

Walt Clark should be receiving a 1982 contest calendar in the very near future, hopefully for the February newsletter.

All though there will be some change in the format of the meeting, our regular special events will still remain, like the '3 View Arm Powered Glider contest', auctions etc.

One final note. PLEASE remind any board member this year that we must get a picture of the club at the field this year. It has been overlooked the last couple of years.

See you January 12th @ 7:30 P.M. at the Encino Women's Club!

Bob Smith, Newsletter Editor

JANUARY ENTERTAINMENT

All you ever wanted to know but were afraid to ask about iron on coverings!

John Pahlow, master builder and finisher, will demonstrate techniques of applying monokote, econokote and other iron on coverings.

John has won many awards and will bring with him his 103" span Tiger Moth which won a blue ribbon at the 1981 N.A.C. show and is the cover story plane in the December 1981 scale R.C. Modeler.

He will also bring his seven year old Cruise-Air (over 150 flights). This monokote job you just have to see to believe. Remember to bring your Show And Tell airplanes.
