President's Message

September is already here and the weather is cooling off. It sure was a great summer with a lot of action at the Basin. Our club has experienced an exponential increase in public and member participation. I wanted to first thank everyone for helping with the Club BBQ. These events are always a lot of fun to attend. We have pretty much run most of our 2013 events, with a few left to wrap up the year. There are many board positions that will be open for election this year. To my knowledge, no one has talked to the board members about joining the Valley Flyers Board of Directors. If you are interested please make the inquiry. Nominations will be open at the October meeting for the following positions:

2013 Board of Directors**President**

Binyamin Elkouby
(One year remaining)

Vice President

Mike Stoner
(One year remaining)

Treasurer

Bob Smith
(One year remaining)

Secretary

Tena Homme
(One year remaining)

Media Director

Tony Aguila,
Open for nominations

Membership Director

Barbara Brace

Public Relations

Bob Tarlau
(One year remaining)

Event Director

Robert Burn
(One year remaining)

Program Director

Open for nominations

Hospitality Director

Dan ziliak
(One year remaining)

Field Manager

Dave Sweany,
(One year remaining)

Helicopter Director

Open for nominations

Turbine Director

Open for nominations

Electric Director

Randy Mytar
(One year remaining)

Event Safety Director

Mario Sweet,
Open for nominations

Field Safety Director

Winston Brown
(One year remaining)

Newsletter Editor

Ted Mayer,
Open for nominations

Flight Training Coordinator

Tony di Leo,
Open for nominations

Giant Scale Director

Adam Gelbart,
Open for nominations

Web Master

Open for nominations

Benny Elkouby,
President

VALLEY FLYER MEMBERSHIP REPORTING

AS of August 22nd, we are at 300 members. Hopefully the report in this August newsletter is current, as it reflects some members with a 'pending' status. If you are pending and have a current 2013 AMA license, email me at bobthesmith2003@yahoo.com AMA information so we can get a Valley Flyer membership card out to you.

SEPTEMBER VALLEY FLYERS FINANCIALS

Checking account balance;

\$ 3,878.41 (after Wounded Warriors debit of \$973.00)

Pending deposit \$292.00 from Electric Fun Fly and August drawing.

PAYPAL balance; \$1,105.19

PROJECTED BALANCE;
\$5,275.6

Misc. membership yet to be counted under \$100.00

Bob Smith, Treasurer

SEPTEMBER RAFFLE

AT THE TUESDAY SEPTEMBER 24th CLUB MEETING

HORIZON PA-20 BY EFLITE

This month's drawing will feature the Eflite PA-20 civilian scale aircraft. Hope you all enjoy 1930's style aircraft as much as I do! Bring some extra cash and join in on the fun!

SPECIFICATIONS:

Flying Weight:	46.4-48.0 oz (1300-1360 g)
Fuel Type:	Electric
Main Wing Tube Length:	395mm
Main Wing Tube OD:	9mm
Motor Size:	10-size brushless outrunner
Overall Length:	36.3 in (920mm)
Plane Type:	Scale Civilian
Power Plant Size:	10-15 Electric
Prop Size:	10 x 5 - 12 x 6 thin electric propeller
Radio:	4+ channel radio system
Recommended Battery:	11.1V 3S 1800-2200mAh LiPo
Servos:	(4) digital sub-micro servos required, (6) required for flap operation
Speed Control:	40-amp brushless
Spinner Size:	1-3/4 in (45mm)
Wing Area:	451 sq. in. (29.1 sq. dm.)
Wingspan:	51.0 in (1300mm)

Please help support your club by purchasing some raffle tickets!

7:30pm= Meet and greet .7:32 pm= Benny= We had a Disney production at the field they donated \$500.00 from them. We have the check already.

7:35pm Benny= Accounts Checking is \$4,200.00 and Paypal \$1,000.00. Total \$5,300.00.

7:40pm Benny= Benny to Dave do you need to purchase anything? No more expenses now David.

7:45pm Benny =the next event we have is the fun fly on the 17th. Scott= We are talking about serving Pizza. I have question concerning food and how its handled. I'm sure it's the same policy, where food is free to the members at fun fly. Does that include the pizza or not? Normally we do the burgers. Benny= Ask for donations. No money exchange. They have to go to registration desk. Not a problem. Benny= we don't make money on the pizza. Scott =we should ask for more for wounded warrior project.

7:58pm Scott =I'll try to get to the local hobby shop to put up posters.

8:00pm Scott =OK for more money we are going to do Burgers and a soda for \$5.00. 17th Saturday.

8:00pm Scott=It will be pretty low key for the rest of the day. Swap meet early in the morning.

8:15pm Benny= Members 296 members now. We are doing everything to increase members.

8:30pm Benny= I know Willy was working in Glendale.

8:30pm Willy= Jason helped to get a field for us. Dan was first to look for containers. Rick and Jason helped find some more. We set them in place. No one stepped up to help about who would be responsible for it and what would happen to it so I stepped up.

8:40pm Willy= It's been over a year and a half, Now I'm down to 1 day a week 2 days a month now I'm down to the last weekend to finish the shade and one more weekend to finish the tables. Now the next thing that is going to happen out there is

to fix the ground for the run way and parking area down there and who knows. Know there is a member who lives down there in Glendale who is gung ho about getting this thing finished, he wants to fly and he has a lot of friends who want to fly. I had a meeting with him last week a Two hour meeting and I discussed everything about it he knows people who can donate. Now Jason used to be in charge, then Chuck and the I understand that Mario was given the right to give permission to get some things going if we are going to get thing done it needs to be done soon.

9:00pm Benny= just contact me I want to go over there who is this gentleman? Willy Well I want you all to get over this issue I know he had caused some trouble with the e-mails and what not but we got to get over it.

9:05pm Benny= That's not the issue Glendale does not want to deal with him. It's not us. Tell me what you need. I will deal with it.

9:10pm Willy= Well I had a meeting with him and he knows that he upset folks with all that Email but he helps and he want to be able to do more for us but nobody is giving the OK. We need permission.

9:20pm Rick= In addition to that we have a couple of other issues, and that is we went in and signed papers with the city, in agreement with exactly what they were going to allow us to do, and exactly what we were going to do to improve the property. Everybody was on board. They are back peddling a bit, and here we are at the point where we are ready to put in the matt and level out the dirt. They are saying you can't level out the dirt. Well if we can't level out the dirt why are we even do all this work? What we do need, well I agree it is good to have a point man in Glendale. However he needs to have a keeper. His kind of power corrupts absolutely. If he is given a fifteen foot leash he

is going to be straining it. Mario and I were talking we need to sit down with Coco. We need to sit down, and say we came down with this agreement and this is exactly what we need to do. So I think we finally got them to not drive their trucks across there. That was hell here we are trying to do stuff, and the guys are driving threw there with tractor trailers driving all threw stuff dumping thing all over the place. So that's where it's at, at the moment Willy had done a phenomenal job out there. I am happy to be able to supply him with materials and tools to be able to do that. The next step is the runway. We are going to have to be able to do some Earth moving. Benny= We don't need a permit, we need volunteers. Yes, we will use who ever we can.

9:35pm Willy= we need to cover the rocks and level it out then layout Petro matt or something like that. You are going to have to get a contractor.

9:38pm Benny= Thank you Randy for the registered event, and the donations we have 51 registered pilots.

9:40pm Randy= I want to say thanks to the board, and the membership for all the good thoughts and prayers that have come my way. I do feel them, I thank you. Recap on the scale events because it is one of my favorite events SAE, try and fly, and scale. I have been part of the hobby for 51 years, and part of the club for 45 years. It's important to be part of my life. Things sometimes went very well, and sometimes not so well. I found it very disgusting, there is room for improvement. I'm here to help the pilots, and the club for sure. Saturday we got off to over an hour late start. There was no P,A system. Once we got that there were no batteries in the microphones. Unless someone has a real good excuse there is no call for that. If by chance you cant do your job get a hold of Benny. I'm too proud of the club to let that ever happen again. If we are having trouble with the heli's again, We should support them by giving them 1 Saturday or

Sunday If they make good on it great if they don't -we tried. They have to be able to see that. I've Been looking for that red headed Tristan boy. I have something for him he is starting to become a dammed good pilot. I love giving back to the club, and the younger generation. Show consideration to

your fellow pilots by getting on and off runway in a timely matter.

10:00pm Randy= You were not so nervous I've never seen you fly Mario. Mario= I flew I flew on Saturday. I even surprised Winston with a nice landing on the run way. Randy= I'm glad to hear that you flew. OK well we

did things well, and we did things piss poor. No one should be worried about the word completion. Pilots meetings should be on the schedule.

Benny= Thank you everyone for showing up.

Teena Homme
Secretary

AMA Sanctioned Events

A conversation in the September 3rd Valley Flyer Board member meeting has prompted me to write this. The following was extracted from the AMA Membership Manual 2013, page #13;

AMA sanctions contests, fly-for-fun meets, demonstrations, and other flying events: an AMA sanction means that the activity is endorsed by the Academy, is supervised by an AMA Contest Director (CD), **is intended for AMA members only**, and that the dates are protected from competing AMA activities in the vicinity.

Sanctioning also means that those participating in the activity are insured. **A participating AMA member is assured that other fliers are insured to protect him/her just as his/her AMA insurance protects others.**

A sanction application must be submitted by an Academy Contest Director. Approval of the sanction is contingent upon the CD being current for the event dates involved. Sanction applications may be obtained upon request from AMA Headquarters.

The first item underlined re-enforces the guideline we as CD's adhere to; AMA members only for a sanctioned event. All of our city permitted events are SANCTIONED by the AMA.

The second item underlined re-enforces that all fliers are **insured**. The AMA is an insurance business. The Valley Flyers pay a fee to the AMA for a Certificate of Insurance naming the Dept. of Recreation and Parks; US Army Corps of Engineers; City of Los Angeles as the insured.

To summarize, the Valley Flyers insures their sanctioned events and that allows Dept. of Recreation and Parks; US Army Corps of Engineers; City of Los Angeles to feel comfortable in issuing a field use permit for the dates and times specified. The Valley Flyers have exclusive access of the dates of the permits to insure AMA guidelines are adhered to. This 'exclusive access' is noted in the permit.

You will not find written evidence that Public Parks are exempt from these requirements. For the time of the permit, the park is no longer for open public use. Whether it's used for flying or filming or a park used to display vintage Mustangs, the holder of the permit has exclusive access.

For Board members that have 'written documentation' to dispute this, you are welcome to present it in writing in a VF newsletter. Please, no hearsay conversations. I'm not interested.

64 Years of Service

Dear Model Aircraft & Radio Control Enthusiast,

Thank you for your interest in Model Aviation. The San Fernando Valley Radio Control Flyers (SFVRCF) is Academy of Model Aeronautics Charter Club #152, and in 2014 the club will enjoy its 64th year! Joining the Valley Flyers is a great way to support the hobby while enjoying the rich, educational benefits and camaraderie that Club membership can bring.

The main emphasis of the Club is the promotion of model aviation, to maintain the Apollo XI field both physically and politically for model aviation, and to promote good fellowship and community relations. With your membership, you support the many Apollo XI field improvements and community relations projects the club is championing.

Benefits of Membership Include:

- Free flight instruction. We use our Club trainer airplanes, radios, and fuel... You provide the enthusiasm!
- Free Annual BBQ & Club-subsidized End-of-Year Holiday Party & Award Presentation & FREE Fun Fly Events.
- Club Meetings including Show-And-Tell, Model-Related Programs & Presentations, and a Monthly Raffle.
- RC eNews – Timely and informative email messages about upcoming events, field closure notices and more.
- The Valley Flyer – The club's official newsletter.

Please fill out and sign the membership application. Send the application with a check for the membership dues (make check payable to **The Valley Flyers**) to Valley Flyers Membership, PO Box 2055, North Hills, CA 91393. Alternately, you may bring your application to a Club meeting, or sign up using PayPal® at www.valleyflyers.com online.

Prospective Members and Guests are always welcome and invited to Club meetings.

Your support is greatly appreciated.

Barbara Brace, Membership Director

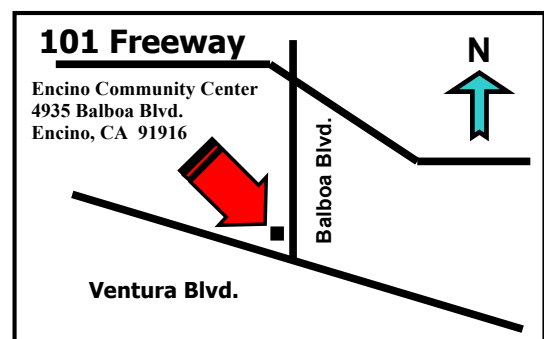

babz2008@gmail.com

Along with your modest annual dues, you need to have a current membership in the **Academy of Model Aeronautics**. If you are not yet an AMA member, you can sign up by calling 765-287-1256 or visiting www.modelaircraft.org online.

SFVRCF Club Meetings

Club meetings are held on the 4th Tuesday of each month at 7:30 PM. Refreshments will be available. Please bring a couple of extra dollars for refreshments and raffle tickets if you so desire.

2014 Club Meeting Schedule			
January	28th	July	22 nd
February	25th	August	26 th
March	25th	September	23 rd
April	22 nd	October	28 th
May	27 th	November	25 th – Annual Workers Raffle
June	24 th	December	TBD Holiday Party

The SFVRCF is Academy of Model Aeronautics (AMA) charter club # 152, and as a charter club all members of the SFVRCF must be members in good standing with the AMA. Failure to become an AMA member or to keep your AMA membership current will void your SFVRCF membership. Your AMA membership is verified each year when you renew your club membership. SFVRCF members are expected to abide by club bylaws, Academy of Model Aeronautics rules, Apollo 11 field flying regulations, and normal standards of conduct and courtesy.

Apollo XI Field Flying Regulations

This facility is designed to accommodate four general types of powered remotely controlled aircraft in separate areas of the park.

1. Radio controlled heavier than one pound on the main runway.
2. Radio controlled one pound or less & R/C gliders North of the pit area.
3. Radio controlled helicopters South of the pit area
4. Control line flight in the designated Control line circles

This facility does **NOT** accommodate free flight aircraft, Kites, rocketry of any kind; R/C cars or R/C trucks.

Radio Control Flight Rules

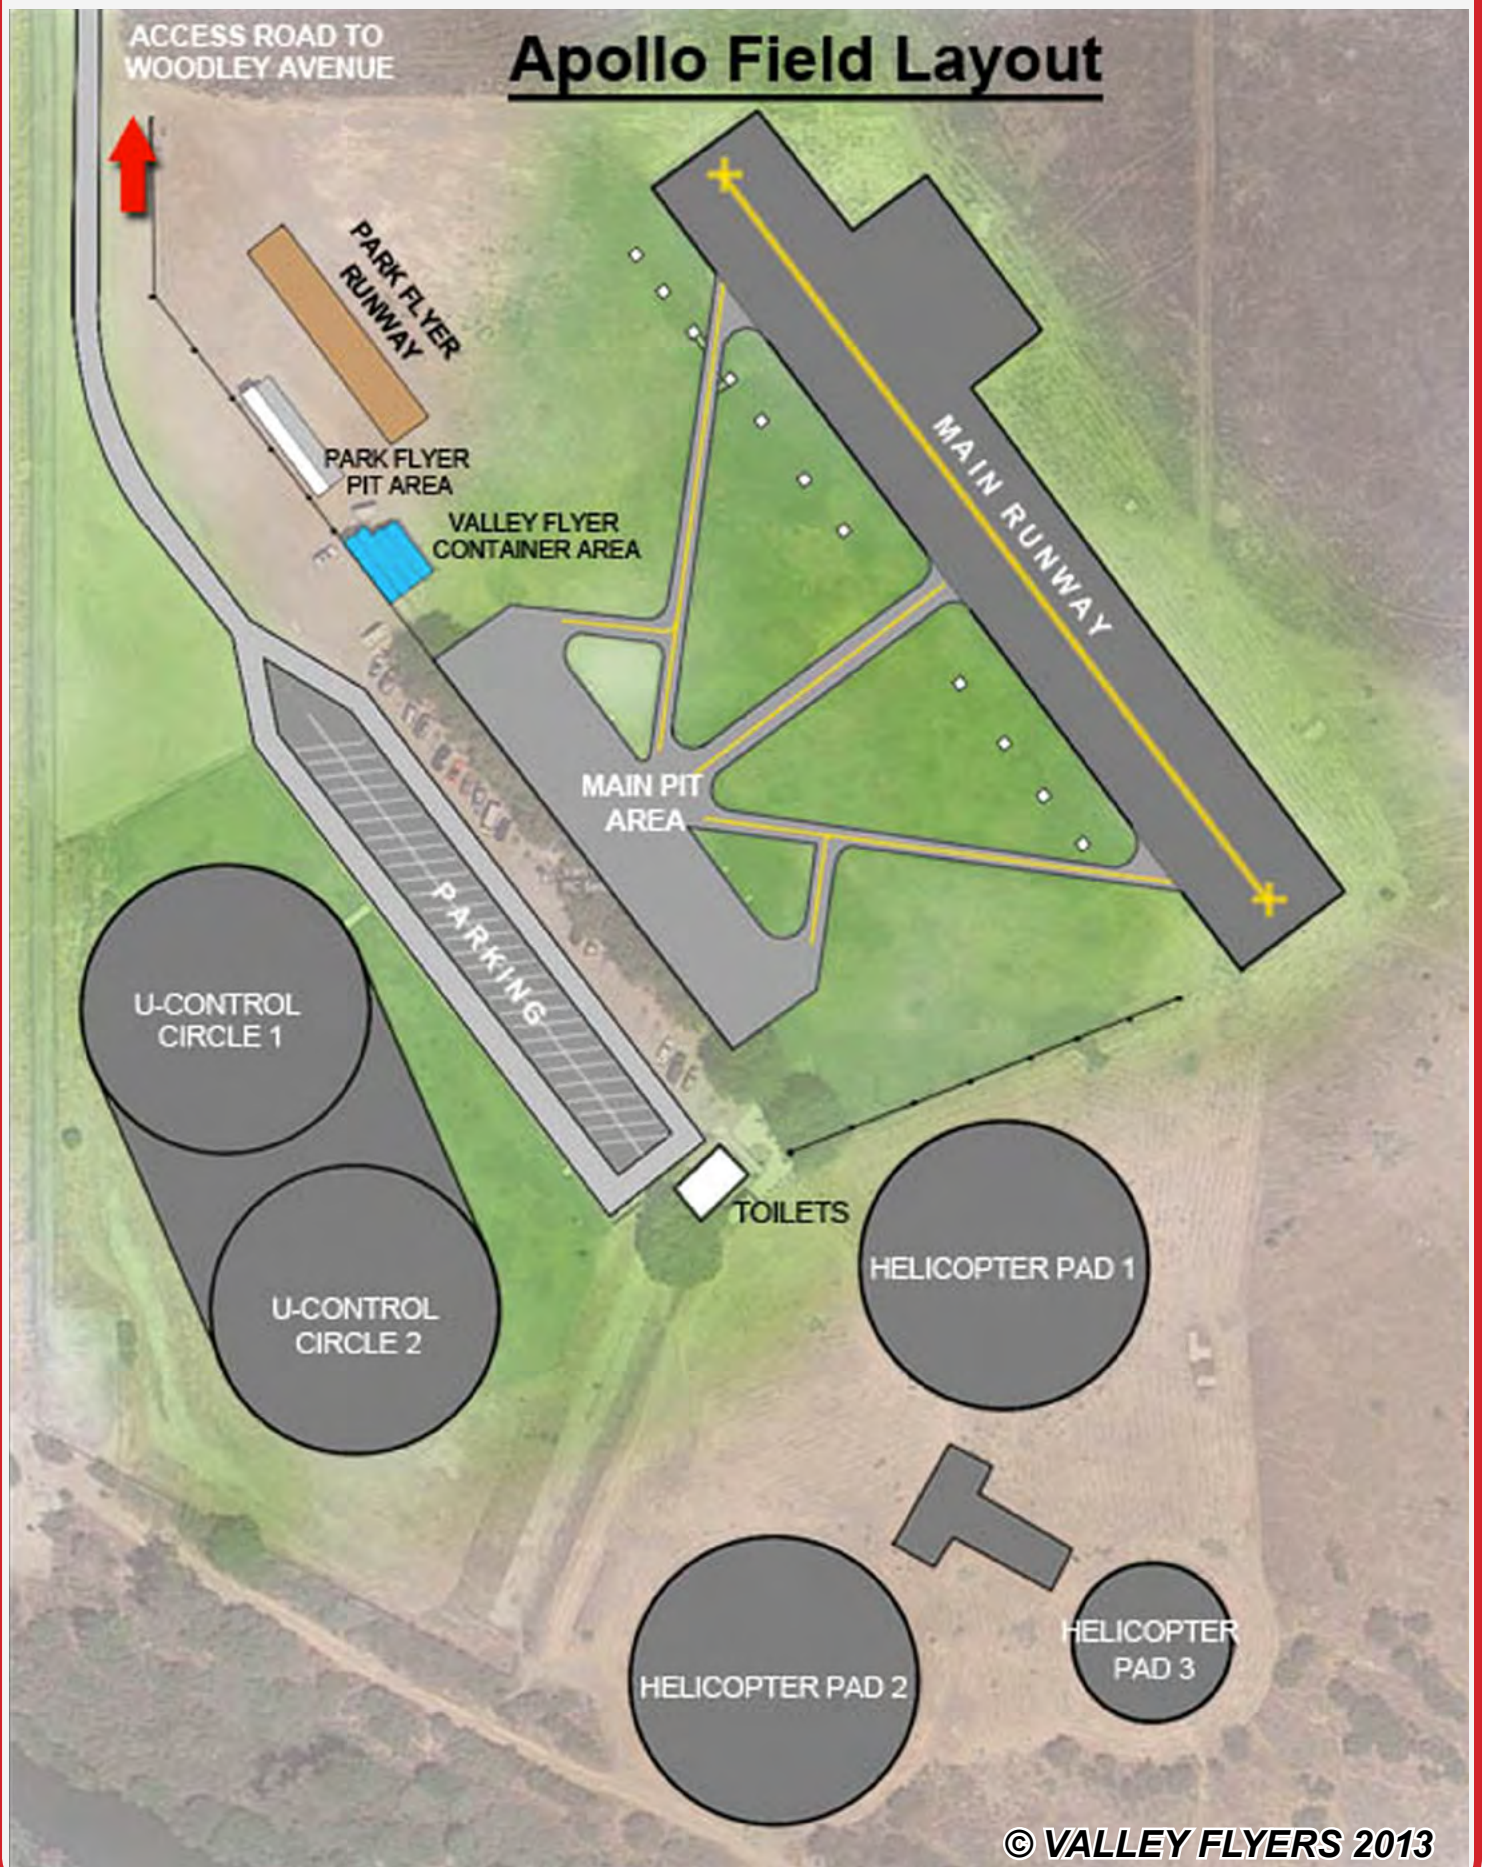

1. All pilots must fly from one of the designated pilot stands.
2. The frequency board will be used at all times and pilots must post their frequency usage with a card or I.D that contains their name or picture I.D.
3. Open flying is restricted during scheduled events.
4. No take offs and landings from the pit area, taxiways, or grass.
5. 400 feet maximum flying altitude.
6. Take-off and landings to be in the same direction according to the wind.
7. Down-wind passes over the runway are prohibited when other aircraft are flying.
8. Some sort of fuel recovery system must be used when fueling planes to avoid spillage.
9. All pilots will follow taxiways directions as posted.
10. Pilots will call out their intentions (landing, take-off, etc) and clear the runway quickly.
11. There shall be no flying during facility mowing operations
12. Flying over the Golf course, access roads or public roads is prohibited.
13. Each type of aircraft must fly and pit within the area designated on the map for that type of vehicle. Fixed wing aircraft will have a standard left or right pattern depending on the wind.

Failure to comply with these regulations may result in a citation, loss of flying privilege or both.

*****Pilots please note, the Field is closed to open flying during all Valley Flyers Events.***

Pilots must check-in to participate. A valid VF Club membership and/or AMA membership is required.

Become a member, visit www.Valleyflyers.com for more information. 2/2013

DECEMBER			
8	SUN	VFGSS	Toys-for-Tots: Open to all Sizes Darrell Martin 818-368-1488 dmartin168@aol.com

½ Day: Although the schedule states ½ day for the first day of a multi day event, the field may be closed before noon if a significant number of event participants are present and ready to fly. The exception to this is Pylon Racing in which the field will always be open for sport flying during the practice day morning.

ALL Valley Flyers Fun Fly Events include a SWAP MEET!

AMA	Academy of Model Aeronautics	Official national body for model aviation in the United States
BSS	Black Sheep Squadron	Peanut scale, miniature, electric, and indoor aircraft
VFGSS	VF Giant Scale Squadron	Giant Scale Squadron of the Valley Flyers
VCB	Valley Circle Burners	Control Line (C/L) flying club – Some events may affect runway maneuvers.
VF	Valley Flyers	San Fernando Valley R/C Flyers flying club

Schedule may CHANGE! Check monthly newsletter or valleyflyers.com for updates!
