Sunday October 12th
Try & Fly Event

We would like your feedback. If you have ideas for improving the newsletter, or would like to submit articles/ideas, contact: emayer@pacbell.net. Ted Mayer, Newsletter editor

Ladies, Gentlemen, Boys and Girls. The annual **Valley Flyer BBQ** is just about here. Next Sunday, September 21st is the date. Choose between burgers or chicken and advise me by e-mail (bobthesmith2003@yahoo.com) of your choice. One guest is welcome, with additional guests allowed at \$5.00 each. Side dishes are needed to make this a complete meal, so please 'bring it'!

Those that bring side dishes will be served the main course first! See the flyer on our website for more details. You can email me at bobthesmith2003@yahoo.com or call 66-298-2614 to make your reservation. The Runway's in sight!

This coming April the Valley Flyers will be hosting the **SAE event (Society of Automotive Engineers)**. This is a group of college engineers contesting in the design and construction of unique aircraft for the purpose of lifting weights. Entry is limited to registered SAE members. Spectators are welcome to attend but no entry to the pit area is allowed. Join us in the fun. We need pilots and inspectors for Friday. Thanks in advance for your support.

Please help support your club by purchasing some raffle tickets!

Dear ValleyFlyers Member,

The San Fernando Valley R/C Flyers will hold our 7th Annual Try-&-Fly/Y-Fly, on Sunday, October 12th. If you're interested in building and flying R/C Airplanes and you want to learn more, this is the place to be! We welcome all children around the ages of 8-14 years of age to participate. Cub Scouts packs, dens and other groups are encouraged to contact me regarding participation, so that we can make sure we have enough supplies to go around.

The event is designed to introduce children to different aspects of modeling, by building and flying a rubber powered plane, R/C Ground School, R/C Simulator and then the opportunity to fly an R/C plane on a buddy box. The event has been a success for us in the past and this year we expect at approximately 150 participants.

The Try & Fly will get started around 10 AM and participation should take about 2-3 hours. We request a \$6 donation per child to cover our costs, which includes lunch. We need at least 24 volunteers to help run this event. It takes more help to run this event than just about anything we do, besides the SAE. If you can help, it will be sincerely appreciated and you'll have fun too! We need members who can bring R/C flight simulators for us to use

during the event. If you can provide a computer and simulator, please let me know.

If you would like to volunteer and have not already signed up to help, please let me know.

Volunteers should arrive by 9 AM. Lunch will be provided. Worker credits will be earned for those who help at the event.

The field will be closed for general flying on Sunday until around 3 PM.

Best regards,

Chuck Thompson

KEEP 'EM FLYING!

Join the flyers

65 YEARS OF SERVICE

Dear Model Aircraft & Radio Control Enthusiast,

Thank you for your interest in Model Aviation. The San Fernando Valley Radio Control Flyers (SFVRCF) is Academy of Model Aeronautics Charter Club #152, and in 2015 the club will enjoy its 65th year! Joining the Valley Flyers is a great way to support the hobby while enjoying the rich, educational benefits and camaraderie that Club membership can bring.

The main emphasis of the Club is the promotion of model aviation, to maintain the Apollo XI field both physically and politically for model aviation, and to promote good fellowship and community relations. With your membership, you support the many Apollo XI field improvements and community relations projects the club is championing.

Benefits of Membership Include:

- Free flight instruction. We use our Club trainer airplanes, radios, and fuel... You provide the enthusiasm!
- Free Annual BBQ & Club-subsidized End-of-Year Holiday Party & Award Presentation & FREE Fun Fly Events.
- Club Meetings including Show-And-Tell, Model-Related Programs & Presentations, and a Monthly Raffle.
- RC eNews – Timely and informative email messages about upcoming events, field closure notices and more.
- The Valley Flyer – The club's official newsletter.

Please fill out and sign the membership application. Send the application with a check for the membership dues (make check payable to **The Valley Flyers**) to Valley Flyers Membership, PO Box 2055, North Hills, CA 91393. Alternately, you may bring your application to a Club meeting, or sign up using PayPal® at www.valleyflyers.club online.

Prospective Members and Guests are always welcome and invited to Club meetings. Your support is greatly appreciated.

Barbara Brace, Membership Director
babz2008@gmail.com
 818-310-1874

Along with your modest annual dues, you need to have a current membership in the **Academy of Model Aeronautics**. If you are not yet an AMA member, you can sign up by calling 765-287-1256 or visiting www.modelaircraft.org online.

SFVRCF Club Meetings

Club meetings are held on the 4th Tuesday of each month at 7:30 PM. Refreshments will be available. Please bring a couple of extra dollars for refreshments and raffle tickets if you so desire.

2015 Club Meeting Schedule			
January	27 th	July	28 th
February	23 rd	August	25 th
March	24 th	September	22 nd
April	28 th	October	27 th
May	26 th	November	24 th Annual Workers Raffle
June	23 rd	December	TBD Holiday Party

The SFVRCF is Academy of Model Aeronautics (AMA) charter club # 152, and as a charter club all members of the SFVRCF must be members in good standing with the AMA. Failure to become an AMA member or to keep your AMA membership current will void your SFVRCF membership. Your AMA membership is verified each year when you renew your club membership. SFVRCF members are expected to abide by club bylaws, Academy of Model Aeronautics rules, Apollo XI field flying regulations, and normal standards of conduct and courtesy.

Apollo XI Field Flying Regulations

This facility is designed to accommodate four general types of powered remotely controlled aircraft in separate areas of the park.

1. Radio controlled heavier than one pound on the main runway.
2. Radio controlled one pound or less & R/C gliders North of the pit area.
3. Radio controlled helicopters South of the pit area
4. Control line flight in the designated Control line circles

This facility does **NOT** accommodate free flight aircraft, Kites, rocketry of any kind: R/C cars or R/C trucks.

Radio Control Flight Rules

1. All pilots must fly from one of the designated pilot stands.
2. The frequency board will be used at all times and pilots must post their frequency usage with a card or I.D that contains their name or picture I.D.
3. Open flying is restricted during scheduled events.
4. No take offs and landings from the pit area, taxiways, or grass.
5. 400 feet maximum flying altitude.
6. Take-off and landings to be in the same direction according to the wind.
7. Down-wind passes over the runway are prohibited when other aircraft are flying.
8. Some sort of fuel recovery system must be used when fueling planes to avoid spillage.
9. All pilots will follow taxiways directions as posted.
10. Pilots will call out their intentions (landing, take-off, etc) and clear the runway quickly.
11. There shall be no flying during facility mowing operations
12. Flying over the Golf course, access roads or public roads is prohibited.
13. Each type of aircraft must fly and pit within the area designated on the map for that type of vehicle. Fixed wing aircraft will have a standard left or right pattern depending on the wind.

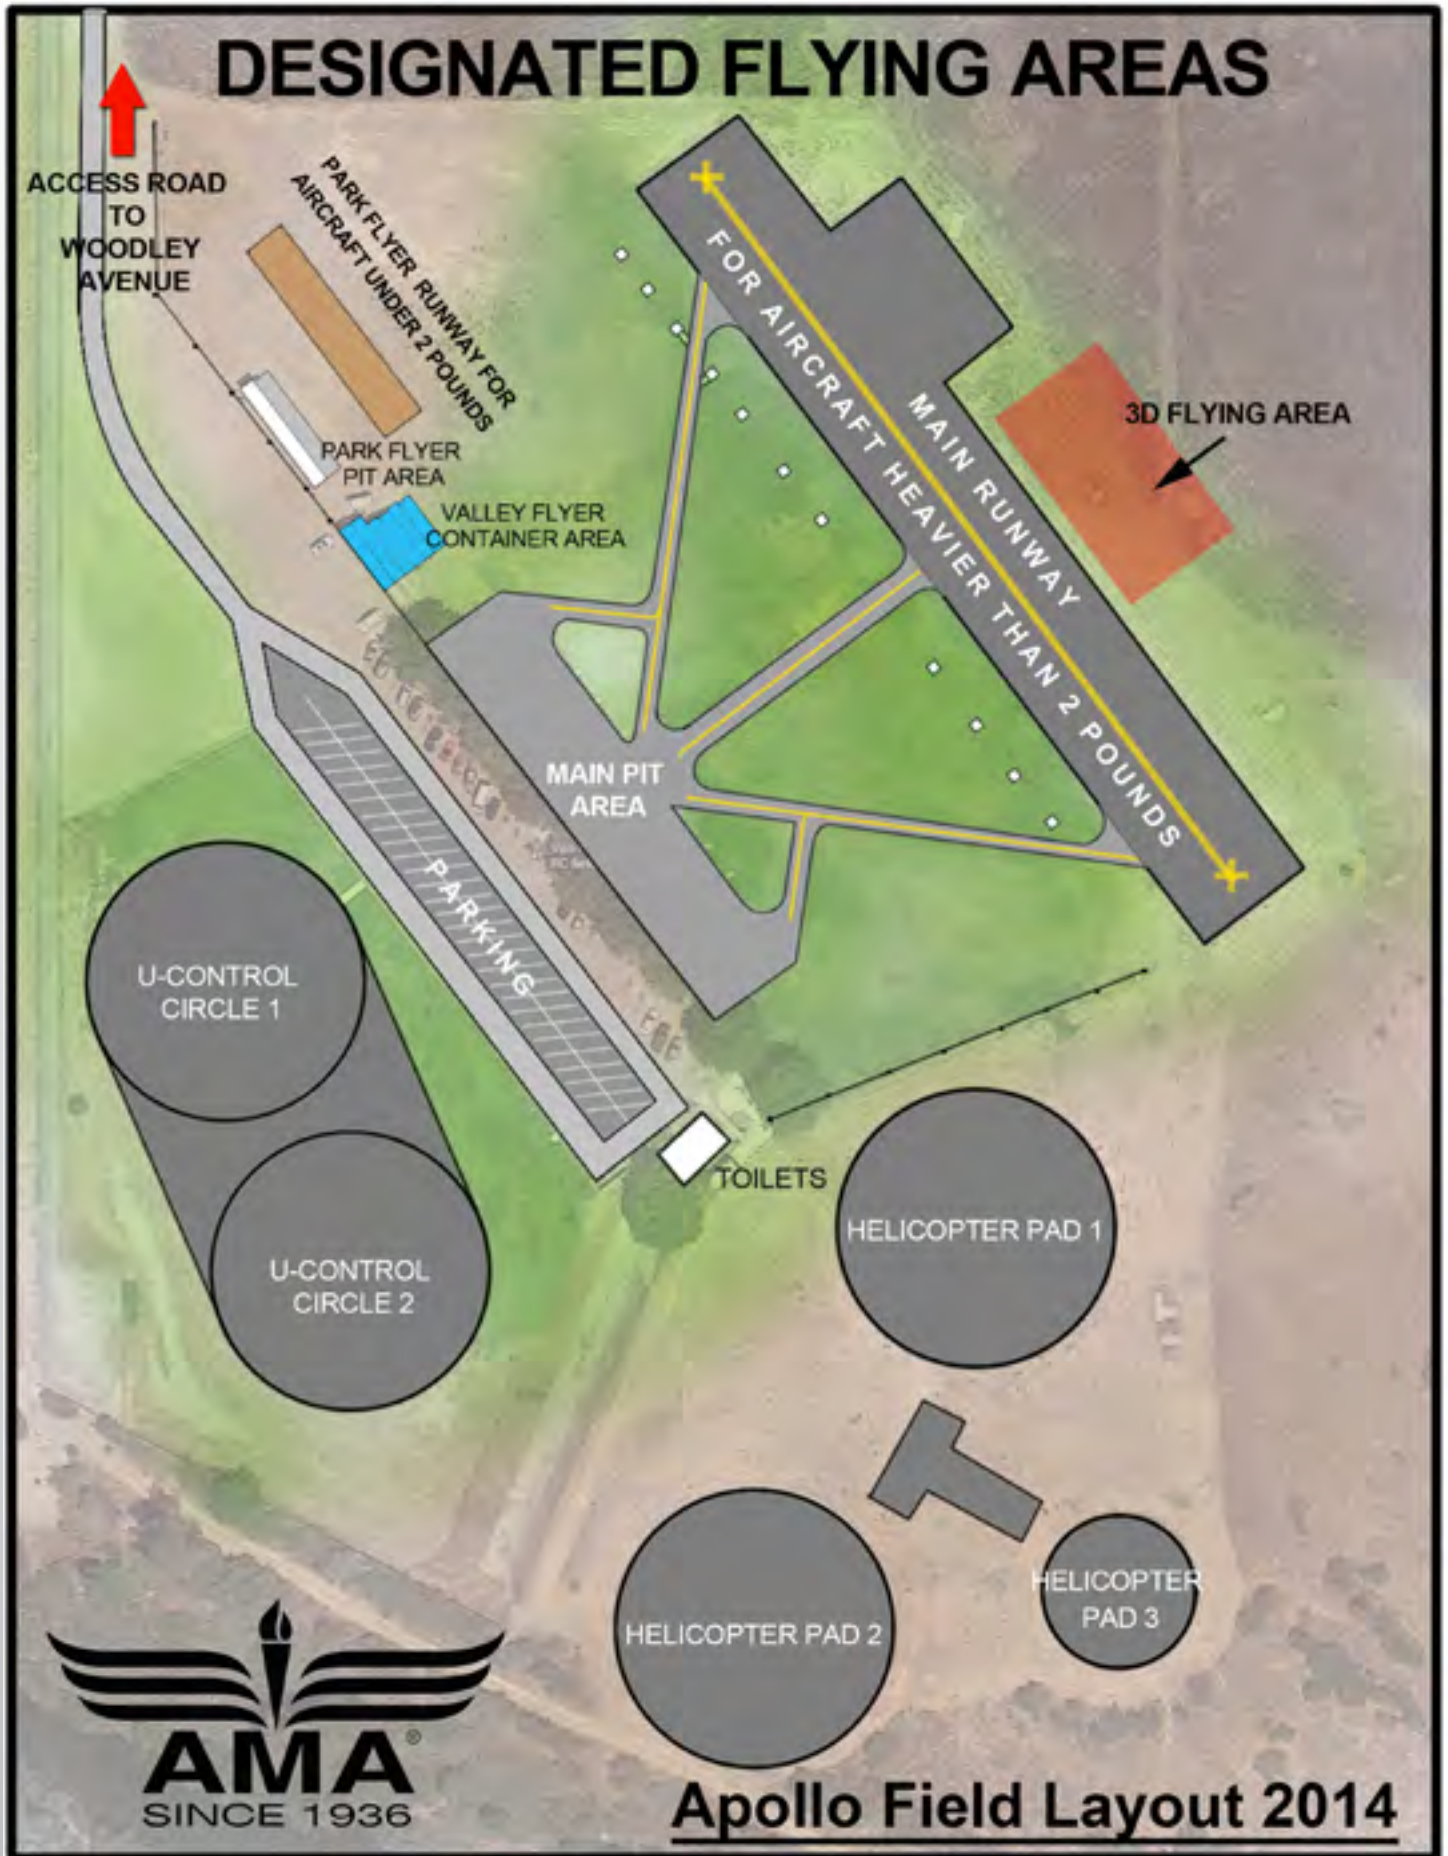

Failure to comply with these regulations may result in a citation, loss of flying privilege or both.

*****Pilots please note, the Field is closed to open flying during all Valley Flyers Events.***

Pilots must check-in to participate. A valid VF Club membership and/or AMA membership is required.
Become a member, visit www.Valleyflyers.com for more information. 2/2013

ADDENDUM TO RULES AND REGULATIONS

- 1) Fly from the designated flying areas, no taxi way take offs please to prevent low pass collisions.
- 2) Fly on the runway side with the other flyers, to communicate with each other.
- 3) Call your intentions-Taking Off, Landing, ***Remember Landings have priority.***
- 4) Fly the pattern everyone else is flying, unless you communicate with each other.
The first one out flying dictates direction, or wait til he is finished.
- 5) 3 D stunt flying should be done ***off*** the runways to avoid mid air collisions.
- 6) stay within the boundaries as much as possible to avoid mid air collisions.
- 7) Most of all: new pilots at the airfield, If you think you might need help a lot of us are there to assist you, so you don't crash your plane, or crash into some one. Working on your planes, make sure some one is helping you, I've seen too many times propeller cuts to the pilot or bystander.
