THE PRESIDENTS REPORTMARCH 1984**HOME FIELD****SEPULVEDA BASIN MODEL AIRPORT**

Well, here we go again. If any of you members have not been out to the field within the last few months, take a trip out there. I think that you will be amazed at the way the place is shaping up.

I am pleased to announce that the grass is now sowed. (there is still one area to be done, but that should be done by the time you get this newsletter.) The sprinklers are sprinkling, the fence extension is just about complete and as a matter of fact, we are just about done with phase one of the improvements.

The board now asks for your help in keeping people and pets off the the new grass until it is established, about six to eight weeks. So if you see some dilbert strolling across the grass dont hesitate to tell him, or her, to get the h--- off of it. Also please refrain from crashing your aircraft into the newly planted area. Thanks!!

Phase two will be to reseal the runway (and pits ?) to prevent the weeds which are now popping up through the north end of the runway from doing any more damage than they have allready done.

Also in the planning stages is a 30 x 300 ft. cover over the pits. The combined cost of these two items is estimated to be in the nieghborhood of ten thousand dollars. By the time we finish paying for the present improvements, we will have approximetely five thousand dollars left. So we are going to have to work like you know what for a little while longer. Anyone have a few extra bucks they would like to donate to the foundation? While on the subject of donations, I would like to thank one of our brand new members, Joel Gabrelow, for his very generous donation at last months meeting.

I am typing this on the eve of our Formula One contest and I would like to say that it is very gratifing to see so many members coming out to help. I am told that we did very good at the snack bar. So thanks to all that came out and supported our event. This is one of the ways that we are going to raise the money we need for those improvements.

Dont forget that this months meeting will be the annual "arm powered glider contest". If you havent seen one of these before then your in for a lot of fun. See elsewhere in this newsletter for details, and get busy making your "scale" masterpiece.

The club would also like to thank the Giant Scale Squadron for buying two of the new trees that were put in between the pits and the fence. This is the spirit of co-operation that we need to make our hobby prosper.

Time to say so long for another month. Safe and happy flying!!!!!!!

Ken Turner - President.

## VICE PRESIDENT'S CORNER

It has never been my intent to harass the membership to participate in club events, but rather it was an attempt by myself to try and get you involved in having fun. To those of you who have participated and have come to me to say I was right, they did have fun, I say, "I told you so". To those of you who fail to understand why I am so intent on maintaining safety at the field, my answer is a simple one. You see, I am an ex air traffic controller, and safety was paramount on my job, so I guess some habits are next to impossible to shake. Yet all of you must understand that if we experienced an event in which safety was ignored, someone got hurt and it was our fault, well where else would you go to fly?

What are we looking forward to? Heck, we've got a picnic or two, Fun Flies, IMAA 4 Day Event, maybe a Formal Field Dedication Ceremony, and a field that's the nicest in the country. We've got a flight training course, instructors who are willing to dedicate their time to the membership, and best of all, a "Board" that's active, and eager to make this a club we can all be proud of.

Marty Mallow

## SNACK BAR REPORT

On Sunday, February 26, 23 had our first event of the year, a Quickie 500 race, which was very successful. Everyone had a good time, and we even made some money for the club. Thanks to Phil Mosko for his great contribution to our field improvement project, and for his help in the improvements to our snack bar. Also we would like to thank Walt Clark for all his efforts in getting the city going to improve our field.

Thanks to Candy Adams for her help in the snack bar, and Judee Huston for her delicious chili and beans. We had people asking for the chili dogs as early as 8:00 a.m. We think she has started a good thing. Rose Workman donated delicious chocolate brownies, Mrs. Roger Morell, a chocolate cake, which was great, Clare West brought donuts and ice, which were a great help, and Betty Olson was there; with her moral support. Although she had a bad cold and couldn't work with the food, she was there as always.

We are grateful to Bob Kinne for helping repaint the snack bar, and especially to our new member, Steve Biner, for the ice machine, which is going to be a great help. We turned over \$343.52 for this event to our treasurer, Pete Olson.

March 10th and 11th, Formula One races, were a great success. We turned over \$519.95 to Pete, which was a great net profit for the two day race. Thanks again to our helpers Candy Adams, Betty Olson, and Cheryl Gifis for making this possible with their faithful help. A special thanks goes to Jane Collingwood, who donated many delicious cakes for us to sell, which we did most profitably. Jane has her own business called Dessert of the Month Club. Everything really tasty and this was most generous of her. Thank you everyone, for your support.

Marv and Phyllis Zauss

**EDITOR'S NOTE:** Thanks to all of you who were so thoughtful in calling to check on Dick after he broke his leg. A special thanks to the Zauss' for the use of their wheelchair! We found out where all our friends are — The Valley Flyers! Thanks also for your patience with the "late" newsletters. We hope to be back on the right track soon!

Dick and Lois Hager

## BOARD OF DIRECTORS MEETING - MARCH 12, 1984

The meeting was called to order by Ken Turner at 7:42 p.m.

Attendees were Pete and Betty Olson, Bob Schmitz, Bob Neithart, Marv Zauss, Marty Mallow, Mel Gifis, Vick Martin, Ken Tyler, Dennis Hargrove and Sakchae Yuangtrakul.

Marty is looking into having signs with safety rules on them.

Mel made a motion to have one sign on each FQ7 standard and 2 signs stating our club name situated in the infield. The motion was passed.

Marty is looking into having custom shirts made for the club.

Vick Martin will surprise us with his display of super raffle prizes.

Dennis Hargrove donated a Rapier Kit to the club for the raffle. Thanks Dennis!

Joel Gabrelow gave a super donation to the club foundation along with 2 radios. Thanks Joel!

Ken Tyler purchased an insurance policy for product liability, pertaining to the Snack Bar.

We have windshield decals coming soon!

Dennis will get a scanner for the Pattern Contest.

Pete Olson's financial report was just great. Good work Pete!

Mel Put on a well run Formula 1 race. The income was \$216.00. Not bad for 18 flyers! Thanks to Bernie Workman for doing a great job of handling the microphone.

Mel warns everyone to be ready for the Arm Power Contest!

Condor Hobbies' Cliff Rausen will be our guest on the 24th.

The Snack Bar did a great job at the Formula 1 Race.

Ken discussed the covering of the field.

**REGULAR MEETING - FEBRUARY 28, 1987**

The meeting was called to order at 7:30 p.m. by President Ken Turner. Vince Tabor led us in the Pledge. Again, a great turnout! Keep it up! The more the merrier! There were almost more new guests than members.

Tony again asked about the aerobatics and Ken said that if anyone is interested, the master class flyers will help.

Phil Mosko gave us a new update on the field. There will be grass planted next week.

Bob Scheuerman asked for some help with the telephone committee. If possible, give him a hand.

Pete Olson gave the treasurer report. Sounds like we have alot, but alot of it is going out soon.

Show and Tell was next.

Jerry Case had a F8F Cougar to show. A beautiful model. The plane weighs about 9 lbs and is powered by a K&B 7.5.

Ken showed his Circus Lasar 200. If you like to carve, build it! Alot of sanding.

Steve Byner showed his JVI plane. It took 4 months to build. It actually flies. Looks good!

Marty gave a little dissertation about the metric system. The ability to convert meters into inches helps one to understand just how big his plane is. Thank for the info Marty!

Larry Laulom talked about the Formula 500 Race on the 27th. It was windy, but there was a good turnout of flyers. About 40. Lee Vonderhey was 1st in Expert. 3rd in Expert was Bernie Workman. A great showing by the Valley Flyers.

Marv's report on the Snack Bar was great for the Formula 500 Race. Thanks to Steve Biener, we now have an ice machine. Thanks Steve!

Rosie brought brownies to the race. That a girl Rosie! Love ya!

The Goof Ball nominations went to Bob Adams (as usual) and Dick Hager, for breaking his leg while just standing around. That's right, just standing around!. The award went to Bob Adams.

Again, Walt Clark pitched the IMMA event coming up. It's going to be a "really big" event.

Mel discussed the up-coming Formula I Race.

Bob Neithart talked about the Phoenix Pattern Contest. The Valley Flyers did extremely well. Pete Callas — 2nd in Masters; Bob Neithart — 2nd in Sportman; and Wayne Sakamoto — 6th in Masters. He flew the Turnaround.

Dennis Hargrove let us know about coming events in the entertainment field.

Larry Laulom showed us how to monokote. Sure looks easy, but why can't I do it. Stupid I guess!

A happy moment — the raffle. Everyone won except me!

The meeting was adjourned at 10 sharp.

MARCH ENTERTAINMENT

FOURTH ANNUAL THREE VIEW ARM POWERED PLANE CONTEST

Here are the rules:

- (1) Build a "dime glider" type model of any airplane published in a magazine, book, or whatever by tracing the fuselage onto 1/4" balsa-----wings and tail feathers on 1/16". Cut out and finish in your favorite way or leave unfinished for flyability.
- (2) Bring the 3-view for proof of scale. No plane will be eligible without it.

Planes will be judged on looks and accuracy to the 3-view.

EVENTS:

DURATION - (by elimination) or last to hit the ground.

SPEED - (by elimination) or first to cross finish line.

DISTANCE - (by elimination) measured in a straight line.

TROPHIES OR RIBBONS thru third place. Additional PRIZES for BEST model, BEST finish, and MOST UNUSUAL will be awarded. Each plane must prove it can fly.

Mel Gifis  
Entertainment/Contest Director

Enclosed is the "New Roster". If you have not as yet paid your 1984 dues, please send them to Ken Tyler, along with any corrections you might have for the roster.
