

# The Valley Flyer

AMA Charter Club #152 Celebrating 61 years

July 2011

Mike Lipsey  
Newsletter Editor

I really enjoy the rare opportunity that I get to fly at the Apollo field on a late weekday afternoon. I recently did that with nearly nobody else at the **field. It's almost a little spooky** to be honest. The sun at your back, the shadows getting long in front of you as you fly **until the sun goes down...**

Well—I had some meetings up in Woodland Hills and decided to bring an airplane along with me to see if I could get a few flights in before I came home. What better way to avoid some traffic than to get a few flights in.

Anyway—on to business. I

want to apologize for getting this newsletter out as late as it is. Unfortunately or fortunately I have been quite busy with Family and work and having to travel for both and those things got in the way of this responsibility.

My understanding is that the donations for the field repairs are still coming in which is good but we still do not have enough. I think it is reasonable to ask every member to contribute if you can. If every member contributed the cost of 2 gallons of glow fuel or the cost of two or three 2200mah lipo batteries per year the club would have enough funds to maintain the runway every year. As it stands now; up until recently runway maintenance has not been a priority as much as field **enhancement. It's up to the** membership to communicate to the board and let us know what you want done with the money the club generates. Please take a moment and look in the back of this flyer to see how to contact all of your board

members and give them your feedback.

Speaking of getting involved; the club puts on a lot of events every year. These events do a number of things—community involvement, entertainment, a safe venue for us to **'practice our craft' and revenue** for field maintenance and improvements. Support the club and participate either through attendance or volunteering to support the event.

See you at the Field!

-Mike

### Upcoming Events

- August 5-7—All Scale Event
- August 21—VF Fun Fly & Swap Meet

We need volunteers for each of these events! Remember, your participation brings with it credit toward the year end raffle!

2nd Annual

# All Scale Fun Fly

August 6-7, 2011

Open to ANY size, SCALE R/C model aircraft  
Glow-Gas-Electric-Turbine (with waiver)  
ARF's - Giants - foamies - helicopters  
----- ANYTHING SCALE -----

Apollo XI Field  
6201 Woodley Ave.  
Lake Balboa, CA 91436  
[www.valleyflyers.com](http://www.valleyflyers.com)

Registration Opens @ 8:30  
Flying Starts @ 9:00  
Landing fee - \$20 for one or two days  
A.M.A. required - sign up at event  
600' X 50' paved runway - 400' Alt. limit  
No Overnight Camping  
Trophies will be awarded for Best of Show in Military,  
Civilian, ARF makeover, Peoples Choice

SPECTATORS WELCOME / FREE FAMILY ENTERTAINMENT / GREAT SNACKBAR

Contest Director - Adam Gelbart (310) 435-6581 [adam.gelbart@verizon.net](mailto:adam.gelbart@verizon.net)

## Steps to Keep Your Site Safe

By Jim Rice, District VIII Vice President, Chairman Safety Committee, *District8VP@satx.rr.com*

Safety Officer/ Coordinators and club officers: we have a new Safety **Code for 2011. It hasn't** changed much in content but the appearance is different. Safety Officers should review the code at least annually with their membership and early in the year is better as it starts everyone off in the flying season with the same knowledge base and interest in safety. It might ensure that the Safety Coordinator gets to fly more and enforce less if a good discussion at the club meeting irons out the issues.

Along with that, Safety Coordinators should invite a couple of members to join them in an inspection of their flying site at least twice a year—once in the winter when vegetation is down, and again in the summer when things get covered up and harder to see.

Start at the access road and parking lot looking for trip hazards, guy

wires, sharp stakes that should be marked, covered or removed. Look at shingles on the club house, fencing, frequency board/impound areas. Be critical while it just involves work instead of blood.

Make sure fencing can withstand the kids who **we know aren't supposed** to climb on it but invariably they get loose and do it anyway. Make sure it still can perform its intended purpose to divert aircraft or prevent inadvertent foot traffic into the pits and flight stations.

Look through your club house/concession stand for splinters, tired wiring, rotted/rusted chairs and tables, fire extinguishers out of tolerance, or a first aid kit in need of updating. Make sure the GPS coordinates are easy to see and read in the event emergency crews need to find your location.

Walk around the field to see if there are cracks from drought or dug up places from wild animals (or not so wild animals) which could trip up or divert an aircraft.

Look over the flightline and see if vegetation has encroached on the flying area or creates a tough situation

for inexperienced pilots.

Claims for trips and falls are as prevalent as claims for injuries from aircraft. Make sure you look at everything; an uncovered piece of cut off rebar used to stake up a flag pole or shelter could be lethal if someone fell on it!

Several sets of eyes are better than one and you can feed off of each other as you check out **your facility. Don't assume** everyone knows that a certain wire is hot, or that they should avoid sitting at a certain table or that the soft dirt over the septic area is off limits. If it can be a hazard to someone, it probably will be some day. Fix it now so that your great summer flying day **doesn't get interrupted by** a trip to the ER.

The site will look different in summer so do it again then; takes a little time but could be well worth the effort!

Have fun, fly safely, and see ya on the flightline.

## Secretary's Report

Scott Ramos, Secretary

Board Meeting Minutes July 5, 2011

Members Present

Chuck Thompson, Randy Mytar, Dave Sweany, Scott Ramos, Tony di Leo, Bob Smith, Ricc Bieber, Bob Tarlau, Gary Sev-ens, Mario Sweet, Stephen Fine, Michael Trudell, Adam Gelbart, Robert Burn

Members Absent

Jeff Tolomeo, Mike Lipsey,

Ben Elkouby

Chuck Thompson President

Jason went in to Parks & Recs. on our behalf about 10 days ago. He went in to address the runway repairs and night fly. Jason is continuing to work to resolve these issues. We are still about \$3000 short for the repairs in donations. We have not received any donations for the last Month. There has been a suggestion for putting up a progress thermometer but it would be best to wait for the issue to be resolved with Parks first.

We could bring one into the General Meetings.

Robert had been told by parks that the issue needed to be addressed with the Army Corps of Engineers. It took two months to get a contact person at Army Corps from Parks. The contact person said a letter needed to be sent

Chuck and a few others went to the new airfield. They were given a list of rules that governed the previous club from the Glendale park and they will be submitted to the City.

The site will need a container. Jason located a place that may be offering free containers.

A couple of people asked if the Fred Bergdorf race be moved up a couple of weeks so it was not too close to the AMA Nats.

The Fun Fly is this weekend. Dan Zilliak suggested raffling off an iPad after seeing a school raffle at a fireworks show in Moorpark that made a lot of money for the school.

This may be something to consider at one of our larger events. Chuck is concerned about adding such a raffle at LAjets with such a short time left. We need better

lead time for a successful raffle. LA Jets is the 24, 25, 26 of July. Mario has been in contact with the Circle Burners concerning a youth group from the Luthren Church coming down to the Circle Burner teach and fly. We will need to have trainers available. Too.

Ricc will be unavailable after this Friday for gastric surgery.

The PA repairs were \$104.00 plus shipping. We need a receiver for the donated trainer. We will have the trainer flying this weekend so the doner, Tom Nelson, can see it fly.

Sam sent an email today for nominating the two kid, Yoal and Rafeal Pelsig for members of the month. This was seconded and passed by the Board. Mike Lipsey sent an email suggesting that we once a quarter we hold the meeting virtually, or have some kind of conference phone at the meeting. Mike also announced this will be his last year of being the Newsletter Editor. Chuck got a call Gene Sidwell from the son in law about the club acquiring **Gene's RC estate. Chuck said the** foundation would accept a donation and that all the funds would go to the foundation. Rudy Gonzales will get back with word after checking with the Trust.

Chuck will send poster art for the upcoming events

Bob Tarlau

Bob had been contacted by a production company about coming out to film at an event. It would preferable to know more about the production company and what this is for. They will be out on Sunday.

Randy Mytar Vice Presedent

Bob Smith Treasurer

Treasury report

Checking Balance \$7141.91

PayPal Balance \$2715.74

Total Balance \$9857.65

Concession \$485

June Drawing &176

Member due \$25

Bob has received a letter from Muni Services concerning business status. Bob Smith will investigate further to determine what our status is with the City.

The races went well. Thanks to Bob

Adam Gelbart Scale Director

Scale event: Adam Gelbart may have a problem with being there on Friday. It has been advertised that it is a 3 day event. One choice is to make it a two day event. Last year, Friday was a slow day.

Dave Sweany Field Manager

Dave asked if there was progress on the runway. We are waiting for Parks \$ Recs.

Whirley bird have been added to the heli shed. It is also being used for storage of some event items.

Scott Ramos Secretary

Scott will look into another printer for the club. Scott will take over the printing of business cards. Scott will be out of town for the August Fun Fly and will need a replacement CD.

Gary Stevens Membership

Membership is up to 287

Membership is now pro-rated to 15 for the remaining of the year.

Mario Sweet

Aviation Carrier Education (ACEs) asked if they could come down with a group of kids from 1:15 to 2:30 to see RC flying demonstration on two days, July 27<sup>th</sup> and once in August.

There is an opening to fill in for every other year of the Y-Fly. Chuck was thinking about the Scouts or a group like this.

Bob Tarlau

Bob was wondering if there was any announcements that needed to be added to the E-blast for the Field Meeting. Chuck suggests having pizza at the meeting. Ricc suggests having pizza served early, starting at 6. Chuck will write up some info for Bob.

Mike Trudell has been in contact with Heli Freak about co-sponsoring the LA3D event. The process has not gone well. The event will be exclusively a Valley Flyers event. We will start moving forward on the promotion of the event.

Meeting adjourned at 9:00 PM

Serving the model flying community since 1950.

### **Join the Club**

The San Fernando Valley R/C Flyers are one of the largest and most active model aviation clubs in the USA. Our home is one of the premiere flying sites in the country, the legendary Apollo XI Field. The field features separate flight areas for model airplanes, park flyers and helicopters. The Valley Flyers host annual events including LA Jets, The Western E-Fly, LA3D Heli and over a dozen other flying events each year.

#### *Join Us Today & Learn to Fly R/C!*

- Learn more about Radio Control modeling
- Interact with other modelers in your area
- Get answers to your questions about modeling
- Meetings feature informative guest speakers
- Free - flight lessons (club trainers)
- Participate for free in some club events
- Visitors are always welcome
- Youth participation is encouraged
- Compete in club fun flies and events

#### *Club Meetings*

Meetings are held the 4th Tuesday of each month at the Encino Community Center, (4935 Balboa Blvd.) - Meetings start at 7:30 PM

#### *Apollo XI Field*

Apollo XI Field - Woodley Park, Van Nuys  
Flying Dawn to Dusk, 7 Days a Week

<b>VFGSS</b>	VF Giant Scale Squadron	Giant Scale Squadron of the Valley Flyers
<b>VCB</b>	Valley Circle Burners	Control Line (C/L) flying club – Some events may affect runway maneuvers.
<b>VF</b>	Valley Flyers	San Fernando Valley R/C Flyers flying club

Apollo XI Field Schedule 2011 – Rev-3.4

Schedule may CHANGE! Check monthly newsletter or [valleyflyers.com](http://valleyflyers.com) for updates!

# 61 Years of Service!

## Dear Model Aircraft & Radio Control Enthusiast,

Thank you for your interest in Model Aviation. The San Fernando Valley Radio Control Flyers (SFVRCF) is Academy of Model Aeronautics Charter Club #152, and in 2011 the club will enjoy its 61st year as a Club! Joining the Valley Flyers is a great way to support the hobby while enjoying the rich, educational benefits and camaraderie that Club membership can bring.

The main emphasis of the Club is the promotion of model aviation, to maintain the Apollo XI field both physically and politically for model aviation, and to promote good fellowship and community relations. With your membership, you support the many Apollo XI field improvements and community relations projects the club is championing.

### Benefits of Membership Include:

- Free flight instruction. We use our Club trainer airplanes, radios, and fuel... You provide the enthusiasm!
- Free Annual BBQ & Club-subsidized End-of-Year Holiday Party & Award Presentation & FREE Fun Fly Events.
- Club Meetings including Show-And-Tell, Model-Related Programs & Presentations, and a Monthly Raffle.
- Up to a 10% Discount for purchases at supporting hobby shops\*
- The Valley Flyer – The club's official newsletter.

Please fill out and sign the membership application. Send the application with a check for the membership dues (make check payable to **The Valley Flyers**) to Valley Flyers Membership, PO Box 2055, North Hills, CA 91393. Alternately, you may bring your application to a Club meeting, or sign up using PayPal® at [www.valleyflyers.com](http://www.valleyflyers.com) online.

Prospective Members and Guests are always welcome and invited to Club meetings. Your support is greatly appreciated.

Membership Director  
San Fernando Valley Radio Control Flyers

Along with your modest annual dues, you need to have a current membership in the **Academy of Model Aeronautics**. If you are not yet an AMA member, you can sign up by calling 765-287-1256 or visiting [www.modelaircraft.org](http://www.modelaircraft.org) online.

### SFVRCF Club Meetings

Club meetings are held on the 4<sup>th</sup> Tuesday of each month at 7:30 PM. Refreshments will be available. Please bring a couple of extra dollars for refreshments and raffle tickets if you so desire.

2011 Club Meeting Schedule			
January	25th	July	26th
February	22nd	August	23rd
March	22nd	September	27th
April	26th	October	25th
May	24th	November	22nd – Annual Workers Raffle
June	28th	December	TBD Holiday Party

The SFVRCF is Academy of Model Aeronautics (AMA) charter club # 152, and as a charter club all members of the SFVRCF must be members in good standing with the AMA. Failure to become an AMA member or to keep your AMA membership current will void your SFVRCF membership. Your AMA membership is verified each year when you renew your club membership. SFVRCF members are expected to abide by club bylaws, Academy of Model Aeronautics rules, Apollo XI field flying regulations, and normal standards of conduct and courtesy.

\* Some restrictions may apply call store for details.
