2014 is already here and I hope everyone had a great holiday season. A year has gone by since I started in my position as the President Of the club. It's been truly a privilege and an honor to have served in that capacity.

I wanted to thank you all for your overwhelming support throughout the year. We closed the Year with over 300 members. I also wanted to thank the departing board members for their hard work and dedication. As you may know, there are several projects pending at our facilities. The two most important projects are, replacement off the bulletin board ,and competion of the Glendale field. The Board has voted for the completion of

these projects, which are pending resources, and city approval.

Upcoming Events:

San Fernando Valley Rc Flyers, Inc.
PO Box 2055
North Hills, CA 91393-2055

Dear caring friend,

Thank you so much for your generous gift of \$973.00 on 09/16/2013 to Wounded Warrior Project® (WWP). I cannot thank you enough for your support of the thousands of truly deserving servicemen and women who have been wounded in our current military conflicts.

Our work begins at the bedsides of injured warriors as they undergo rehabilitation and return to civilian life, but it certainly doesn't stop there. As a result of their injuries, these brave heroes will face greater challenges today finding assistance and jobs that will enable them to provide for their families. Their battle against the long-term effects of combat will continue throughout their lives.

Only with your continued support is WWP able to reach these wounded service members. Through your generosity, WWP provides them with the assistance they need in order to regain their independence and begin rebuilding their lives. You give these injured warriors and their families hope for a brighter future.

Wounded Warrior Project is dedicated to assisting this new generation of injured heroes. These men and women who have served with honor deserve our respect and support. Again, I cannot thank you enough for your partnership with WWP.

Sincerely,

Steven Nardizzi
Executive Director
Wounded Warrior Project

For more information about Wounded Warrior Project, please visit woundedwarriorproject.org.

The full amount of your gift is tax-deductible under the Internal Revenue Code since Wounded Warrior Project, a nonprofit organization under Section 501(c)(3), provided no goods or services of value to you in consideration of your contribution. We recommend you retain this letter as a receipt for your gift.

Radio Controlled Airplanes, Helicopters, Multirotors, UAVs, And FPVs All To Be Represented In Ontario, CA

The premier exposition for model aviation, AMA EXPO 2014 will be held January 10-12 at the Ontario Convention Center in Ontario, CA near Los Angeles. Anyone with an interest in general or model aviation is encouraged to attend to learn more about the model flying hobby, view and purchase the latest in model aircraft technology, mingle with model flying enthusiasts, listen to presentations by aviation experts, and enjoy a full weekend of camaraderie. The event is being hosted by the Academy of Model Aeronautics.

This year's Expo will include more than 200 exhibitors with hundreds of products and displays. Check out multirotors, unmanned aerial vehicles (UAVs), recreational first-person view (FPV) tools, indoor flying demonstrations, and more! New this year is a multirotor flying demonstration area, a hands-on FPV experience with the Roswell Flight Test Crew, and real-time construction of model airplanes by the California Scale Modelers Association. Do not miss the FAA, AMA, and Association for Unmanned Vehicle Systems International (AUVSI) panel discussion to learn about the most recent advancements in the industry.

Bring the kids for several youth-centered activities including a model airplane and rocket make-and-take, sponsored by Estes Rockets. Visit other displays and exhibits by NASA, EAA, Rotor F/X, the Soaring Society of America, and see a static model competition display. Among the speakers lined up for the Expo are Jeff Skiles, First Officer, US Airways Flight 1549, Vice President of Communities and Member Programs EAA. Skiles will give a talk "Miracle on the Hudson" on Friday, January 10, 3:30 p.m. and Saturday, January 11, 2 p.m. AMA Expo is sponsored in part by Go Professional Custom Xtreme Cases, Aerial

Media Pros, International Radio Controlled Helicopter Association (IRCHA), Castle Creations, Southwest Aerovista Hobbies, AUVSI's Unmanned Systems, Estes Rockets, Gorilla Glue, US Scale Masters, Nationwide Insurance, and others. The event will run from Friday, January 10 through Sunday the 12th. Admissions range from \$10 for a single day for members to a three-day non-member pass for \$28. Youths 13-18 can spend the day at the Expo for \$5, and active military with ID, all attendees 12 and under, and youth in uniform are free. There are group discounts available as well. All youth will receive a free AMA Youth membership.

Holiday Party and 2013 in Pictures

YOU (yes, you!) were probably among the stars of the Valley Flyers Holiday Party on Saturday,

December 14th, even if you couldn't make it to our very pleasant evening. We used the occasion to show a photo-slide highlight video of all our various events, repair/building activities and club meetings during 2013. It was a pleasant look back at our members, their planes and a strong year for the Valley Flyers. Another slide show put the spotlight on our Reed Packard Award winner for this year, Randy Mytar. There were lots of photos of Randy's many decades of service and fun with the club. Thanks to Chuck Thompson for locating a lot of wonderful shots from the 60's and 70's. And there was a third video - with pictures of the Willie Gardner-led construction at both Apollo 11 Field and the Glendale Field.

So perhaps you were among those who didn't make to

the party. Good news: I am providing links to all three of those slide show videos... plus shots of the party itself.

First, the tribute to Packard award winner Randy can be found here: <https://vimeo.com/81947477> (Thanks to Bob Hope for helping us say "Thanks for the Memories.")

Second, all work done by Willie and his merry band of cohorts at the two fields can be seen at this link: <http://tinyurl.com/le8efby>

(The fine music you'll hear with this video is courtesy of Ted Mayer's trio, including his excellent guitar work. Yes, the same Ted that edits this newsletter - multi-talented to be sure).

Third, the review of 2013 in photos: <https://vimeo.com/81947478>

(This one runs 35 minutes and is silent. It's a look back in photos at the club's many and varied activities this year, from the AMA Expo last

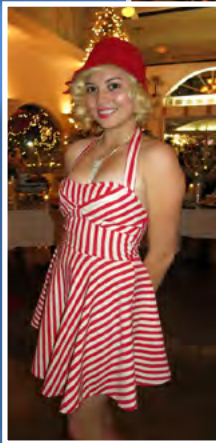

January, right through the Toys for Tots Fun Fly on Dec 8.)

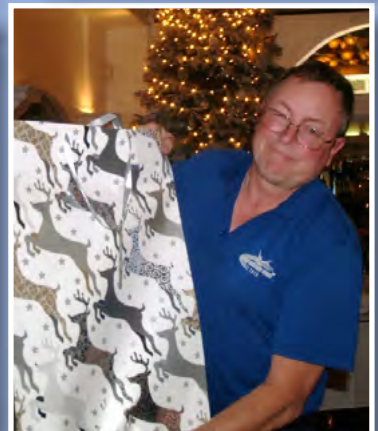

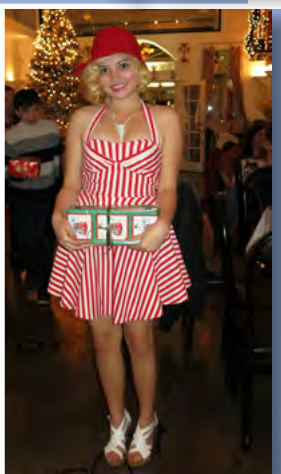

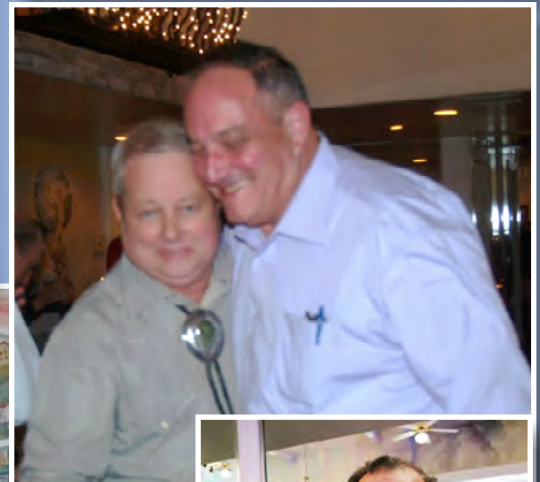

And now to this year's holiday party itself. Here's the photo link: <http://tinyurl.com/kpuejog>

(Santa Ricc presented a gift exchange and Jamie and Robert, the owners of Victorios in North Hollywood were great hosts and provided excellent food. Plus hospitality director Dan Ziliack arranged for an artful and delicious cake for dessert. Congratulations to all the award winners. These photos were taken by Athena Aguila and yours truly).

Please enjoy them all!
Bob Tarlau

CLUB MEETING

Page 19

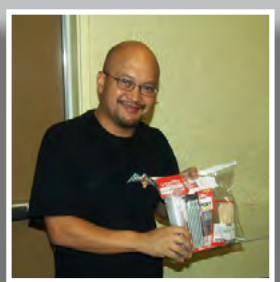

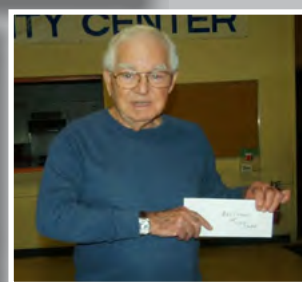

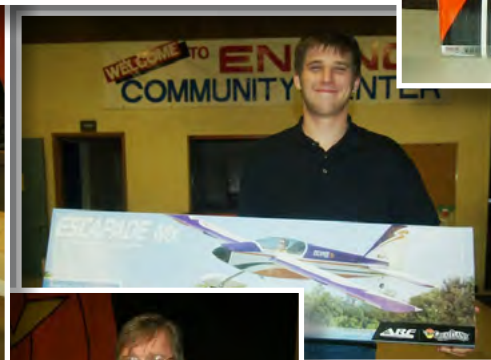

Photo Courtesy Bob Tarlau, Athena Aguila

Those in attendance: Winston Brown, Tony di Leo, Dan Ziliak, Randy Mytar, Benny Elkouby, Barbara Brace, Tony Aguila, Athena Aguila, Tena Tomme, Bob Smith, Mario Sweet, Dave Sweany, Willie Gardner and Bob Tarlau.

7:30pm =1st topic: Benny thanked everyone for attending. Welcome new board members.

7:33pm =2nd topic: Bob Tarlau asked questions about 2014 Apollo 11 Field calendar. A couple of small corrections were made and Benny said it was ready to send to Recreation and Parks, to be attached to our 2014 written agreement with the city.

7:50pm=3rd topic: Benny talked about the Heli Fun Fly scheduled for Mar 15. Questions and discussion covered rules and regulations. Benny reminded all that full instructions will be provided at the pilot's meeting that morning. He also noted that the AMA is starting to accept and endorse quad fliers.

8:00pm=4th topic: IMAC event issues. Benny says the event is yet firmed, but is tentatively on the calendar for early March.

8:02pm=5th topic: Toys for Tots event (which was held on Sun Dec 8).

8:06pm=6th topic: AMA Expo – which is Fri Jan 10 thru Sun Jan 12. Chuck Thompson is the main coordinator for the club.

8:12pm=7th topic: Bob Smith provides treasury report – saying there's \$4,100 combined in both checking and PayPal. He also reported 30 people had registered for the VF Holiday Party on Dec 14. Bob Tarlau to provide personal PA system, and produce slide show covering events of 2013.

8:20pm =8th topic: Bob Tarlau and Willie talked about plans for making a new bulletin board and the coordination that was underway with Rec and Parks. Update: Rec and Parks reported (a day after the board meeting) that it will be paying for and making the new board. The club will provide the actual display case.)

8:39pm= 9th topic: Athena reports she is now taking over from Tony as Media Director so will start posting her photos of events on our Picasa page.

8:40 pm=10th topic: Discussion of batteries and fuel for trainers.

8:45pm= 11th topic: Benny provided an update on his talks with Glendale official regarding the field there. Benny was told we could figure on being able to use the field for 5 to 10 years. After that, it may be converted into a soccer field. We need to put future plans into writing for Glendale. Still to be discussed is the member cost for flying there and what kinds of aircraft will be allowed. Mario will talk to Ricc about construction there.

9:03pm =12th topic: Randy said "he has gifts for everyone at the holiday party."

9:05pm = Adjourned.

64 YEARS OF SERVICE

Dear Model Aircraft & Radio Control Enthusiast,

Thank you for your interest in Model Aviation. The San Fernando Valley Radio Control Flyers (SFVRCF) is Academy of Model Aeronautics Charter Club #152, and in 2014 the club will enjoy its 64th year! Joining the Valley Flyers is a great way to support the hobby while enjoying the rich, educational benefits and camaraderie that Club membership can bring.

The main emphasis of the Club is the promotion of model aviation, to maintain the Apollo XI field both physically and politically for model aviation, and to promote good fellowship and community relations. With your membership, you support the many Apollo XI field improvements and community relations projects the club is championing.

Benefits of Membership Include:

- Free flight instruction. We use our Club trainer airplanes, radios, and fuel... You provide the enthusiasm!
- Free Annual BBQ & Club-subsidized End-of-Year Holiday Party & Award Presentation & FREE Fun Fly Events.
- Club Meetings including Show-And-Tell, Model-Related Programs & Presentations, and a Monthly Raffle.
- RC eNews – Timely and informative email messages about upcoming events, field closure notices and more.
- The Valley Flyer – The club's official newsletter.

Please fill out and sign the membership application. Send the application with a check for the membership dues (make check payable to **The Valley Flyers**) to Valley Flyers Membership, PO Box 2055, North Hills, CA 91393. Alternately, you may bring your application to a Club meeting, or sign up using PayPal® at www.valleyflyers.com online.

Prospective Members and Guests are always welcome and invited to Club meetings. Your support is greatly appreciated.

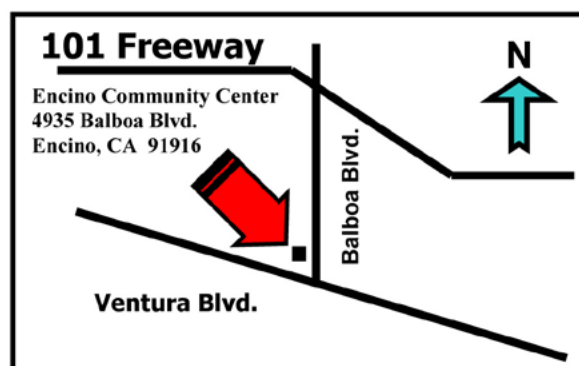

Barbara Brace, Membership Director
babz2008@gmail.com
 818-310-1874

Along with your modest annual dues, you need to have a current membership in the **Academy of Model Aeronautics**. If you are not yet an AMA member, you can sign up by calling 765-287-1256 or visiting www.modelaircraft.org online.

SFVRCF Club Meetings

Club meetings are held on the 4th Tuesday of each month at 7:30 PM. Refreshments will be available. Please bring a couple of extra dollars for refreshments and raffle tickets if you so desire.

2014 Club Meeting Schedule			
January	28th	July	22 nd
February	25th	August	26 th
March	25th	September	23 rd
April	22 nd	October	28 th
May	27 th	November	25th – Annual Workers Raffle
June	24 th	December	TBD Holiday Party

The SFVRCF is Academy of Model Aeronautics (AMA) charter club # 152, and as a charter club all members of the SFVRCF must be members in good standing with the AMA. Failure to become an AMA member or to keep your AMA membership current will void your SFVRCF membership. Your AMA membership is verified each year when you renew your club membership. SFVRCF members are expected to abide by club bylaws, Academy of Model Aeronautics rules, Apollo XI field flying regulations, and normal standards of conduct and courtesy.

Apollo XI Field Flying Regulations

This facility is designed to accommodate four general types of powered remotely controlled aircraft in separate areas of the park.

1. Radio controlled heavier than one pound on the main runway.
2. Radio controlled one pound or less & R/C gliders North of the pit area.
3. Radio controlled helicopters South of the pit area
4. Control line flight in the designated Control line circles

This facility does **NOT** accommodate free flight aircraft, Kites, rocketry of any kind; R/C cars or R/C trucks.

Radio Control Flight Rules

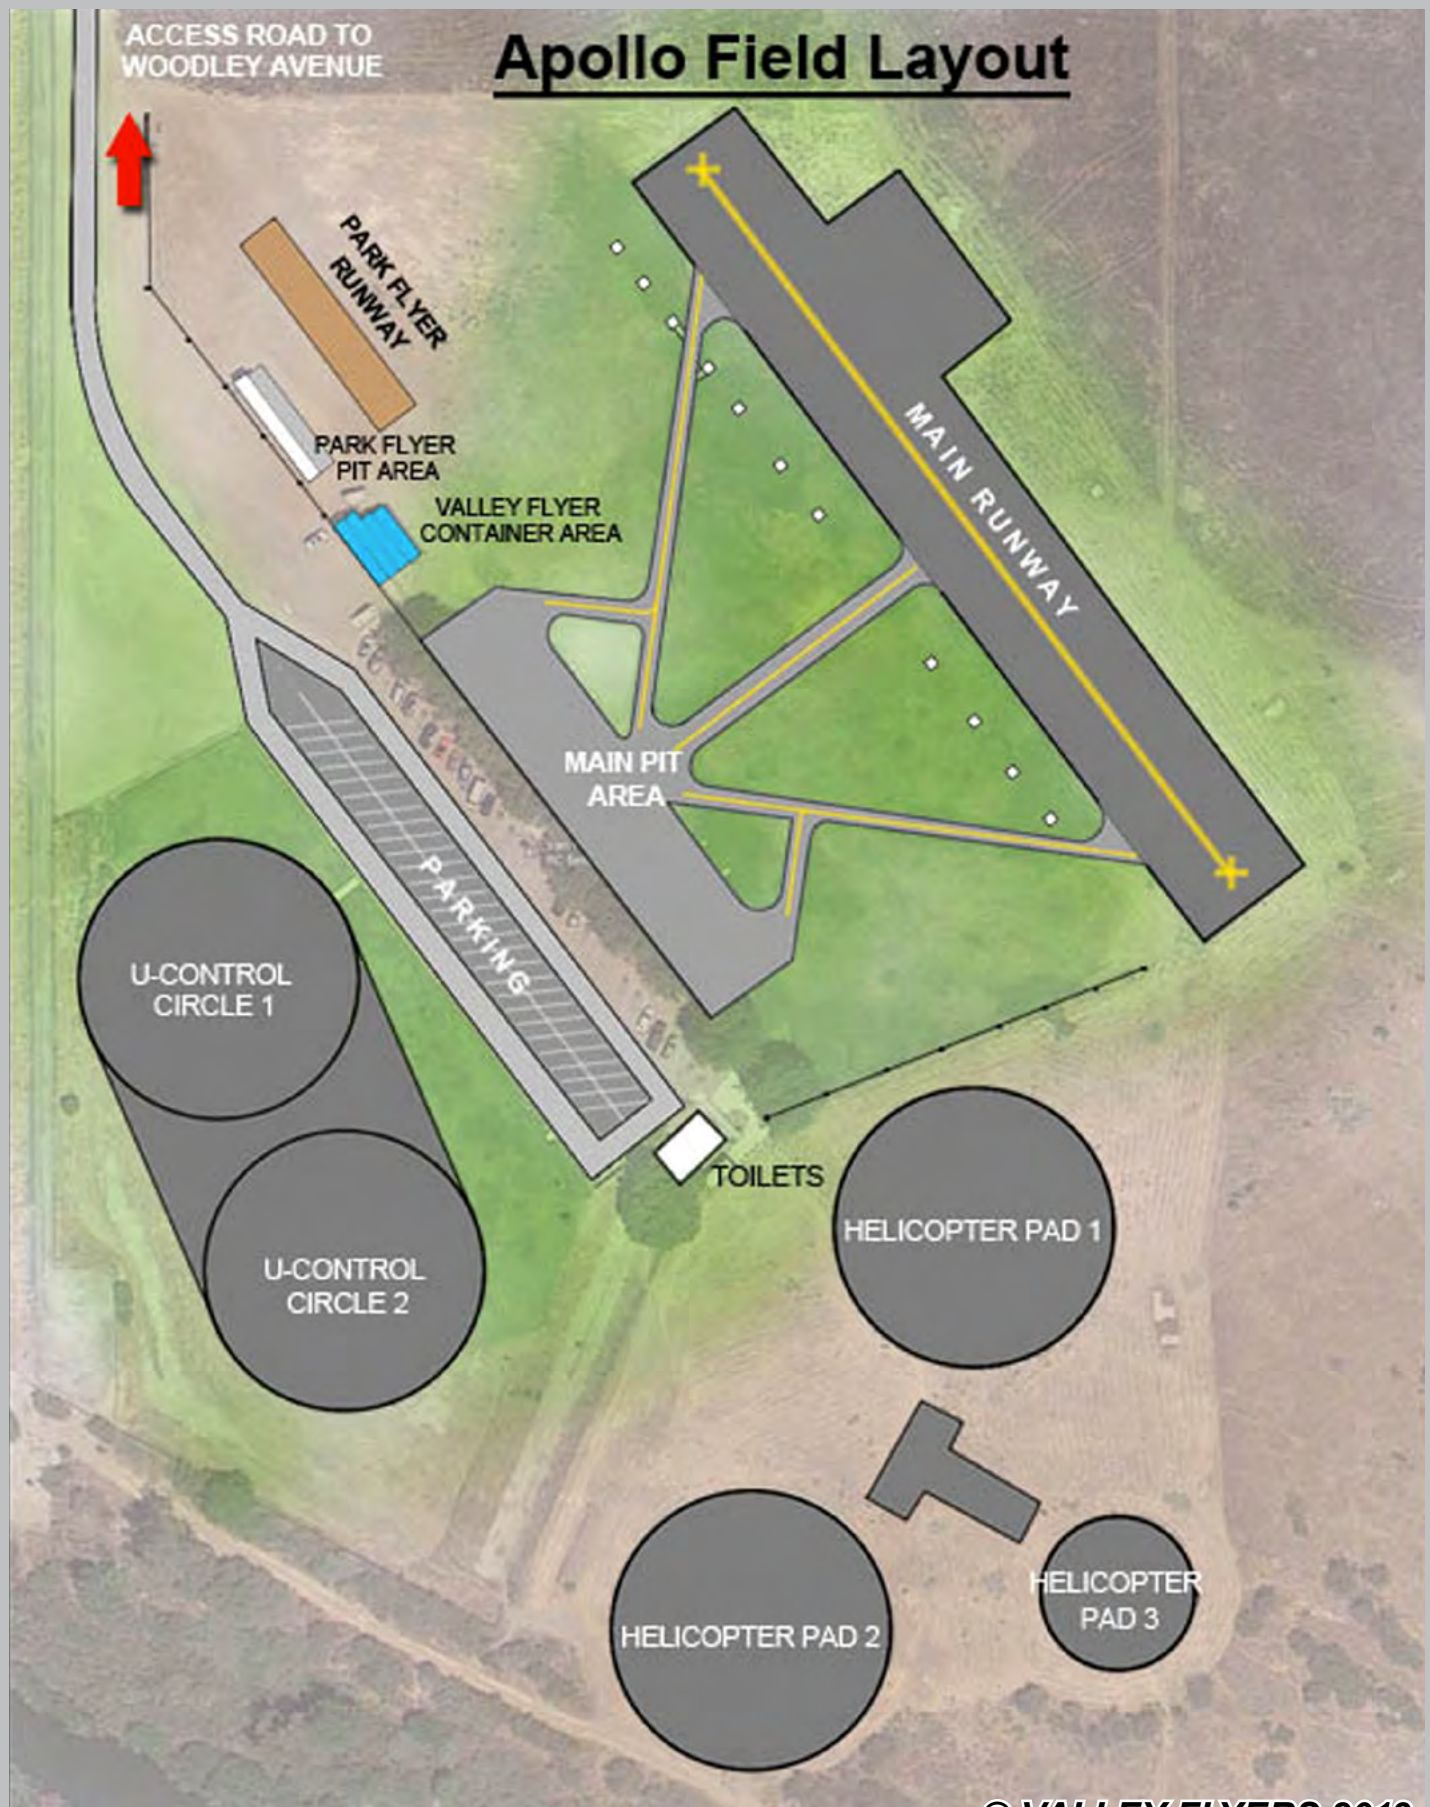

1. All pilots must fly from one of the designated pilot stands.
2. The frequency board will be used at all times and pilots must post their frequency usage with a card or I.D. that contains their name or picture I.D.
3. Open flying is restricted during scheduled events.
4. No take offs and landings from the pit area, taxiways, or grass.
5. 400 feet maximum flying altitude.
6. Take-off and landings to be in the same direction according to the wind.
7. Down-wind passes over the runway are prohibited when other aircraft are flying.
8. Some sort of fuel recovery system must be used when fueling planes to avoid spillage.
9. All pilots will follow taxiways directions as posted.
10. Pilots will call out their intentions (landing, take-off, etc) and clear the runway quickly.
11. There shall be no flying during facility mowing operations
12. Flying over the Golf course, access roads or public roads is prohibited.
13. Each type of aircraft must fly and pit within the area designated on the map for that type of vehicle. Fixed wing aircraft will have a standard left or right pattern depending on the wind.

Failure to comply with these regulations may result in a citation, loss of flying privilege or both.

*****Pilots please note, the Field is closed to open flying during all Valley Flyers Events.***

Pilots must check-in to participate. A valid VF Club membership and/or AMA membership is required.

Become a member, visit www.Valleyflyers.com for more information. 2/2013
