I am very pleased that I now have something positive to report to you regarding our field. June 6th I met with the people from Parks and Recreation. We outlined the basic agreement: for \$6000 they will plant the lawn and install the sprinklers. For an additional \$75 per month they will maintain and service the area and system. The work to start in the month of July. Our next project should be to plant some large trees between the fence and pit area. The pit areas, taxiways and runways need refacing - all of the black top areas. Plans need to be made for covering the pit area. We have lots of work to do!

Suggestions on safety have been made for our flying area: 1) an area near the runway (but not on the runway) should be designated as a pilot area with some sort of divider to separate the flyers. 2) A permanent area is needed for the pylons. These areas should include provisions for the safety barrier. Suggestions with drawings will be appreciated.

The "Scale Warm Up" was held June 5th. It was very well run; however, the attendance was poor. There were only 17 entries - all very good. It was disturbing to see the lack of interest by our club members. Even if a member is not entering an event, support should be given to all club events. Let's try to support all of the events scheduled at the Basin. There are six more events scheduled before the end of the year. Support your club.

I again want to personally thank Phyllis and Marve and the entire group who operates our food stand at the events. They do a terrific job.

OUR NET ASSETS CONTINUE TO RISE AND ARE NOW AT THE HIGHEST POINT IN RECENT HISTORY. THIS HAS ENABLED US TO MAKE THE VERY FAVORABLE DEAL WITH THE CITY THAT PHIL MOSKO MADE, AND WHICH HAS BEEN REPORTED ELSEWHERE IN THIS NEWSLETTER. EVEN AFTER WE SPEND THE \$6000 FOR GRASS AND SPRINKLERS WE WILL STILL HAVE MONEY LEFT OVER FOR COATING THE RUNWAY AND TAXIWAYS. IF ANYONE HAS ANY CONNECTIONS THAT CAN GET THIS JOB DONE CHEAPLY PLEASE CONTACT ONE OF THE OFFICERS SO WE CAN LOOK INTO IT.

Since no one seems to have anything to say this month, I am electing myself to speak for the "Board" in general. Ken Turner informed me that this month's raffle prizes are going to be "Scale models from Gemco". World War II types.

Marty said to be sure to advise everyone that the Giant Scale club (Walt Clark's bunch) has agreed to help us with the maintenance costs of the field by contributing \$25.00 per month.

Ken Tyler will have some interesting information -- he has received some word from the I.R.S. but I didn't have a chance to speak to him before the printing of this newsletter.

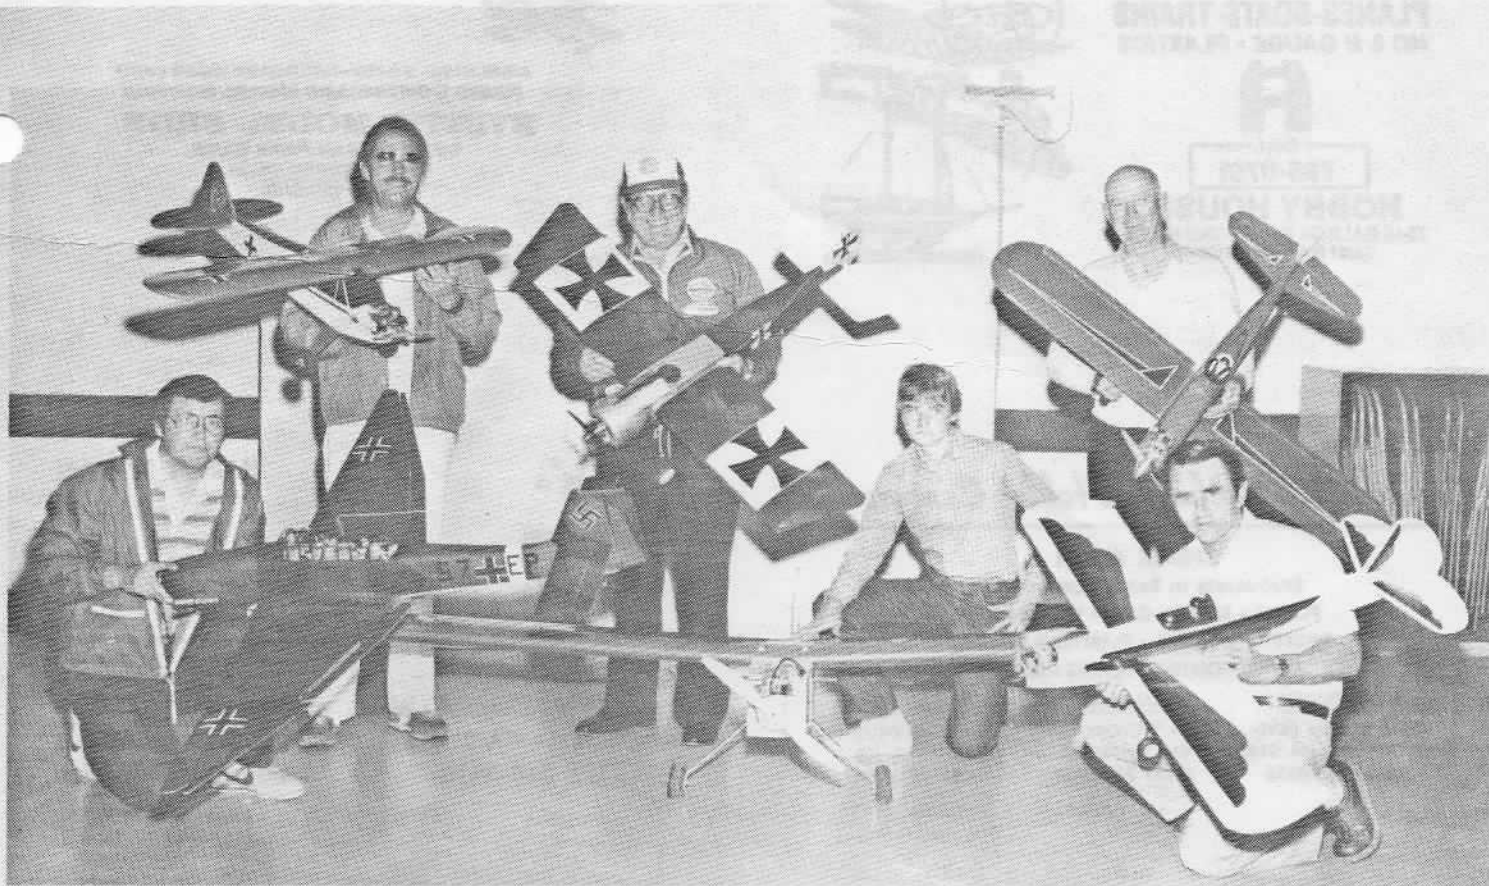

This is the time of year when everyone is going on or coming home from vacation. Because of this the minutes of the June Board meeting and May's general meeting did not arrive in time to be printed. I will be sure to include them in July's Newsletter. (The thing will probably look more like a book!)

Well, my vacation is out of the way now so I can "ride herd" on the rest of the Board and get back to providing all you guys with the kind of Newsletter you can be proud of (Ha!).

That's about it for now. Marty will have more new jackets, etc. at the meeting so bring you money.

Hi! As you all know, the picture from the Show & Tell contest of the previous month goes on the cover of the Newsletter. Since the picture on last month's Newsletter was NOT the Show & Tell picture (due to last month's picture being late to arrive in the mail), I have inserted it here.

All I can do is say "Sorry!" about the mix up and hope it won't happen again. I sometimes feel I've bitten off more than I can chew but somehow I'll just keep plugging along and do the best I can.

Don't forget this month's meeting on June 28, 1983 at the Encino Community Center at 7:30 p.m.

Hope to see you all there!
