Board Member Letters

President's Message

By JASON PAKFAR,
President

September is already here and the weather is cooling off. It sure was a great summer with a lot of action at the Basin. Our club has experienced an exponential increase in public and member participation. We had almost 80 in attendance at the last meeting. I wanted to first thank Mr. Eric Pacheco for running the LA Heli Classic event on the Labor Day Weekend. Despite record heats the event had close to 50 participants and was financially successful. I also wanted to thank Mr. Jay Rapogle for running the first Valley Flyers/Giant Scale event. These events are always a lot of fun to attend. We have pretty much run most of our 2007 events with a few left to wrap up the year. The Valley Flyers BBQ will be our next which will be held on October 21st. We are trying to make the event more interesting by having different types of clinics such as a Turbine clinic, Trainer clinic and also invited a few Manufacturers to run various clinics on their products. We will keep you posted on the details, in the very near future. I regret to inform you that our trailers at the field were broken into last month. The locks were cut with Bolt Cutters. Regretfully, the items taken were 2 of the club trainers. Thanks to Mr. Sweany the field manager, new locks and keys were installed right away with hardened metal boxes build around the new locks to prevent further assault. We will be drawing our 2008 event schedule within the next 30 days so this is the time to put your ideas in for the next year events.

Happy Flying

Valley Flyers Meetings Minutes

General Meeting Minutes 8/28/2007

Meeting was brought to order by Jason Pakfar at: 7:43 PM.

Items discussed:

- Tonight we introduced 4 new members to the club.
- There was a very nice video presentation of the LA Jets Summer Event produced by Cliff, our Media Director.
- There was also a very interesting presentation on the Wright Flyer Project by Dr. Fred Culick, Chief Engineer for the AIAA Wright Flyer Project who had been invited by Tony di Leo
- Meeting was adjourned by Jason Pakfar at: 9:30 PM.

Board Meeting Minutes 9/4/07

By SCOTT RAMOS
Secretary

Members in attendance.

George Finch, David Tarlau, Dave Sweany, Sam Gengo, Fred Abajo, Gregg Fullington, Stephen Fine, Gary Stevens, Ricc Bieber, Marv Zauss, Jason Pakfar, Scott Ramos

Members Absent

Eric Pacheco, Billy Edwards, Clifford Sonnentag, Patrick Ashour

Meeting called to order at 7:25

The Helicopter Event was discussed. It was apparently profitable. There was some discussion as to what extent an individual Board member could or should represent as the position of the club in his

The Valley Flyer™ is the monthly publication of the San Fernando Valley R/C Flyers. (SFVRCF) Fernando Valley R/C Flyers.

Opinions expressed in "The Valley Flyer" do not necessarily reflect those of the SFVRCF.

Change of Address: To insure that you do not miss any issues of The Valley Flyer, send in your new address two weeks before you move to the Membership Director.

Contributions: Contributions are encouraged. Kit reviews, events, contest reviews, interesting models, photos, tips or anything that may be of interest to other SFVRCF members are welcome. Articles may be submitted via e-mail or other electronic media. Please contact the newsletter editor for more information on article submissions. The deadline for article submissions is 8 PM Sunday after the first Tuesday of each month.

capacity as CD of an event. It was agreed that safety issues would take president to a formal poll of Board Members.

Treasury report of \$9000 plus a few other sources. The Heli event generated approx. \$1300.

The balance is about 11500 to 12000.

Ricc reported profit at the concessions for the past two events, however there is an offset due to a counterfeit \$100 bill among the proceeds. It was determined that the concession would no longer accept \$100 bills.

Jason says GSS will maintain their own treasury till the end of the year. Darrell will be handling the GSS treasury.

Gary reports 240 members including 4 past presidents recently added and 45 former GSS members.

Jason announced an upcoming event in two weeks, the Giant Scale event. Flier is on the website and in the newsletter.

GSS fly-ins was discussed. When and how many. Current schedule will be repeated until further determination. George proposed combining events, such as a GSS event with a night fly.

The Scale Masters Qualifiers will be hosted next year. It is hoped that it will become a permanent annual event

George says that air cruisers will be dropped from the races and possibly the end of the races.

Jason proposed not holding events on the Labor Day weekend, and moving the Heli event to a later or earlier date.

Jason will research when the other Heli events are held before determining the actual date.

It was noted that the field electric area recharging station – brought to fruition by Dave and Willy - was prominently featured in the current issue of the AMA magazine, Model Aviation.

The meeting adjured at 9:00

SUNDAY OCTOBER 21ST – ANNUAL VALLEY FLYER BBQ

Yes, it will be here before you can wink an eye! October 21st is the annual BBQ. Please sign up for your choice of meal (steak or chicken) during our next general meetings. The BBQ and Fun Fly are free to Valley Flyer's and Giant Scale Squadron members. Non-members will pay a \$5.00 flying event entry fee. Non-members are not invited to the BBQ portion. However, club members can invite one **BBQ** guest at no cost and additional guests can be invited at \$5.00 each.

Support in the way of 'BBQ' supervisors and chefs are definitely needed. To successfully have the BBQ, we need 2-3 cooks for the chicken and beef. We also need help setting up the tables for the dinning area, between the sheds and the pit area. If you would like to help in this portion of the Event, please see me at the general meeting.

I also need help running the flight line and supporting the transmitter impound area.

Please sign up on the official's sheet at the next monthly meetings.

See the details on the flyer in this newsletter issue.

Regards, Bob Smith

EVENT OFFICIALS FOR 2007

TO INSURE EVERYONE IS INCLUDED IN THE YEAR END DRAWING!

Contest Directors, I really need your help on the following events for 2007;

February 10 th	Night Fly	Jason Pakfar
Feb 17-18	Trainer Race	George
Finch		
May 5	Engine Clinic	Dave Hendrex
May 19-20	LA Jets	Billy Edwards
June 22-24	Q500	Barry
Leavengood		
August 4-5	LA Jets	Billy Edwards
August 17-19	Scale Masters	Don Goeschl
August 31-Sep 2	Heli Classic	Eric
Pacheco		

What I need is a listing of names of event officials that helped **YOU** promote and conduct the event. Standard operating procedure is to have a sign up sheet at all events. If you haven't been doing that, please do so in the future. Better than going by memory.

The events that I was able to either extrapolate officials from the newsletter or were given directly to me were as follows; March - SAE Event, April - Q500 Event, May - "Training Day", July - Trainer Race and the July - Night Fly (although list not complete in newsletter).

Please email me the information, including number of days they participated, when it is a multi day event. flynbs@socal.rr.com is my address. If you do not have email, mail me the information, 26639 Purple Martin Ct, Canyon Country, CA 91351.

I will have my spreadsheet at the September meeting for members to review for accuracy.

On behalf of the members, thank you in advance for your support!

Bob Smith

Event Report – GSS FUN FLY

By MARV ZAUSS
Giant Scale Director

Hi, Just a note to tell you that the SFV Giant Scale Flyers held a "fun fly" this past Sunday, the 16th. We Had a nice, but somewhat small turnout of flyers, only 24 registered pilots. There was an excellent mix of planes and a very good spectator turnout. The weather was

beautiful and there were no accidents that I recall. The pilots were treated to pizza for lunch and there was enough leftover that we were able to sell some and make a little additional income for the club. Our gross income was approximately \$360 and we had a good group of helpers show up to manage the event. My thanks to all who volunteered there time and energy.

SAFETY REMINDER!

By GEORGE FINCH

What could be better than helping a prospective new member with a balky engine? Well to start with, the needle barely extended out of the left side of the fuse. So, I reached in around the prop to turn the needle. This produced a nasty grinding sound as I turned my palm to hamburger on the prop tip. Two weeks later, this is what it looks like.

NOW AVAILABLE AT GENERAL MEETINGS AND EVENTS

Mr. Hospitality & Your Future

By RICC BIEBER

Director of Hospitality

So here we are at the pre-end-of-the-year time of year. Most of the races have been run, it's FINALLY getting a bit colder, and our calendar year is starting to slow down. The good news is that we accomplished a lot. The better news is that we have an open field to do more. Volunteer more. Make more friends. Build more aircraft—from scratch! And maybe start on your ROG for next year—NOW!

We have welcomed in the members of the Giant Scale Squadron. As a current and past member, I am personally pleased to have the joining of our groups, and I am sure that it will be beneficial for both groups in the long run. I know that the GSS membership at large is a reservoir of knowledge that cannot be dismissed or lost, and I look forward to the sharing of expertise they (we) collectively represent. I urge you all to make use of the resource!

We do have a few things coming up as the year winds down. Both the Giant Scale and Valley Flyers BBQ's are coming up in October, and I urge you to take advantage of both. One of the reasons I belong to the club is the camaraderie that ensues at the events and at the field (for the most part; some of the guys at the field still don't get it!). You are a part of this puzzle.

In November, we are going to have a Nite Fly. Since it will be dark a lot earlier, we will have more "dark time" to fly before we have to vacate the premises. And ,Yes, we will have pizza and soda available. This would be your fair warning to plan ahead and get that nite flyer ready!

December is here already?? Well, not quite. But it is time to let you know that the annual holiday party will be held on December 8th at the University Club as CSUN. Good news for you, work news for me, I am in charge again, so look forward to a grand time. More info as we get closer to the date (like say, next month?).

That's about it for now. As you can see, even though we are winding down for the year, there is still stuff going on. And in January, we start up all over again!

Flaps up!

A LITTLE BIT OF THIS, A LITTLE BIT OF THAT!

By Bob Smith
Special Report

The following applies to Valley Flyer and Giant Scale Squadron members;

Please communicate to me if you plan on attending the club picnic on October 21st, how many are in your party, the choice between steak and chicken for yourself and each guest and what side dish, if any, you plan on bringing. Side dishes could consist of salad, bread or dessert. I can be contacted through email at flynbs@socal.rr.com, telephone 661-298-2614 or directly at the September meeting. Please see the flyer for BBQ and event details.

Some exciting things are happening in the hobby! Great Planes introduced a new ARF aircraft named the 'REVOLVER'. It will be featured in the September 25th giveaway. See the graphic of this .46 sized beauty in the newsletter. It easily converts to an Electric!

I wanted to thank everyone for their financial support in the August drawing! It would appear you enjoyed it!

I read the following from the **Great Planes** web site; "Urbana, Illinois, August 24, 2007 – Great Planes Model Manufacturing announced today that it has acquired the Lanier R/C and Carl Goldberg product lines. Both companies are currently located in Oakwood, GA but will soon relocate to Great Planes' headquarters in Champaign-Urbana, IL."

I guess that's why they named it "Great Planes"!

And finally, I will be updating the 2007 event "Official's Roster" during the monthly meetings. CD's and members that have participated in officiating at events this year should review my name list to insure you get credit to be entered in this year's drawing!

Special Notice – Turbine News

Dear Turbine Waiver Holder,

On August 12, 2007, the AMA Executive Council approved changes to the turbine waiver application process recommended by the AMA Safety Committee. To review the specific changes, please access the [Safety Regulations for Model Aircraft Gas Turbines](#) on our website or contact me for a hardcopy.

The following provides an overall summary of the changes:

Any past references to a notarization process, either explicit or implied, have been removed.

Waiver application process for fixed and rotary wing aircraft has been streamlined.

The renewal process for fixed wing waivers was removed. Once obtained, the waiver remains in effect unless revoked for cause or if your membership lapses for more than one year.

A process for temporary suspension was added to the waiver removal/revocation process. The purpose of this section is to allow a means to identify operational or safety issues, on an individual waiver holder basis, which can be addressed without undergoing a complete reapplication process.

These changes attempt to reflect the overall effort that has been made within the turbine community to act responsibly and to effectively police their activity. This should also help ease some of the current Contest Director work loads in the field as well as headquarter staff.

If you have any questions or comments, please do not hesitate to contact me.

Best regards,

Ilona Maine
