## A Message from our President

### Here's to a great SUCCESS!

The 2014 LA3D Classic Heli Fun Fly was an absolute success. A big thanks to all participants, pilots, coordinators, staff and directors. This year's event dates were

March 15th 2014. We hope to achieve this same level of success again next year and are already in the planning stages for LA3D 2015! So stay tuned! Next year we plan on doing things even bigger and better. If you would like to be part of the action, Email the staff at pirofli-prc@hotmail.com Or bennyel@att.net. for more information.

We will be working to provide "media packs" at an early stage to drive attendance.

We will start making preparations for the next event at an early stage, in order for pilots, vendors and All participants to properly plan their attendance.

If you do not have your membership card by now, please contact membership director

**Barbara Brace:**

babz2008@gmail.com

## ADDENDUM TO RULES AND REGULATIONS

- 1) Fly from the designated flying areas, no taxi way take offs please to prevent low pass collisions.
- 2) Fly on the runway side with the other flyers, to communicate with each other.
- 3) Call your intentions-Taking Off, Landing, **Remember Landings have priority.**
- 4) Fly the pattern everyone else is flying, unless you communicate with each other. The first one out flying dictates direction, or wait till he is finished.
- 5) 3 D stunt flying should be done **off** the runways to avoid mid air collisions.
- 6) Stay within the boundaries as much as possible to avoid mid air collisions.
- 7) Most of all: new pilots at the airfield, If you think you might need help a lot of us are there to assist you, so you don't crash your plane, or crash into some one.
- 8) When working on your planes, make sure some one is helping you, I've seen too many times propeller cuts to the pilot or bystander.

# MARCH RAFFLE

AT THE TUESDAY APRIL 22ND CLUB MEETING

## SIG 4 STAR 54

This month we'll feature the SIG 4 STAR 54 EG/40 size ARF. SIG has updated the 4 STAR series to enable electric or nitro power sources.

The following are the specs for this ARF

### SPECIFICATIONS:

Wing Span: 54 in. 1372 mm

Wing Area: 585 sq in 37.7 dm<sup>2</sup>

Length: 47.5 in. 1206 mm

Flying Weight: 5 - 5.5 lbs. 2268 - 2495 g

Wing Loading: 19.7 - 21.7 oz./ sq ft 60 - 66 g/dm<sup>2</sup>

Radio Required: (not included) 4-Channel w/ 5 Standard Servos (glow)

4-Channel w/ 4 Standard Servos (electric)

Glow Power: (not included) 2-Stroke .40 - .46 cu. in. (6.5 - 7.5 cc)

4-Stroke .40 - .54 cu. in. (6.5 - 8.8 cc)

Electric Power: (not included) 500 - 800 watt Brushless Motor (800-1000 kv)

60-75A Speed Control (ESC)

3-4S 3000 - 5000 mAh Lipo Battery Pack

**Please help the club by supporting the raffle, thank you.**

**A Message from our Heli Director**

"Sergio and I want to thank all the participants that came out and made the event worth having.

Also we want to thank all the valley flyers who helped out with the jobs necessary to put on such an event.

**Bob Tarlau** for his expert work on the mic and announcing the event, and for some great pictures. **Benny** for letting us do the event in the first place and for his expertise in cd-ing the event. **Athena** and her mom **Tena** for

the pictures and videos, also **Winston brown** who captured much of the action on video.

**Mike Stoner** for the cooking, along with **Shawn Keermann, KC, Athena** and others who also helped at the BBQ. Thanks to **Rusty Cook** for setting up, and **Barbra Brace** running sign-up. Mario sweet for field safety.

I know I had a blast and can't wait for the next one.

And I want to personally thank **Sergio** from Piro-flip rc as it was his work and association with

all the heli pilots that made the event work and brought in such a great attendance, and made us all look good."

**Mark Selkirk**

Heli director

*(Editors note: all Heli Fun fly photos can be viewed at:*

**Model, Model, Who's Got the Model?**

First, I hope those who attended last month's meeting had a great time listening to **Dee Lewis** and **Mort**

**Rosenthal**. Dee represented Van Nuys Airport in a way that I found enlightening, to say the least. To say we have a valley heritage is an understatement! And Mort—what can I say? What an achievement to put together an aircraft like that Corsair with all them bells and whistles!

It was mentioned at the meeting, but bears repeating; our Safety Director, **Mario Sweet**, has become the Chairperson for the Friends of Van Nuys Airport! He was elected by the general membership of that group for a reason—he's got it going on! This also gives us, as a club, an ear at the airport, and makes it easier for us to work with the airport, as well. Congrats, Mario!

This month at the general meet-

ing, we will have **Dave Wooten** from Smith Brothers' Hobby Centers in Northridge. (**Tony Nacarrato** may help him along!) As many of you know, this is one of the great hobby shops we have here in the San Fernando Valley, always well stocked, well-versed folks to answer your questions, and they're nice guys, too! I know I'm looking forward to what's going on in the hobby, and I'm pretty sure that Dave will be able to let us know just that.

We also need a lot more projects to share at 'show and tell' at the end of the meeting. Did we mention that you get a raffle ticket for your efforts? Who knows—you could win another plane or other neat goodies that Bob Smith always finds for us.

I'm sure that you've all heard about **Willie Gardner** and his recent travails, but if not, I had a chance to speak with him and his wife Leta at the hospital on March 22nd, and at the time he was expecting to be home in a couple of days. He is one tough old bird, and we all wish him a

speedy recovery. Heck, who else can keep **Dave Sweeney** in line?

*(Editors Note: Willie is now home and actually made the March 18th meeting!!)*

Fair Warning! May Meeting is Indoor Olympics! Categories are: Micro-Quad, Mini-Vapor, mini-heli, and open class. Ladies and gentlemen, start your practicing now, and be prepared to make this annual event a great one!

Are you a Contest Director (CD)? Let us know so we can use your talents for upcoming events!

As always, if you have an idea for an upcoming meeting, I am ready and willing to make it happen! Programs are being formed for June, July is our annual meeting at the field, August is coming.

So, bring your projects to share and we'll see you at the meeting!

Flaps Up!

**Ricc Bieber**

Programs

**APRIL'S EVENTS****COMING UP SATURDAY!****April 5 VF Fun Fly & Swap Meet**

Benny Elkouby – CD | ben-nyel@att.net

This coming

Saturday brings a traditional Valley Flyers Fun & Swap Meet. Flying starts about 9am... and is free to Valley Flyers members. It's \$10 for non-members, who will be asked to show proof of current AMA membership. The swap meet portion – as always – begins first thing in the morning. There's usually plenty of sellers on hand by 7am, often earlier.

**George Finch Memorial Race**

Fri Apr 11 (half day) Sat Apr 12 – Sun Apr 13 Q40/Q500

Travis Flynn – CD | flynnracer@aol.com

Bob Smith provides the latest updates on the Finch memorial event:

1) The EF1 class has been dropped from this event due to a conflict between an EF1 designer and the NMPRA getting it approved for the class. Under threat of a lawsuit from the designer, if we conduct the race, we have eliminated it for this event. Hopefully this will be resolved before the June race.

2) We will have a Hobby People \$100 gift card drawing at the end of the event for event officials. For each day you officiate, you will be entered with two drawing tickets. For half a day's work you get 1 ticket. And of course, you will be entered into the year-end drawing for 'members' if you work the event. Free lunch and drinks as always for officials.

If you have questions, email me at bobthesmith2003@yahoo.com or call at 661-298-2614. You can obtain a copy of the latest event flyer and pre-registration form at the NMPRA site <http://www.nmpira.org/> under the George Finch link of scheduled events. This is the direct link to the updated flyer and registration form.

Hope to see you there, April 11th through the 13th.

## 64 YEARS OF SERVICE

### Dear Model Aircraft & Radio Control Enthusiast,

Thank you for your interest in Model Aviation. The San Fernando Valley Radio Control Flyers (SFVRCF) is Academy of Model Aeronautics Charter Club #152, and in 2014 the club will enjoy its 64<sup>th</sup> year! Joining the Valley Flyers is a great way to support the hobby while enjoying the rich, educational benefits and camaraderie that Club membership can bring.

The main emphasis of the Club is the promotion of model aviation, to maintain the Apollo XI field both physically and politically for model aviation, and to promote good fellowship and community relations. With your membership, you support the many Apollo XI field improvements and community relations projects the club is championing.

### Benefits of Membership Include:

- Free flight instruction. We use our Club trainer airplanes, radios, and fuel... You provide the enthusiasm!
- Free Annual BBQ & Club-subsidized End-of-Year Holiday Party & Award Presentation & FREE Fun Fly Events.
- Club Meetings including Show-And-Tell, Model-Related Programs & Presentations, and a Monthly Raffle.
- RC eNews – Timely and informative email messages about upcoming events, field closure notices and more.
- The Valley Flyer – The club's official newsletter.

Please fill out and sign the membership application. Send the application with a check for the membership dues (make check payable to **The Valley Flyers**) to Valley Flyers Membership, PO Box 2055, North Hills, CA 91393. Alternately, you may bring your application to a Club meeting, or sign up using PayPal® at [www.valleyflyers.com](http://www.valleyflyers.com) online.

Prospective Members and Guests are always welcome and invited to Club meetings. Your support is greatly appreciated.

Barbara Brace, Membership Director  
[babz2008@gmail.com](mailto:babz2008@gmail.com)  
 818-310-1874

Along with your modest annual dues, you need to have a current membership in the **Academy of Model Aeronautics**. If you are not yet an AMA member, you can sign up by calling 765-287-1256 or visiting [www.modelaircraft.org](http://www.modelaircraft.org) online.

### SFVRCF Club Meetings

Club meetings are held on the 4<sup>th</sup> Tuesday of each month at 7:30 PM. Refreshments will be available. Please bring a couple of extra dollars for refreshments and raffle tickets if you so desire.

2014 Club Meeting Schedule			
January	28th	July	22 <sup>nd</sup>
February	25th	August	26 <sup>th</sup>
March	25th	September	23 <sup>rd</sup>
April	22 <sup>nd</sup>	October	28 <sup>th</sup>
May	27 <sup>th</sup>	November	25th – Annual Workers Raffle
June	24 <sup>th</sup>	December	TBD Holiday Party

The SFVRCF is Academy of Model Aeronautics (AMA) charter club # 152, and as a charter club all members of the SFVRCF must be members in good standing with the AMA. Failure to become an AMA member or to keep your AMA membership current will void your SFVRCF membership. Your AMA membership is verified each year when you renew your club membership. SFVRCF members are expected to abide by club bylaws, Academy of Model Aeronautics rules, Apollo XI field flying regulations, and normal standards of conduct and courtesy.

## Apollo XI Field Flying Regulations

**This facility is designed to accommodate four general types of powered remotely controlled aircraft in separate areas of the park.**

1. Radio controlled heavier than one pound on the main runway.
2. Radio controlled one pound or less & R/C gliders North of the pit area.
3. Radio controlled helicopters South of the pit area
4. Control line flight in the designated Control line circles

This facility does **NOT** accommodate free flight aircraft, Kites, rocketry of any kind:  
R/C cars or R/C trucks.

## Radio Control Flight Rules

1. All pilots must fly from one of the designated pilot stands.
2. The frequency board will be used at all times and pilots must post their frequency usage with a card or I.D that contains their name or picture I.D.
3. Open flying is restricted during scheduled events.
4. No take offs and landings from the pit area, taxiways, or grass.
5. 400 feet maximum flying altitude.
6. Take-off and landings to be in the same direction according to the wind.
7. Down-wind passes over the runway are prohibited when other aircraft are flying.
8. Some sort of fuel recovery system must be used when fueling planes to avoid spillage.
9. All pilots will follow taxiways directions as posted.
10. Pilots will call out their intentions (landing, take-off, etc) and clear the runway quickly.
11. There shall be no flying during facility mowing operations
12. Flying over the Golf course, access roads or public roads is prohibited.
13. Each type of aircraft must fly and pit within the area designated on the map for that type of vehicle. Fixed wing aircraft will have a standard left or right pattern depending on the wind.

***Failure to comply with these regulations may result in a citation, loss of flying privilege or both.***

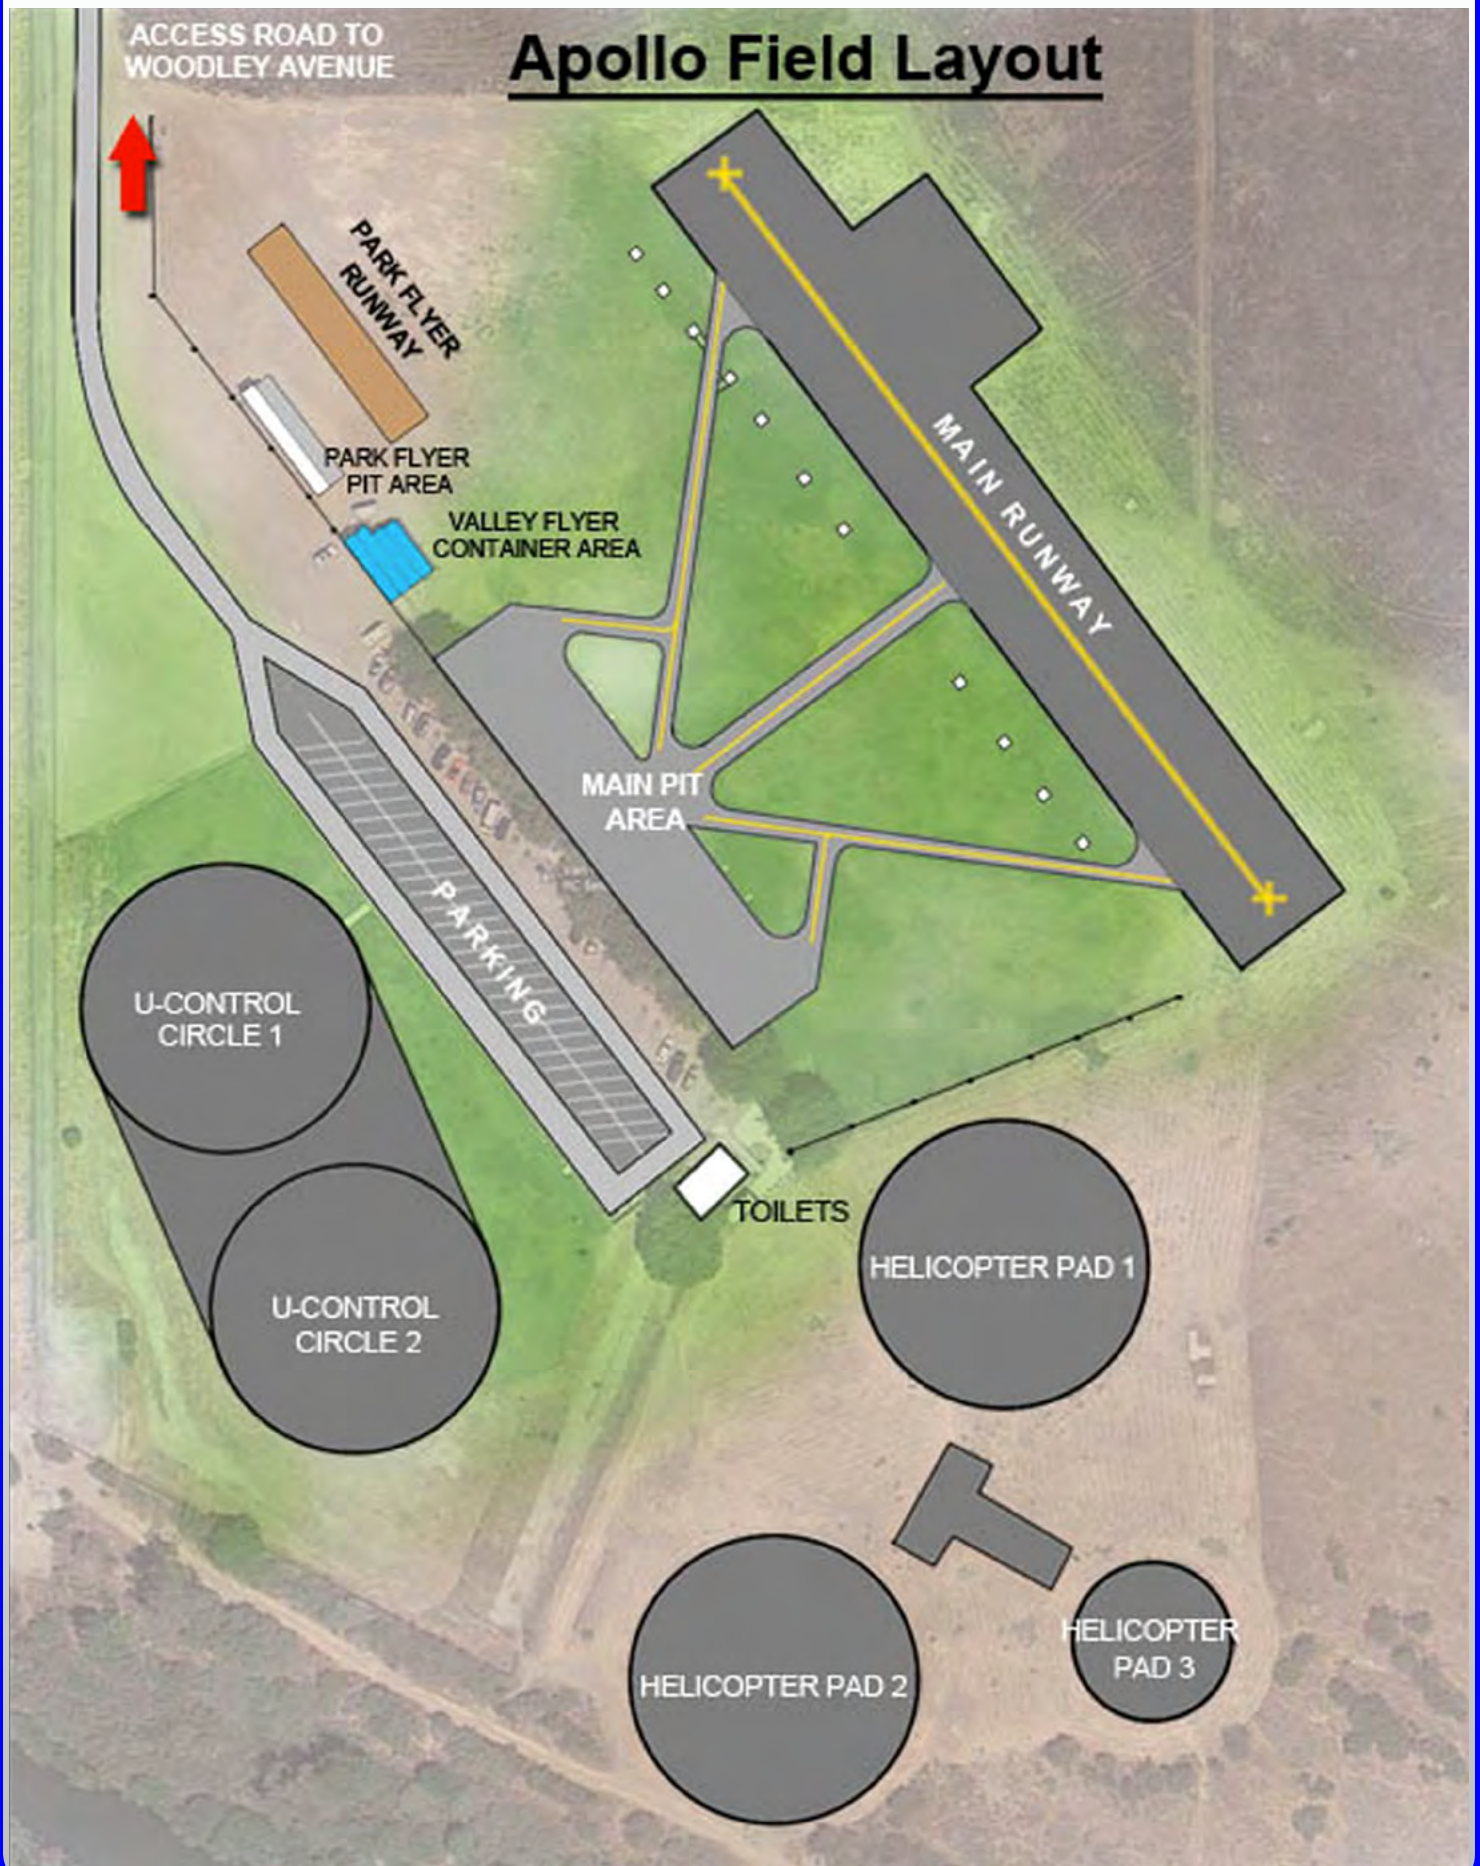

***\*\*Pilots please note, the Field is closed to open flying during all Valley Flyers Events.***

Pilots must check-in to participate. A valid VF Club membership and/or AMA membership is required.  
Become a member, visit [www.Valleyflyers.com](http://www.Valleyflyers.com) for more information. 2/2013

## ADDENDUM TO RULES AND REGULATIONS

- 1) Fly from the designated flying areas, no taxi way take offs please to prevent low pass collisions.
- 2) Fly on the runway side with the other flyers, to communicate with each other.
- 3) Call your intentions-Taking Off, Landing, ***Remember Landings have priority.***
- 4) Fly the pattern everyone else is flying, unless you communicate with each other.  
The first one out flying dictates direction, or wait til he is finished.
- 5) 3 D stunt flying should be done ***off*** the runways to avoid mid air collisions.
- 6) stay within the boundaries as much as possible to avoid mid air collisions.
- 7) Most of all: new pilots at the airfield, If you think you might need help a lot of us are there to assist you, so you don't crash your plane, or crash into some one. Working on your planes, make sure some one is helping you, I've seen too many times propeller cuts to the pilot or bystander.
