Fun & Fly & Swap Meet

We would like your feedback. If you have ideas for improving the newsletter, or would like to submit articles/ideas, contact: emayer@pacbell.net. Ted Mayer, Newsletter editor

The weather is cooling off and the days are already shorter. It's been an incredible year, with many fun events behind us.

I wanted to thank the Board of Directors, the volunteers and the membership for helping make our club a great club.

The board is working very hard

to finalize our 2015 event Schedule.

Is it me or is it already October? The weather is little colder and the sun sets at 6:30 pm.

Besides the occasional Santa Ana winds we are lucky to have the sunny California weather. We get to fly all year round, while the rest of the country moves indoors.

The upcoming October Club meeting is, in my opinion, one of the most important meetings of the year. This is when you get to

elect almost half of the Board of Directors.

The Board is directly responsible for shaping the club's activities. This is your chance to make a difference by electing the right board member that will look after your interests. (Within the framework of the club's bylaws of course.)

Be sure to mark your calendar for the next club meeting.

October 29th

Bebby Elkouby President

VALLEY FLYER BOARD OPEN POSITION **OCTOBER 2014 GENERAL MEETING**

President -----Benny Elkouby
Vice President-----Mike Stoner
Treasurer-----Bob Smith
Flight Training-----Tony De Leo

MATT CARROLL -----JET DIRECTOR
MARIO SWEET -----SAFETY DIRECTOR
TED MAYOR -----NEWS LETTER EDITOR
OREL ELBAZ FLIGHT TRAINING DIRECTOR (Tony Di Leo illness)
ADAM GELBART -----SCALE DIRECTOR
BARBARA BRACE -----MEMBERSHIP DIRECTOR

BBQ AND FUN FLY EVENT – SEP- TEMBER 21ST

The annual BBQ and Fun Fly is in the books. We had 55 registered pilots, all but 3 or four were Valley Flyers. This event also serves as the 2015 renewal opening and Barbara was busy with that along with food procurement. For those with reservations, we served 21 members and guest for burgers, along with 9 members and guests for chicken. After that we served another 38 members and guests. After all members were fed there was food remaining and it was sold at \$5.00 a plate. Benny managed to hold off on serving desserts until after food was served and devoured. We had some very nice and tasty contributions from the membership. Thanks you to all the members who brought food, it was delish. Ricc Bieber was able to prepare the chicken at home, even with an ailing Father-in-law, who seems to be on the mend. Thanks for your efforts Ricc.

Those also included in the year end giveaway, due to their support at this event;

Mike Stoner (burger chef), Shawn Keermann, Dan Ziliak, Mario Sweet, Rusty Cook, Benny Elkouby and Athena Aguila.

If I omitted any event officials, just email me for an update.

Till next year, happy landings!

Bob Smith CD

OCTOBER INDOOR OLYMPICS

October will feature our last Indoor Olympics. The classes, as stated on the online flyer, are; OPEN PYLON RACES (any flying object),

OCTOBER RAFFLE

AT THE TUESDAY OCTOBER 28TH CLUB MEETING

GREAT PLANES EXTRA300SP

GREAT PLANES EXTRA300SP

This month's drawing features the Great Planes EXTRA 300SP. This is a nice sized electric plane equipped with a 32 size motor and a 3S to 4S battery. Please join in the drawing to help support the club.

REQUIREMENTS

Radio: 4-ch minimum, or 5-ch w/mixing capabilities

Motor: Great Planes RimFire .32 (42-50-800)

Battery: 3S - 4S LiPo

Battery Charger: To match selected battery

SPECIFICATIONS

Wingspan: 50" (1270mm)

Wing Area: 478 sq in (30.8 sq dm)

Wing Loading: 16 - 19oz sq/ft (46 - 49g sq dm)

Length: 47.8" (1215mm)

Weight: 3.5 - 4.0lbs (1590 - 1810g)

MICRO PLANE pylon races (Park Zone and Ember planes), Micro coaxial rotor HELICOPTERS and Micro QUAD pylon races.

Everyone is invited as long as they are an AMA member, since the event is sanctioned.

See you at the meeting!

Please help support your club by purchasing some raffle tickets!

Dear ValleyFlyers Member,

The San Fernando Valley R/C Flyers will hold our 7th Annual Try-&-Fly/Y-Fly, on Sunday, October

12th. If you're interested in building and flying R/C Airplanes and you want to learn more, this is the place to be! We welcome all children around the ages of 8-14 years of age to participate. Cub Scouts packs, dens and other groups are encouraged to contact me regarding participation, so that we can make sure we have enough supplies to go around.

The event is designed to introduce children to different aspects of modeling, by building and flying a rubber powered plane, R/C Ground School, R/C Simulator and then the opportunity to fly an R/C plane on a buddy box.

The event has been a success for us in the past and this year we expect at approximately 150 participants.

The Try & Fly will get started around 10 AM and participation should take about 2-3 hours. We request a \$6 donation per child to cover our costs, which includes lunch.

We need at least 24 volunteers to help run this event. It takes more help to run this event than just about anything we do, besides the SAE. If you can help, it

will be sincerely appreciated and you'll have fun too!

We need members who can bring R/C flight simulators for us to use during the event. If you can provide a computer and simulator, please let me know.

If you would like to volunteer and have not already signed up to help, please let me know.

Volunteers should arrive by 9 AM. Lunch will be provided.

Worker credits will be earned for those who help at the event.

The field will be closed for general flying on Sunday until around 3 PM.

Best regards,

Chuck Thompson

Apollo XI Field

Boo! It's Almost Halloween!

It's that time of year again. Kids will be out trying to scare up some candy, parents and grandparents will be trying to keep the consumption of same in check, and I know my grandson tries to hide that good stuff from me! (Usually doesn't work!) Remember, just like flying at the field, safety is the first concern! Be safe, carry a light and watch out crossing the streets—you never know who or what may be coming around the corner! By the time this hits print, the Try-N-Fly should be in the books. Even though the Y-Guides and Princesses aren't the focus this

year, Chuck Thompson is putting together a great program to expose kids to the freedom of flight and the fun that can be had. Should be fun!

This month's meeting will be Part Deux (Part 2 for those who no se habla Francais!) of the Indoor Olympics at the Encino Rec Center. Bring your miniature flying machines and participate in a fun event. I'm pretty sure Dan Ziliak will be bringing the necessary sustenance we will need to compete! Vapors, Mini-helis, mini-quads, whatever you have in the hanger will suffice. Heck, even if you're not that good at flying, (like, um, me!) it's still a bunch of fun. Will Conner take all the prizes this time, again? Who knows?

We will also be having nominations for the Board of Directors. **THIS IS YOUR CLUB!** It might be time to think about running for something and making our club the fun place it needs to be. I know that a terrific group of individuals will be throwing their hats into the ring, and it should be interesting! Voting will be in November, and I don't know about you, but I'm looking forward to some debatin'. November will also be the Officials Raffle, so I know we will see a bunch of folks showing up to get some swag. (That's free stuff!)

Until next month, Flaps Up!

KEEP 'EM FLYING!

VALLEY
RADIO CONTROL
FLYERS

Join the flyers

65 YEARS OF SERVICE

Dear Model Aircraft & Radio Control Enthusiast,

Thank you for your interest in Model Aviation. The San Fernando Valley Radio Control Flyers (SFVRCF) is Academy of Model Aeronautics Charter Club #152, and in 2015 the club will enjoy its 65th year! Joining the Valley Flyers is a great way to support the hobby while enjoying the rich, educational benefits and camaraderie that Club membership can bring.

The main emphasis of the Club is the promotion of model aviation, to maintain the Apollo XI field both physically and politically for model aviation, and to promote good fellowship and community relations. With your membership, you support the many Apollo XI field improvements and community relations projects the club is championing.

Benefits of Membership Include:

- Free flight instruction. We use our Club trainer airplanes, radios, and fuel... You provide the enthusiasm!
- Free Annual BBQ & Club-subsidized End-of-Year Holiday Party & Award Presentation & FREE Fun Fly Events.
- Club Meetings including Show-And-Tell, Model-Related Programs & Presentations, and a Monthly Raffle.
- RC eNews – Timely and informative email messages about upcoming events, field closure notices and more.
- The Valley Flyer – The club's official newsletter.

Please fill out and sign the membership application. Send the application with a check for the membership dues (make check payable to **The Valley Flyers**) to Valley Flyers Membership, PO Box 2055, North Hills, CA 91393. Alternately, you may bring your application to a Club meeting, or sign up using PayPal® at www.valleyflyers.club online.

Prospective Members and Guests are always welcome and invited to Club meetings. Your support is greatly appreciated.

Barbara Brace, Membership Director
babz2008@gmail.com
 818-310-1874

Along with your modest annual dues, you need to have a current membership in the **Academy of Model Aeronautics**. If you are not yet an AMA member, you can sign up by calling 765-287-1256 or visiting www.modelaircraft.org online.

SFVRCF Club Meetings

Club meetings are held on the 4th Tuesday of each month at 7:30 PM. Refreshments will be available. Please bring a couple of extra dollars for refreshments and raffle tickets if you so desire.

2015 Club Meeting Schedule			
January	27 th	July	28 th
February	23 rd	August	25 th
March	24 th	September	22 nd
April	28 th	October	27 th
May	26 th	November	24 th Annual Workers Raffle
June	23 rd	December	TBD Holiday Party

The SFVRCF is Academy of Model Aeronautics (AMA) charter club # 152, and as a charter club all members of the SFVRCF must be members in good standing with the AMA. Failure to become an AMA member or to keep your AMA membership current will void your SFVRCF membership. Your AMA membership is verified each year when you renew your club membership. SFVRCF members are expected to abide by club bylaws, Academy of Model Aeronautics rules, Apollo XI field flying regulations, and normal standards of conduct and courtesy.

Apollo XI Field Flying Regulations

This facility is designed to accommodate four general types of powered remotely controlled aircraft in separate areas of the park.

1. Radio controlled heavier than one pound on the main runway.
2. Radio controlled one pound or less & R/C gliders North of the pit area.
3. Radio controlled helicopters South of the pit area
4. Control line flight in the designated Control line circles

This facility does **NOT** accommodate free flight aircraft, Kites, rocketry of any kind:
R/C cars or R/C trucks.

Radio Control Flight Rules

1. All pilots must fly from one of the designated pilot stands.
2. The frequency board will be used at all times and pilots must post their frequency usage with a card or I.D that contains their name or picture I.D.
3. Open flying is restricted during scheduled events.
4. No take offs and landings from the pit area, taxiways, or grass.
5. 400 feet maximum flying altitude.
6. Take-off and landings to be in the same direction according to the wind.
7. Down-wind passes over the runway are prohibited when other aircraft are flying.
8. Some sort of fuel recovery system must be used when fueling planes to avoid spillage.
9. All pilots will follow taxiways directions as posted.
10. Pilots will call out their intentions (landing, take-off, etc) and clear the runway quickly.
11. There shall be no flying during facility mowing operations
12. Flying over the Golf course, access roads or public roads is prohibited.
13. Each type of aircraft must fly and pit within the area designated on the map for that type of vehicle. Fixed wing aircraft will have a standard left or right pattern depending on the wind.

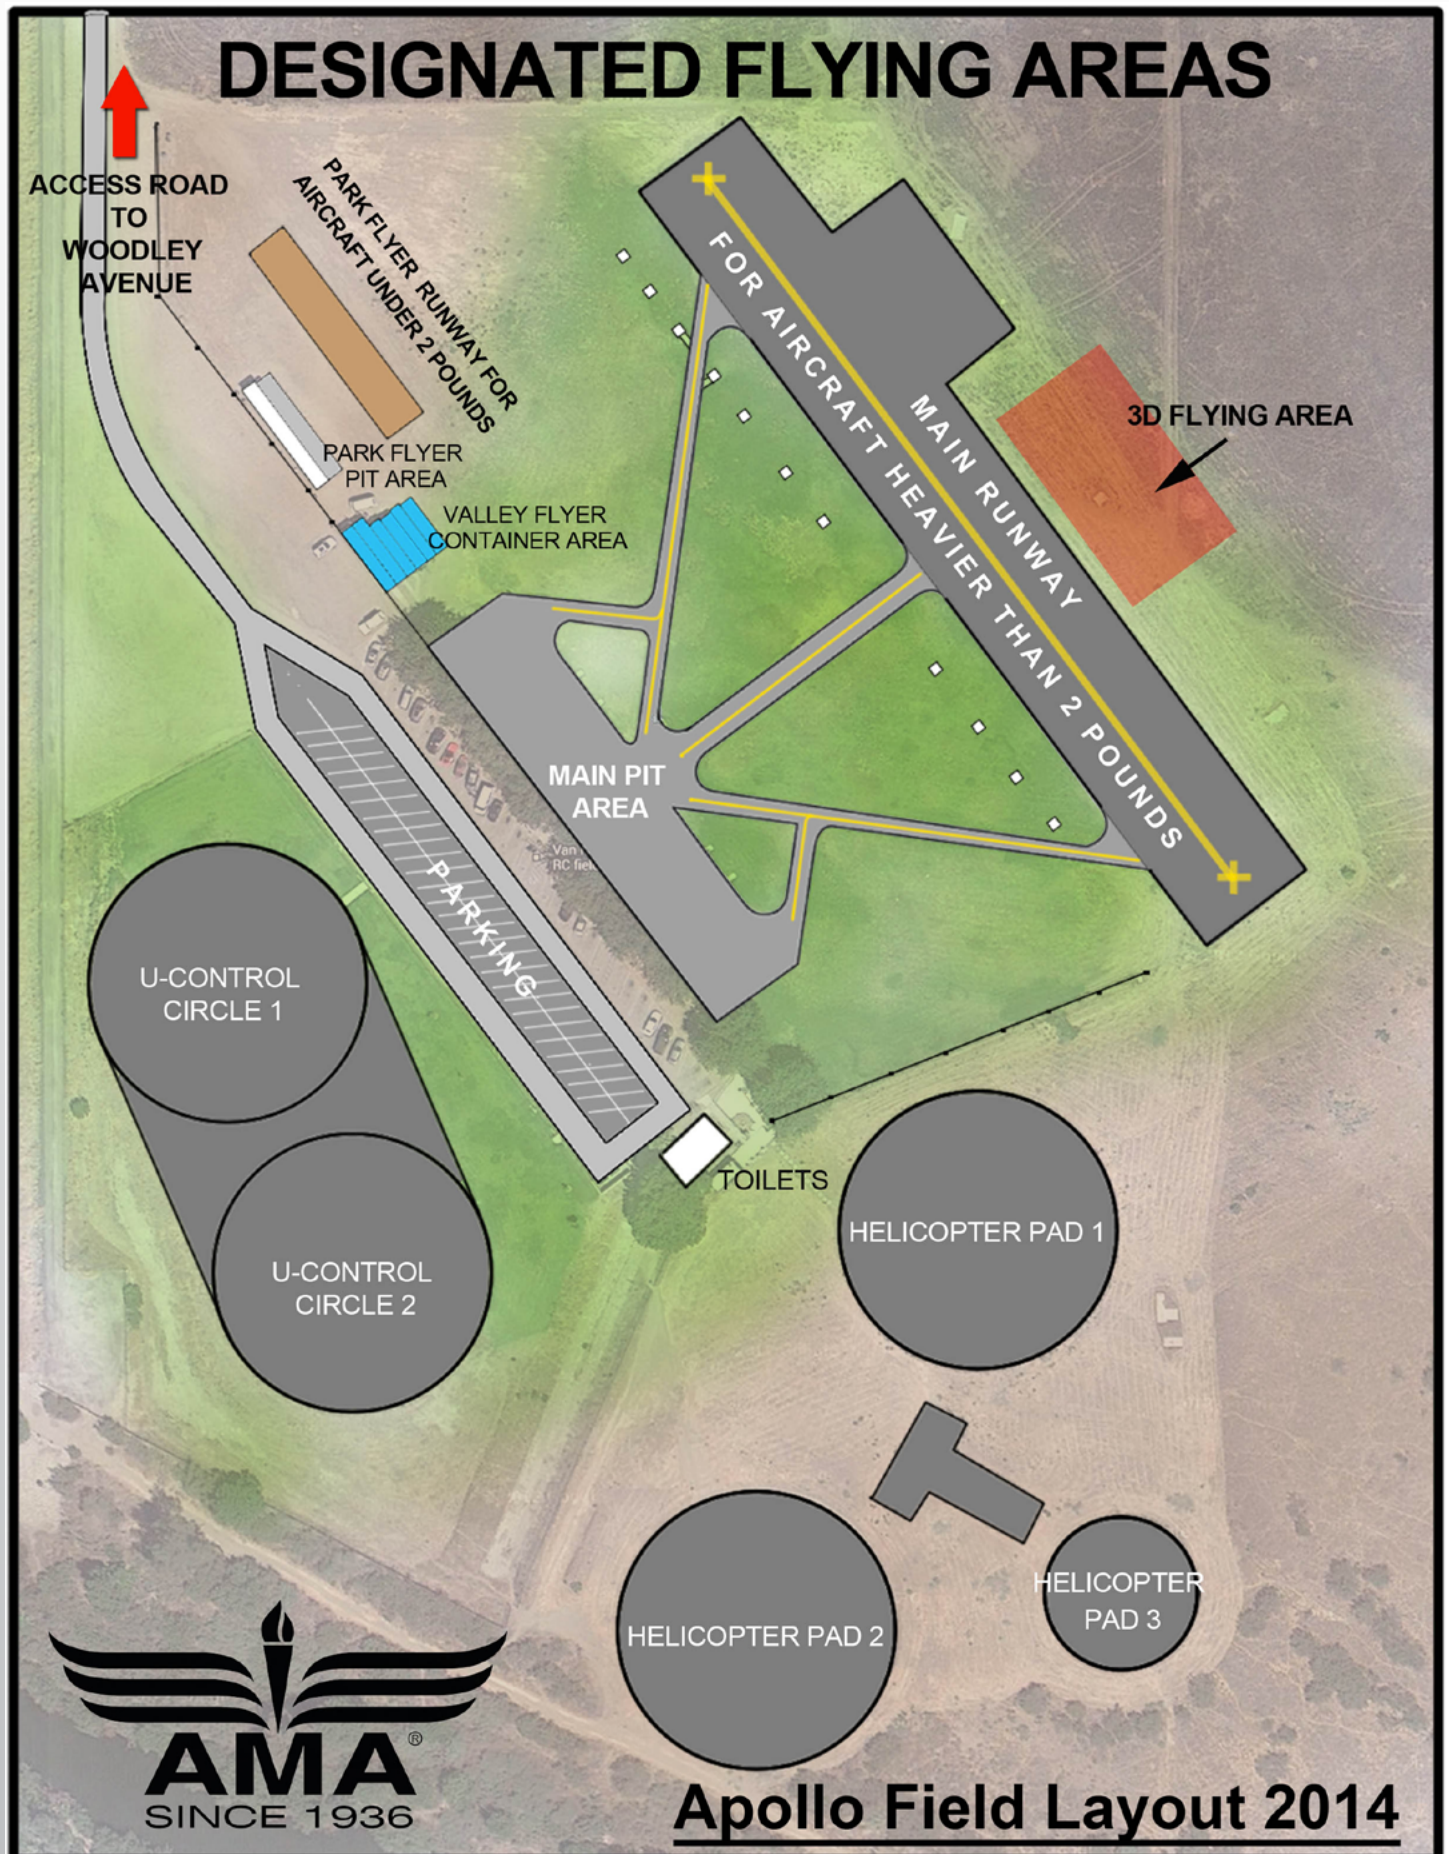

Failure to comply with these regulations may result in a citation, loss of flying privilege or both.

*****Pilots please note, the Field is closed to open flying during all Valley Flyers Events.***

Pilots must check-in to participate. A valid VF Club membership and/or AMA membership is required.
Become a member, visit www.Valleyflyers.com for more information. 2/2013

ADDENDUM TO RULES AND REGULATIONS

- 1) Fly from the designated flying areas, no taxi way take offs please to prevent low pass collisions.
- 2) Fly on the runway side with the other flyers, to communicate with each other.
- 3) Call your intentions-Taking Off, Landing, ***Remember Landings have priority.***
- 4) Fly the pattern everyone else is flying, unless you communicate with each other.
The first one out flying dictates direction, or wait til he is finished.
- 5) 3 D stunt flying should be done ***off*** the runways to avoid mid air collisions.
- 6) stay within the boundaries as much as possible to avoid mid air collisions.
- 7) Most of all: new pilots at the airfield, If you think you might need help a lot of us are there to assist you, so you don't crash your plane, or crash into some one. Working on your planes, make sure some one is helping you, I've seen too many times propeller cuts to the pilot or bystander.
