**The Next Valley Flyers Club Meeting, is Tuesday, July 24th at Apollo XI Field**

## Board Member Letters

### President's Message

By JASON PAKFAR,  
President  
from various civilian pilots.

It's already July! Time sure flies when you are having a good time.

I wanted to thank Mr. Ricc Bieber for running a fine ROG event on the June club meeting and also the folks that participated.

To recap on last months meeting with the FAA, I did not receive any complaints from the

Van Nuys tower about any altitude violations this month. I am glad that the Van Nuys Airport Operations is now keeping a log of all offences or lack of it, so we can get an idea of how bad the stated problem really is. I am glad to know that my sense of urgency in this matter is shared by most of our members.

Due to some family issues, Mr. Bob Wilkari, "the Club Secretary" has requested to resign from his position. If you are interested in this position, please contact me for more details. I am also looking to add an electric Director position to our collection of board members. As I look around the field, I notice that we are living and flying in a highly polarized environment. We have an environment that is , Electric or Helicopter, Giant scale or Small Scale, Jet or Glow, Scale or sport, Racer or sport flyer. We use all these words that demonstrate our level of polarization. I believe more than ever, we need great leaders of exceptional character an fantastic skills who will step up and bridge that gap and say,

" you know what, We are all RC Flyer". We are people who should get along and work together to move forward in a mutually benefiting ways. I believe as we become those people, we will experience great success, as I don't believe there is success in polarization.

Mr. Dave Sweany managed to secure an appointment for me with Mr. Juan Gago of the Department of Recreations and Parks a few days ago. We met at the field and did a walk through of the facility. They agreed to turn our sprinklers on so the field should start becoming green again. We also talked about the electric and Heli area. Despite their previous promises, they did not want the club to take care of the concrete pad for the electric pitting area, north of the sheds. They wanted to bring out a few contractors to bid on the entire project. I indicated that the concrete was being donated to the club and the club could not afford paying for a 30' X 100' concrete pad. They agreed to

pick up the whole tab of paving the electric and helicopter pitting areas.

I wanted to thank Mr. Willie Gardner for doing such a fine job at installing the U-Control area signs.

Remember that the club meeting this month is going to be at the field for a night of night flying. We will take control of the facility at 4:00PM and will fly till 10:00PM. Install a few LED lights or tape some glow sticks to your airplane and come on out. This is a no fee event and all you will need is your AMA Card. We will have Pizza and Soda available. August will be a very busy month. We will have 2 major events. The first one will be LA Jets Summer 2007 on August 4<sup>th</sup> and 5<sup>th</sup> . Based on all the Pre Registrations, I believe it will be a busy event. We will also have the Scale Masters Qualifier on august, 17<sup>th</sup>, 18<sup>th</sup> and 19<sup>th</sup> . Till nest time, Happy Flying.

Happy Flying

The Valley Flyer™ is the monthly publication of the San Fernando Valley R/C Flyers. (SFVRCF) Fernando Valley R/C Flyers.

Opinions expressed in "The Valley Flyer" do not necessarily reflect those of the SFVRCF.

Change of Address: To insure that you do not miss any issues of The Valley Flyer, send in your new address two weeks before you move to the Membership Director.

Contributions: Contributions are encouraged. Kit reviews, events, contest reviews, interesting models, photos, tips or anything that may be of interest to other SFVRCF members are welcome. Articles will be submitted via e-mail or other electronic media. Please contact the newsletter editor for more information on article submissions. The deadline for article submissions is 8 PM Sunday after the first Tuesday of each month.

## Valley Flyers Meetings Minutes

### General Meeting Minutes

6/26/2007

ROG Contest

-See June 2007 Valley Flyer for full details.

### Board Meeting Minutes

7/3/07

By CHUCK THOMPSON  
Vice President

- The Valley Flyers Board Meeting for July was called to order 7:00 PM by President Jason Pakfar.
- Board Members present included Jason Pakfar, Chuck Thompson, George Finch, David Tarlau, Ricc Beiber, Dave Sweany, Fred Abajo, Gary Stevens, Gregg Fullington, Eric Pacheco and Stephen Fine. Absent were Sam Gengo, Billy Edwards, and Clifford Sonnentag.
- The meeting started with a discussion regarding a meeting with the FAA at Van Nuys Tower attended by George Finch and Jason Pakfar. More information will appear in the newsletter.
- Ricc will take on the arrangements for the holiday party.
- David mentioned that the program for the next meeting is the night fly. August program is TBD.
- Chuck needs workers for the upcoming race. Board approves an expenditure of \$500 for club tshirts. Chuck will contact AMA regarding an update on the Whittier AMA Field program.
- George and Sam are working with students.
- Joe Kelly donated some electric kits and parts. These may be available for sale at the next meeting.
- A preliminary discussion of next year's events. George will start working on the schedule.
- Gary reports membership is at 167.
- Ricc will arrange for pizza at the Night Fly meeting, July 24th.
- The meeting was adjourned at 9:33 PM.
- A secretary is needed. Nominations are welcome.
- Dave said that some work had been done to the broken sprinklers. He is installing a better locking mechanism for the shed to make the doors seal and make it higher security. New member Ray Davis donated a 12v refrigerator for the field. Dave will purchase a note board near the charging station. Ricc will discuss the prospect of getting an AED for the field.

- Eric will work with Dave to get the heli area signs posted.
- The meeting was adjourned at 9:33 PM.

## Hovers Corner

By Eric Pacheco  
Helicopter Director

Greeting and Salutations readers,

The helicopter section of the field is building. Did you know or were you part of the growth? If you were not aware, come on down and be part of the fun. We are located west of the main pit area and just south of the honey wagon.

Aug. 31-Sept. 2<sup>nd</sup> will be our annual event "The La Classic '07". The main function of the event is to welcome new comers and season flyers alike to the Los Angeles area. This event provides a forum for the local retailers and distributors to have fun filled weekend with us under the sun in beautiful mid town Van Nuys. The event allows an open forum to the public to view a spectacular show consisting of some of the world's best pilots and latest gizmos for the hobby. We always encourage an all included family atmosphere and encourage you to bring the kiddies too. Please keep fido on a leash and the patriots on the shoulder though as to not stir the famous Rick Rib at lunch please. We are also looking for volunteers that would like to partake in the event by running a contest or dishing up food. All volunteers will be rewarded handsomely. You may contact any of our officials to arrange your spot by e-mail or phone at the board listings or contact me directly at [eric@airworksrc.com](mailto:eric@airworksrc.com) or (805) 402-7716 .

## Membership News

By GARY STEVENS  
Membership Director

Our current club membership is currently standing at 170 members. Please help me welcome the following 11 members who have joined in June and July: Stephen Jordan, Scott Baxter, H. Pat Ziliak, Richard Neal, Glenn Hansen, Scott Campbell, Luvino Vitancol, Elias Rojas, Ray Davis, Mathew Lynn and Avi Melman. To attain our President's goal of 200 members, we only have 5 ½ months to go.

## Classifieds

### Contest Directors Needed

If you have been a member of the AMA for at least three years, you can be a **Contest Director**. Advantages: You can get a four or less digit AMA number. You can get a portion of your AMA dues free.

***E-mail George Finch for further instructions.***

## A Call for Help from the Piloting Membership

By Public Relations Director, Sam Gengo

Greetings Friends and Fellow Model Aviation Pilots! How would you like to fly your model airplane or helicopter over a farmer's corn fields? Imagine pitting in the warmth of a beautiful sunny July day, away from the hoards of "weekenders" at the Basin, under a shaded canopy, taking off from a smooth dirt road, and making passes or doing aerobatics over a gorgeous crop of delicious sweet corn stalks! And not pay for a drop of glow fuel the whole time... On the weekend of July 27, 28, and 29th, you may do just that! All the while earning credit towards the year-end annual Workers' Raffle! Where? Why? I knew you'd be curious, so let me explain...

### *July is time for the First Annual...*

**Moorpark – Flying "Over-the-Corn" Weekend**

I was invited to visit a farm in Moorpark a couple of weekends ago. In short, we've been asked if we would have some of the Valley Flyers bring some aircraft out the weekend of July 27-29 to fly over the corn crops to chase off the birds during the day. A neighboring Dog Agility training facility is hosting their equivalent of the "Howard Reed" (but with over 100 participants!) that weekend. Without our help, the farmer resorts to the use of "Bird Bombs" which are essentially fire crackers launched from a .22 caliber "Starter's Pistol" that result in a terribly loud report over the corn, scaring the **dogs** as well as the birds!

I took a test flight over the corn with an electric and it was quite doable. Two long, intersecting, dirt roads provide opportunities for take-off & landing of even larger planes. Helicopters (especially larger electrics) may be good as well. Most electric (non-ducted fan) planes and any glow engine airplanes (with mufflers) that can take off and land on dirt/grass roads should be fine. The club will provide glow fuel and 12V batteries for your dc chargers on site. Feel free to sport streamers on your plane. Silver, Red, and Rainbow are good, sparkly colors. Even lightweight tape from a VCR cassette (do they still make those?) may be reflective enough in the sunlight to ward off the scavengers of the corn. The aircraft and streamers will be much easier on

the ears of people, birds, and especially our canine competitors.

Are you game for that weekend? The farm is along Hwy 23 off the 101, about a half-hour or so drive from the field; so for folks who live West of the basin, the commute is even less. We are asking for volunteers that can fly half or full days on that Friday, Saturday, or Sunday or any combination. No organized events are scheduled for Apollo XI field those days. Let me know if you can make any or all of the dates. I will also have a sign-up at the Club meeting on July 24th at the field. Kristy, the lady who runs the dog competition, is willing to give the Club a donation for the 3-day service (Jason Pakfar is in contact regarding the details of this aspect) and she will provide the pilots with morning refreshments, lunch, and an "Easy Up" canopy or two for shading our "pit" area. We'll take a couple of club coolers and have ice available. Any other suggestions, let me know.

Sounds like a fun "change of venue" for a weekend day or two (or all three) of flying! Let me know if you are interested or have any questions. Please send email to [thevalleyflyer@yahoo.com](mailto:thevalleyflyer@yahoo.com) or contact me by phone 310-318-1049.

Regards,  
-- Sam Gengo

## 2007 Schedule of Events

### Club Meetings

Club meetings are held on the 4<sup>th</sup> Tuesday of each month at 7:30 PM.

Please bring a few extra dollars for refreshments and raffle tickets.

**We have the Meeting Hall reserved until 9:30 PM on meeting nights so we have plenty of time for Show & Tell!**

### 2007 Club Meeting Schedule

January	23 <sup>rd</sup>	July	24 <sup>th</sup> -Field Nite Fly
February	27 <sup>th</sup>	August	28 <sup>th</sup>
March	27 <sup>th</sup>	September	25 <sup>th</sup>
April	24 <sup>th</sup>	October	23 <sup>rd</sup>
May	22 <sup>nd</sup>	November	27 <sup>th</sup> - Raffle
June	26 <sup>th</sup>	December	Party !

### Board Meetings

Board meetings are held on the first Tuesday of each month.

2007 Schedule			
January	2 <sup>nd</sup>	July	3 <sup>rd</sup>
February	6 <sup>th</sup>	August	7 <sup>th</sup>
March	6 <sup>th</sup>	September	4 <sup>th</sup>
April	3 <sup>rd</sup>	October	2 <sup>nd</sup>
May	1 <sup>st</sup>	November	6 <sup>th</sup>
June	5 <sup>th</sup>	December	4 <sup>th</sup>

### Notice of Meetings for the Sepulveda Basin Users

To confirm schedule date & time:  
(818) 756-8189  
Quarterly Meetings are the following dates:

January XX	7 PM
April XX	7 PM
July XX	7 PM
October XX	7 PM

The meetings give the club a voice to the City Recreation and Parks for our flying field. For more information on attending a meeting, see any of the Valley Flyers Board members.
