Secretary: MARTY MALLOW

Treasurer: KEN TURNER

Editor: MEL GIFIS

Contest Director: WALT CLARK

EDITORS NOTES

This months newsletter is being put together in record time, so if it seems a little out of sorts its because I just didn't have enough hours in the day this week to do everything that needed to be done. As a matter of fact if you receive this newsletter on time its only because my wife (bless her) did all the running around to get this printed, put together and mailed. She really helps every month. I wonder where this club would be if it wasn't for the helpful and understanding wifes.

Our September meeting will be held at the Encino Community Center on Balboa Blvd. Further details will be given at our nextmeeting and in next months hewsletter.

Any member wanting to attend a board meeting should contact Marty Mallow at the regular meeting. Every member is encouraged to attend, however, we must limit the number to (6) six at any given meeting.

Have you remembered to put your name, address and AMA# in all planes you fly? If not your AMA coverage is void. See you at the regular meeting Tuesday August 24th at Skytrails. Remember to support your local hobby shop we need them as much as they need us. Happy Flying.

July 27, 1982

Meeting opened with Phil Mosko leading the Pledge of Allegiance. Phil displayed the rendering that he showed to the Parks Dept. The Parks Dept. and the Valley Flyers representatives and associated members met on July 19. A question and answer session was quite productive and it looks like we have an understanding with the Parks Dept. which allows us to coordinate scheduled events, and enforce safety rules. Official notice will be forthcoming soon.

The Valley Flyers want to thank Cindy Rice for her efforts on behalf of the club. Her new sign is a "work of art", and it will replace the one presently on display at the field.

Walt Clark discussed AMA membership and the need for FCC licenses. He also stressed the need for putting some kind of identification in our airplanes to ensure insurance coverage.

Stu Weltman welcomed our guests, eleven of them. We also want to welcome Raleigh Bitterman. If you need help, don't be bashful, Raleigh. There's plenty of instructors available.

The NMPRA came through, and the club was paid monies due them. All is well!

Watch for future announcement when our club picture will be taken. It is tentatively scheduled to be taken at our Scale Contest. We need the full membership for this one. So bring your airplane, and get ready to smile for the camera.

Ken Tyler addressed the club on our charitable foundation. This will allow people to donate to our foundation which is pledged to improve our flying site, and deduct that donation from their income tax. Ken has indicated that he intends to make the first donation, and it is a sizeable one. We're rolling, gang!

Raffle winners were Pete Olsen, Walt Clark, Chuck Seigel, Bob Adams, Dean Moskoff, Ken Ruben, Vic Martin, Ralph Rosen and Tom Emory.

Elden Lynn and his beautiful wife Doris gave a presentation on their sanding and covering tools. Most informative, and well received.

Tom Williams of Craft Air discussed his 50 years of model building experience which included why a plane flies, and what glues and stresses do to a structure.

Although Marty Mallow deserved the Goof Bowl Award for landing in the corn 3 times, Bob Adams beat him out by nosing over his citabria and ruining propellers about 9 times before he had to admit his wheel pants were binding. Incidentally, Bob is extremely innovative in his flying these days. He has a servo actuated camera and bomb drop door on his citabria.

The show and tell boys were: Tom Emory, Dick Hager, Jim Hall. Tom's Formula #1, Bob Smith's Pattern, and Jim Hall's Scale Twin Electric all placed and won cups.

Imagine finding Tony McLain on the night shift at Hughes Aircraft working on the electrical system on Hughes new El Segundo facility. Tony says he'll be joining our ranks again when his present job ends. Sure was good to run into him.

The following members joined the club last month :

- | | |
|-----------------|---------------|
| ROLLY BITTERMAN | PANORAMA CITY |
| BILL CARAWAY | GLENDAIE |
| ART MORGENSTERN | GRANADA HILLS |
| PAT PATTERSON | VAN NUYS |
| KEN RUBIN | GRANADA HILLS |

Wellcome to the club !!!

As you can see from this statement , our expenses exceeded our income by almost 600.00 dollars. Our next revenue producing events are the August mtg. and Quickie 500 race on Sept. 12. So get out and support these events - we can use the money for those field improvements. KEN TURNER - TREASURER

EDITORIAL

On September the 12th, the club is sponsoring a Quickie 500 pylon race !!!
So what, you say! I know that a lot of you out there saying " Who needs
another @#&%:##@! race. I dont like racing, and never will !!"

Well, there are some valid reasons for to put on a race.

First: IT generates money. You know, that stuff we need in order to buy
grass (the lawn kind), sprinklers, overhangs etc. in order to improve our
field.

Second: And maybe less tangible, is that our club gains a reputation of
being a going organization.

Also there is always the additional knowledge that is gained through the
association and interchange with the racing fraternity.

Let me give you some personal thoughts on this matter.

I am a firm believer that you never get anything more out of something than
you put into it. ie. Your club will never amount to anything unless you
participate in it. Iam primarily a sport pilot, aiming towards scale and
pattern, and am not interested in becoming a racer. However, I have worked
on most of the races put on in the last several years. I find them interesting
and exciting. It is also one way to get used to the contest atmosphere
without the emotional and physical pressures of being a contestant. Finally,
there are the friendships of fellow RC'ers that are developed.

Since I will be the Contest Director of the September Quickie 500 (my first
CD, incidentally) I would like to see all of the club members participate.

None of the jobs are difficult and really are a lot of fun. If there are
enough volunteers, the amount of time that any one person will have to man
a post will be minimal.

If you are interested, please call Ken Turner at 213-340-4876.
