APRIL RAFFLE**AT THE TUESDAY APRIL 26TH CLUB MEETING****SIG T CLIP 70 EP**

This month's give away features the larger version of the SIG T Clip aerobot machine. You can use gas or electric. May the winner enjoy!

Construction: Balsa and ply, pre-built, pre-covered wing, fuselage

and tail sections, Wing: Two-piece with aluminum joiner Aileron Control: Dual servo, Covering: High quality premium polyester self adhesive, Cowl: Painted fiberglass Landing Gear: Main, one-piece prebent aluminum with 3" (76mm) diameter foam wheels, steerable 1" (25.4mm) rubber tailwheel, Wheel Pants: Painted fiberglass, Motor Mount: Preassembled plywood Engine Mount: Two-piece composite plastic, Fuel Tank: 12oz (360cc) approximate

INCLUDES Pre-built and covered wood wings, fuselage and tail assemblies, Wheels and hardware, Instruction manual

REQUIREMENTS Electric Power-Brushless Motor: 1200-1700 watt 300-400 kV, ESC: Compatible with selected motor, LiPo Battery: 4-6S 4000-5000mAh, Battery Charger: Compatible with selected battery, Glow Power-Engine: .53-.61 cu in two-stroke, or .53-.65 cu in four-stroke, Fuel, glow starter, building & field equipment, Radio: 4 channel with 5 standard servos (Glow) or 4 servos for electric, Y Harness: For aileron servos, Extensions: Two 6" for aileron servos

SPECIFICATIONS

Length: 50" (1270mm), Wing Span: 70" (1778mm), Wing Area: 860 sq in (55.5 sq dm)

Flying Weight: 7 - 7.8lbs (3175 - 3538g), Wing Loading: 19 - 21oz/sq ft (57 - 64g/sq dm)

Brought to you by your Treasurer, Bob Smith

Please help support your club by purchasing some raffle tickets!

APRIL BOARD MEETING MINUTES

Page 4

APRIL 7 TH 2015

Members not in attendance; Adam Gelbart, Dave Sweeney, Matt Carroll and Winston Brown.

Benny confirmed SAE is 24-26 for Stoner. Winston will not be attending this board meeting.

Benny owes Ted news article and so does the board team. Benny has \$100.00 from Tony Naccarato's March 29th event. Service funded by Scott Howell and repaid. Dave will not be attending the meeting, working on flooded house during vacation.

Meeting officially starts, Benny thanking everyone for supporting the event with 66 entries.

Benny reported that Dave went to Gardner's house and obtained Glendale key. Like to go to Glendale the weekend before SAE, Sunday. Rusty will get trailer and load lawnmower. Generator in Glendale needs to come back for SAE event. Bring back during cleanup weekend. Benny needs volunteers.

Race weekend of 4/11-4/12. No flying except control line. No problems with

the helipad used for pylon 1 recently. Quad copter pilots need to comply. Need event officials for George Finch memorial, around 15 officials.

Benny stated VF will provide food for SAE. We have received \$3575 as initial deposit and \$2000 for permit fee. Number of entries 620 students and 50 volunteers. About 750 to be served for Saturday. Leftover food from Saturday will be used Sunday, no problem. Benny will place food order for 800 and condiments. Need to insure food serving process is efficient. Need to insure pump condiments are cleaned between uses.

Mark will be auxiliary pilot if needed.

Bring a couple dozen donuts and coffee. Sell at \$1.00 each. Maybe 5 or 6 dozen donuts. 100 burgers as veggie 700 as regular. Fuel/gas is for SAE only. Don't run generator for sound system.

Shed has a completed trainer hanging system. Shawn and Kaycee helped with painting shed. Need more paint to complete.

Mike suggested putting

AMA signs up for race.

One generator in heli, half way to field to podium. One generator for students and one for PA system.

Will have more electric entries this year. Students cannot use park flyer charge table for pitting. Must be 25 feet away from table. Setup yellow strips as boarder.

SAE will provide Porta Potties and will request a Sunday morning or Saturday evening.

Friday is SAE inspection at Airtel Plaza. Insure blue print measurements and actual aircraft match.

GEORGE FINCH MEMORIAL 2015

The 2015 George Finch Memorial is in the books. Over the two days we had a pretty good turn out, however EF1 was not run due to lack of entrants. We will be discussing whether to try again in June or do two classes of 424. I'm personally in favor of two classes of 424, Saturday and Sunday, since I think they will come and support the event! Over the two days we had 85 entrants, 30 on Saturday and 55 on Sunday.

THE RESULTS WERE AS FOLLOWS

(*) denotes Valley Flyer;

Saturday Q40/422 – 1st Chuck Andraka 0:59.79, 2nd *Travis Flynn 1:00.66, 3rd Rusty VanBaren 1:01.32 Fast time Lee Van Derhey 0:58.78

2

Saturday 426 – 1st Robert Holik 1:04.60, 2nd and Fast time *Taylor Thompson 1:02.41, 3rd Roy Andrassy.

2

Sunday Q40/422 – 1st Richard Verano 1:03.01, 2nd and Fast time *Travis Flynn 1:01.93, 3rd David Lloyd 1:04.80.

2

Sunday 426 – 1st Robert Holik 1:05.0, 2nd Mario Salazar 1:06.67, 3rd and Fast time Roy Andrassy 1:01.83.

Sunday 424 – 1st Gilbert Lucero 1:25.29, 2nd Scott Manning 1:21.51, 3rd Ted Burns , Fast time *Benny Elkouby 1:21.29

SAE Aero Design West

A three day event April 24th - 26th
 The entire Field will be CLOSED for ALL Flying.

Volunteers

It's... HERE!
 The 2015
 SAE Aero
 Design West
 collegiate "Design and Fly" competition! This year, The Valley Flyers club once again will host hundreds of college students for what is arguably, the most interesting and intense event at the field. This year, we have 75 teams from countries spanning the globe converging on Southern California for the presentation and demonstration of aircraft that represent months and hundreds of hours of design and building efforts. A truly amazing international experience. To earn our keep as the GO-TO Club, along with the generous donation that the SAE provides each year that we host this event, we need your help to make it successful!

When?

Friday, April 24--Sunday,
 April 26.

Where?

Friday, April 24th -- Airtel
 Plaza Hotel in Van Nuys.

Sat-Sun

April 25-26, Apollo 11 Field.

What?

Friday, we are looking for volunteers for Technical/Safety Inspections.

If you can show up at the Airtel Plaza hotel between 7AM-7:30 AM for an all-day (or half-day) effort, please contact **Sam Gengo at thevalleyflyer@yahoo.com** and let us know. Some of you have done this in the past and know how rewarding and awesome it is to view all the team's projects up close and personal on Friday at the hotel ballroom!

Inspector Requirements:

- 1.) Be able to use a tape measure,
- 2.) Be willing to review a tech/safety checklist for the category of aircraft that you are checking.
- 3.) Knowledge of model airplanes with respect to safety of flight is a plus!

Can we count on You?

Let Sam know at thevalleyflyer@yahoo.com or let him know if you are able to help out at the field Saturday or Sunday. Positions include helping with fueling / weighing of aircraft, crash re-inspections, crowd and spectator control, food prep and distribution, setup/teardown, etc. All volunteers will earn raffle credits in the storied end-of-year Club drawing. Note that there will be no sport flying on the 24, 25, and 26th of April. The field will be closed to SAE registered participants and their pilots for test flights on Thursday and official flying rounds on Saturday and Sunday.

The entire Field will be
 CLOSED for ALL Flying.

VALLEY FLYERS

Experience the Excitement!

Planes of Fame Air Museum is proud to present Air Show 2015, May 2 & 3: "A Salute to Veterans". This year's airshow will feature nearly 50 historic aircraft, performing for your enjoyment as well as a salute to our veterans. We invite you to Airshow 2015 to celebrate the history, contributions, and sacrifices of our veterans.

Performers include U.S.A.F. F-22 Raptor Demo Team and Heritage Flight, Sean D. Tucker-Team Oracle Aerobatics, Canadian Forces CF-18 Hornet Demonstration Team, Sea Fury Aerobatics by Sanders Aeronautics, Clay Lacy's Learjet Demonstration, Rob Harrison and the Tumbling Bear, Gregory Colyer's T-33, John Collver's AT-6 Aerobatics, and over 40 WWII aircraft including B-25, P-47, and P-51s. In addition to many other fantastic airplanes that will be performing and on static display, there will be a special panel discussion with a large number of our honored veterans. A special educational display by the Remembrance Rescue Project will present Rescue 5, a restored FDNY truck, damaged during September 11th, 2001, that lost all its crew of 11 firefighters. Stay tuned for future announcements of some of our special guests. Also, be sure to catch the Preview Day & Twilight Show on May 1! View our Air Show promotional videos of performer highlights for 2015! If you are interested in helping to sponsor Air Show 2015, click here to learn about the opportunities!

65 YEARS OF SERVICE

Dear Model Aircraft & Radio Control Enthusiast,

Thank you for your interest in Model Aviation. The San Fernando Valley Radio Control Flyers (SFVRCF) is Academy of Model Aeronautics Charter Club #152, and in 2015 the club will enjoy its 65th year! Joining the Valley Flyers is a great way to support the hobby while enjoying the rich, educational benefits and camaraderie that Club membership can bring.

The main emphasis of the Club is the promotion of model aviation, to maintain the Apollo XI field both physically and politically for model aviation, and to promote good fellowship and community relations. With your membership, you support the many Apollo XI field improvements and community relations projects the club is championing.

Benefits of Membership Include:

- Free flight instruction. We use our Club trainer airplanes, radios, and fuel... You provide the enthusiasm!
- Free Annual BBQ & Club-subsidized End-of-Year Holiday Party & Award Presentation & FREE Fun Fly Events.
- Club Meetings including Show-And-Tell, Model-Related Programs & Presentations, and a Monthly Raffle.
- RC eNews – Timely and informative email messages about upcoming events, field closure notices and more.
- The Valley Flyer – The club's official newsletter.

Please fill out and sign the membership application. Send the application with a check for the membership dues (make check payable to **The Valley Flyers**) to Valley Flyers Membership, PO Box 2055, North Hills, CA 91393. Alternately, you may bring your application to a Club meeting, or sign up using PayPal® at www.valleyflyers.club online.

Prospective Members and Guests are always welcome and invited to Club meetings. Your support is greatly appreciated.

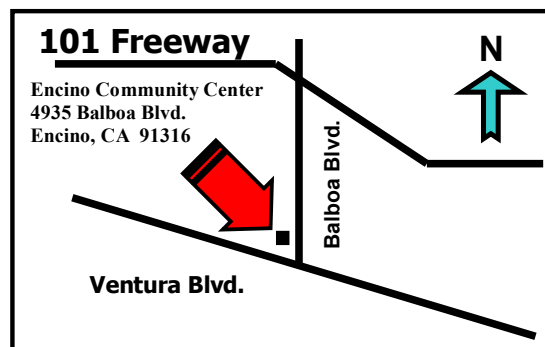

Barbara Brace, Membership Director
babz2008@gmail.com
 818-310-1874

Along with your modest annual dues, you need to have a current membership in the **Academy of Model Aeronautics**. If you are not yet an AMA member, you can sign up by calling 765-287-1256 or visiting www.modelaircraft.org online.

SFVRCF Club Meetings

Club meetings are held on the 4th Tuesday of each month at **7:00 PM**. Refreshments will be available. Please bring a couple of extra dollars for refreshments and raffle tickets if you so desire.

2015 Club Meeting Schedule			
January	27 th	July	28 th
February	24 th	August	25 th
March	24 th	September	22 nd
April	28 th	October	27 th
May	26 th	November	24 th Annual Workers Raffle
June	23 rd	December	TBD Holiday Party

The SFVRCF is Academy of Model Aeronautics (AMA) charter club # 152, and as a charter club all members of the SFVRCF must be members in good standing with the AMA. Failure to become an AMA member or to keep your AMA membership current will void your SFVRCF membership. Your AMA membership is verified each year when you renew your club membership. SFVRCF members are expected to abide by club bylaws, Academy of Model Aeronautics rules, Apollo XI field flying regulations, and normal standards of conduct and courtesy.

Apollo XI Field Flying Regulations

This facility is designed to accommodate four general types of powered remotely controlled aircraft in separate areas of the park.

1. Radio controlled heavier than one pound on the main runway.
2. Radio controlled one pound or less & R/C gliders North of the pit area.
3. Radio controlled helicopters South of the pit area
4. Control line flight in the designated Control line circles

This facility does **NOT** accommodate free flight aircraft, Kites, rocketry of any kind: R/C cars or R/C trucks.

Radio Control Flight Rules

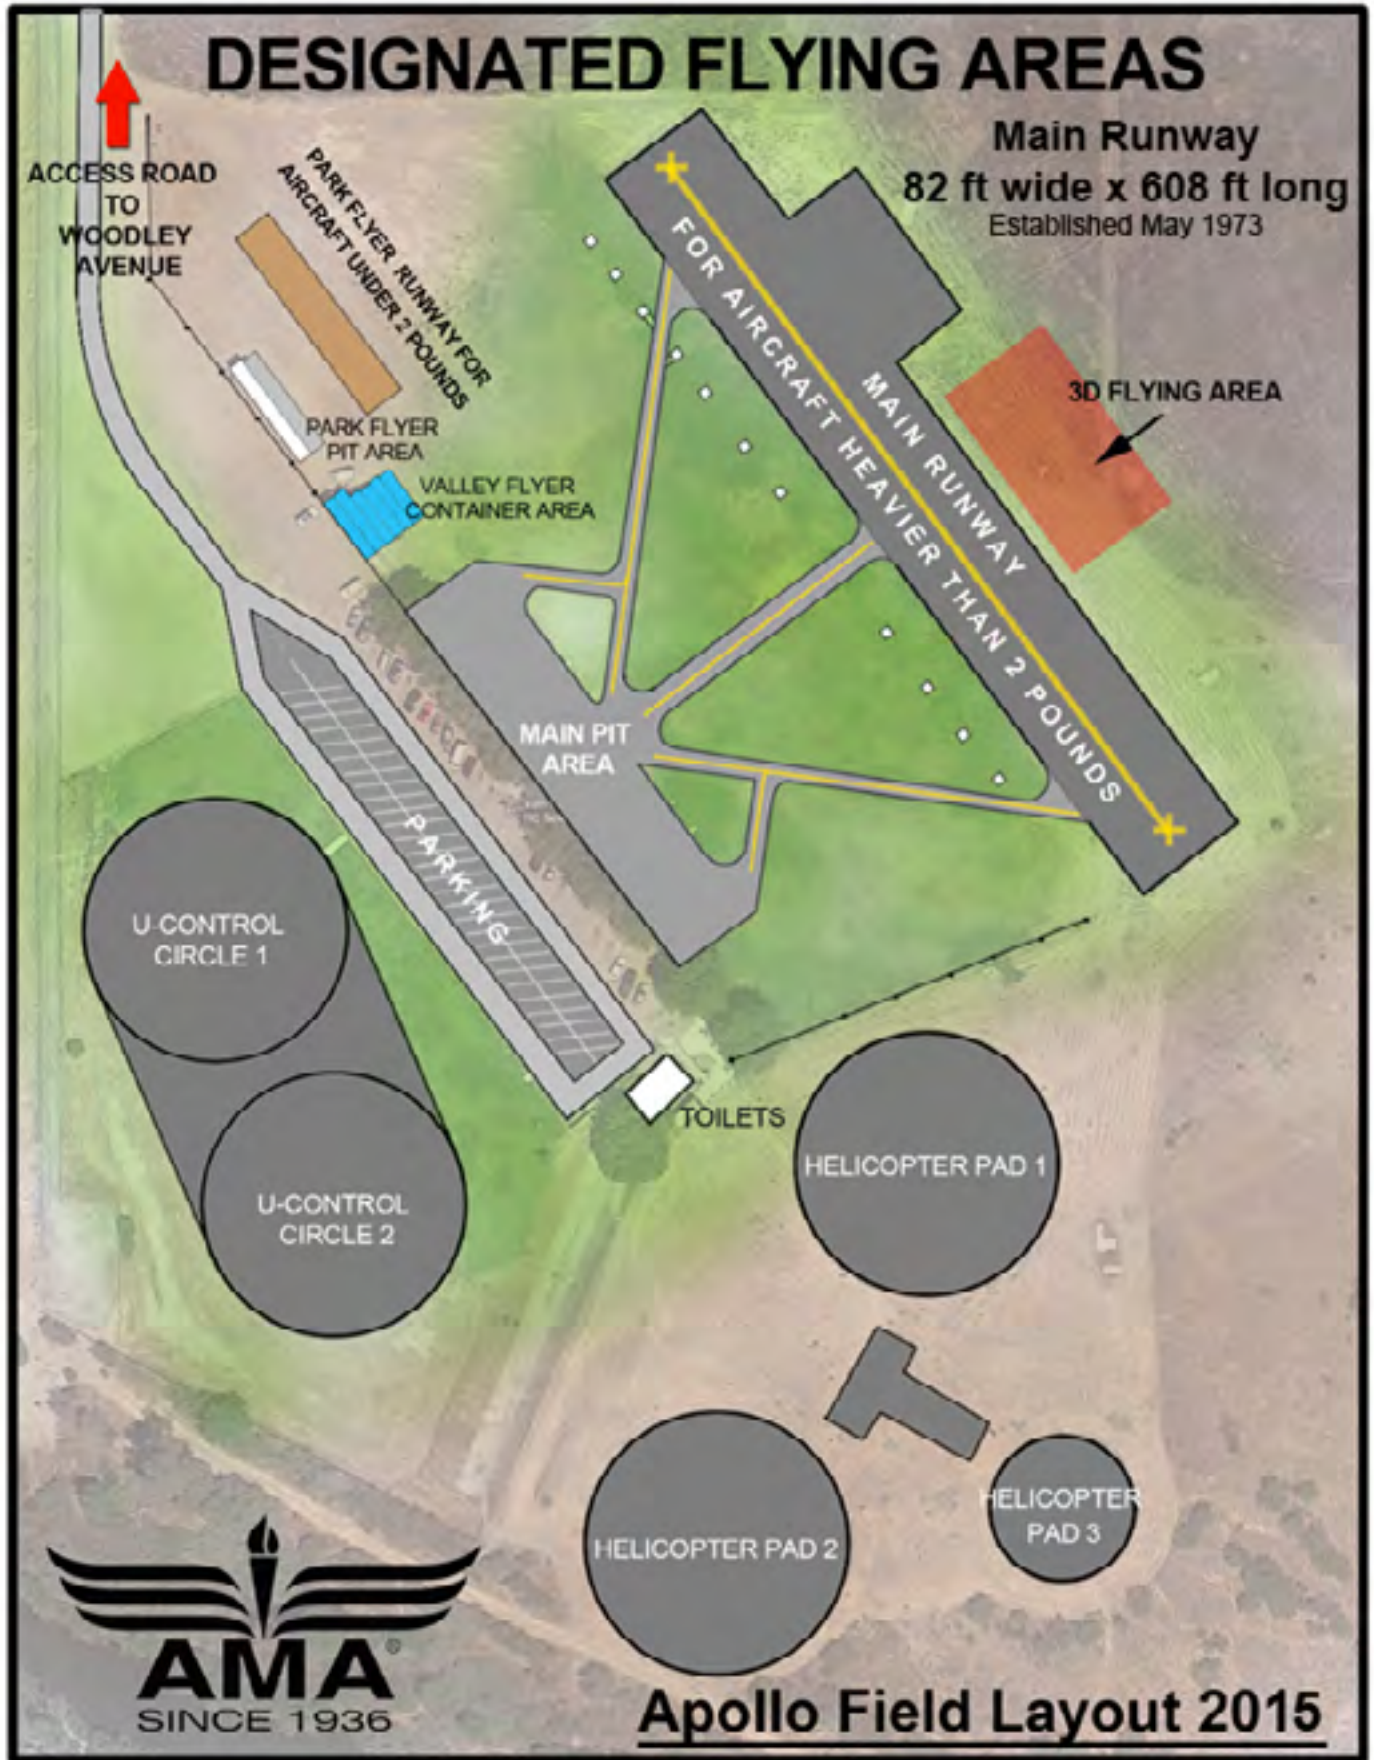

1. All pilots must fly from one of the designated pilot stands.
2. The frequency board will be used at all times and pilots must post their frequency usage with a card or I.D that contains their name or picture I.D.
3. Open flying is restricted during scheduled events.
4. No take offs and landings from the pit area, taxiways, or grass.
5. 400 feet maximum flying altitude.
6. Take-off and landings to be in the same direction according to the wind.
7. Down-wind passes over the runway are prohibited when other aircraft are flying.
8. Some sort of fuel recovery system must be used when fueling planes to avoid spillage.
9. All pilots will follow taxiways directions as posted.
10. Pilots will call out their intentions (landing, take-off, etc) and clear the runway quickly.
11. There shall be no flying during facility mowing operations
12. Flying over the Golf course, access roads or public roads is prohibited.
13. Each type of aircraft must fly and pit within the area designated on the map for that type of vehicle. Fixed wing aircraft will have a standard left or right pattern depending on the wind.

Failure to comply with these regulations may result in a citation, loss of flying privilege or both.

*****Pilots please note, the Field is closed to open flying during all Valley Flyers Events.***

ADDENDUM TO RULES AND REGULATIONS

- 1) Fly from the designated flying areas, no taxi way take offs please to prevent low pass collisions.
- 2) Fly on the runway side with the other flyers, to communicate with each other.
- 3) Call your intentions-Taking Off, Landing, ***Remember Landings have priority.***
- 4) Fly the pattern everyone else is flying, unless you communicate with each other.
The first one out flying dictates direction, or wait til he is finished.
- 5) 3 D stunt flying should be done ***off*** the runways to avoid mid air collisions.
- 6) stay within the boundaries as much as possible to avoid mid air collisions.
- 7) Most of all: new pilots at the airfield, If you think you might need help a lot of us are there to assist you, so you don't crash your plane, or crash into some one. Working on your planes, make sure some one is helping you, I've seen too many times propeller cuts to the pilot or bystander.
