I'm happy to report that the fun fly swap meet was a big success. This long anticipated event is now behind us. Those who participated had

a great time and flew some beautiful scale models. It was a great turnout.

Thanks to **Adam Gelbart** for another successful scale event and thanks to all the volunteers.

I also want to thank the Parks and Recreation Department for new paint job in the rest rooms.

### **To all Valley Flyer Members**

Barbara Brace and family have relocated to Oregon. Her friend, Sharon Riberdy (sriberdy@msn.com) will fill her position as Membership Director.

Barbara said goodbye at the

general meeting at the field on July 28th and wished everyone the best and was grateful for the support she and her family received during her tenure.

Barbara, thank you and your

family for your services to the club! You all were greatly appreciated!

**Sincerely, the Valley Flyers membership**

### **To all my Friends/ Family,**

*Thank you for such Heart Warming speeches. You almost had me tear up.*

*I told you all you can't rid of me yet. I loved seeing everyone.*

*If Ted or Winston can post a nice saying to all the Members of how they will be missed greatly!*

*Barbara Brace, former Membership Director  
San Fernando Valley R/C Flyers, CA.*

Well I would like to wish Rusty, Barbara, Shawn, and Kaycee, well on their

Oregon adventure. They left Thursday July 23rd, 2015.

I will be taking over Hospitality, Safety Director, and Training, along with VP duties. I will surely miss all the help and contributions they have provided

to the club the last couple of years. Rusty my fling buddy, "I miss you already". One request: People that get a new club membership and are requesting flight training I need to be emailed in advance so I can have a training plane ready in advance.

In relation to safety, Quadcopters need to flown in the

Heli area and flown in the field area, I'm observing FPV flight without a spotter, some one needs to be in line of sight when these are flown. That is a FAA rule. Too many times I'll ask where is your quad, and I get a reply of "I don't know." Remember safety first. Height limit is 400 ft, yielding for scale aircraft at all times. The height limit is for all aircraft.

### **BIG CAUTION:**

**Landings have priority over take offs!!**

If you are waiting to take off, hold your position off the runway ***until called landings are completed.***

Just by calling 'Taking Off' after a landing has been called, is not an excuse to go head. The consequence is the landing pilot has to take his eye off of his plane. It ruins concentration when bringing your plane in for a safe landing.

Please use common sense. We don't have a control tower to instruct you that you're clear for take off.

You could be liable if you cause a landing that damages the incoming plane. Some of these planes are expensive!!

**D.B.D." Don't Be Dumb."**

### **HEIGHT RESTRICTIONS**

We have been getting complaints about planes exceeding designated height limits of 400 feet.

Jets going vertical easily exceed 400feet. In addition 3D airplanes doing maneuvers also exceed these height restrictions.

**This needs to stop!** If this continues the airport has the jurisdiction to close the field down.

Lets all be more careful!

Thanks

**Mike Stoner**

Vice President

Special thanks to **Jenaro Balanezo** for generously donating six gallons of Powermaster fuel, to the Club.

The gift will be used in our regular events that are coming up this year. These would be our Try-N-Fly, and our training flights etc.,

**Thanks Jenaro!**

## EZ BALANCER AND EZ BALANCER LITE

I just added the standard size EZ Balancer to my 'shop' after trying to balance large 72" biplanes on the smaller version. I reported on the "Lite" version some-time back. It's worth the ex-

pense if you build large aircraft well over 15 pounds, in my opinion. I've tried to balance a large Aeromaster for 3 years (off and on) and haven't been successful with either the finger

method with two people or the Balancer Lite. So... I'm adding the larger system to be able to fly the aircraft with reasonable success!

**EZ BALANCER LITE**  
retails for \$85 plus S & H

**EZ BALANCER**

## Board Meeting Minutes July 7, 2015 Page 8

**Attendees:** Benny Elkouby, Bob Smith, Mike Stoner, Tony di Leo, Ted Mayer, Mark Selkirk, Barbara Brace, Winston Brown, Rusty Cook, Shawn Keermann, Adam Gelbart, Chuck Thompson, Wayne Longo, Athena Aguila and Sharon Riberdy

Meeting was called to order at 7:35 P.M.

The Valley Flyer Fun Fly & Swap Meet to be held on July 11, 2015 will be free for Valley Flyer members.

**Benny Elkouby** announced that there is a new look at the helicopter field. There is a new fence, the tables have been upgraded. There will be more improvements made in the future including a double fence by the hiking path so hikers don't end up on the field.

There will be another attempt to get the field in Glendale, Sunday July 26, 2015. It is imperative that we get more people than just the four that were there on the first attempt and the seven that were there on the second attempt. Let's hope there is a better turnout this time. A new weed wacker will be purchased to help with the weeds. A motion was made and passed. Flyers will be given to hobby shops for help to work on the field.

It has been suggested that the year-end party be at the Marakesh restaurant. He will get more information on cost

to see if it will be reasonable. There will be a 3D event on October 11th.

**Bob Smith** reported Deposits of \$11,069.48 Balance at beginning of the month, \$1,797.77 from Pay Pal with a total of \$11,249.25 Total at the end of the month.

At the August member meeting **Mort Rosenthal** will be the featured speaker on his Modified C-2 Balancer. To encourage an increase in new members attending these meeting, free pizza will be served to the first 30 attendees.

Plastic chairs need to be donated for the field, there will be an e-blast sent to all members.

**Winston Brown** wanted to know if the VF Free Fly was to be free for only members and whether general fee would be \$15.00 including lunch.. It was stated that the registration fee would be \$20.00 for non-members and anyone wanting food would make a donation of \$5.00 to the club.

He will send out an e-blast letting members know that there will be a discount for the AMA fees of \$113.00 for two years if paid early.

**Adam Gelbart** will be unable to be the Contest Director at the August 1, 2015 All Scale Event and will need someone to take his place.

**Mark Selkirk** wanted to thank the board for the fencing in

the helicopter area. It is doing a great job.

**Tony di Leo** wanted to know if we could get a T-28 trainer for use at the field.

**Barbara Brace** reported that we presently have 350 members. There seemed to be a difference if figures that Bob Smith had. She sent a list to AMA to get all member AMA numbers but would like an e-blast to go out getting her everyone's AMA numbers that have not provided them. She got a list from the AMA but does not think it is what she requested.

**Mike Stoner** brought up the smoke issue for the LA Jets event to be held on July 18, 2015. There is to be no smoke at all.

The safety issues with LAX need to be tightened.

Glendale field will be available to members only. It is to be set up for airplanes only. Later on helicopters and lastly cars. It has already been planned so it just needs to get started. The suggested names for the new field in Glendale are either The Willie Gardner Field or Gardner Field.

Meeting adjourned at 9:00 P.M.

## Member Benefit Update

Dear Edward,

Your auto insurance is supposed to guard you every mile you drive ... every day of the year. **But what if you're paying too much for protection that stops short if you're in an accident?**

As an AMA member, it's easy to find out. [Get your qualified quote now](#)

- You could **pay less for every auto insurance bill with a special discount.**
- What if you could cut those bills while at the same time providing **peace of mind for your loved ones when they're on the road?**
- Vanishing Deductible® - Add Vanishing Deductible and get \$100 off for every year of safe driving. Your deductible could even go down to zero.\*

Because you are a member of AMA, Nationwide offers you a discount.

Thanks to an alliance between Academy of Model Aeronautics and Nationwide Insurance®, you can lower your auto insurance bills - while you set up even higher peace of mind whenever you're on the road.

And what if you're in an accident? Just one accident could cost a safe driver like you as much as \$500.00 - **but it doesn't have to.**

Sincerely,  
Nationwide Insurance

**P.S. If you act fast, you could even qualify for a refund on your current coverage.** Your current auto insurance company is required to issue you a prompt refund check for the majority of the premium that hasn't been used under your current policy.\*\*

So why wait? [See how much you could save as an AMA member today. You can also call 1-888-889-4322.](#)

## 65 YEARS OF SERVICE

### Dear Model Aircraft & Radio Control Enthusiast,

Thank you for your interest in Model Aviation. The San Fernando Valley Radio Control Flyers (SFVRCF) is Academy of Model Aeronautics Charter Club #152, and in 2015 the club will enjoy its 65<sup>th</sup> year! Joining the Valley Flyers is a great way to support the hobby while enjoying the rich, educational benefits and camaraderie that Club membership can bring.

The main emphasis of the Club is the promotion of model aviation, to maintain the Apollo XI field both physically and politically for model aviation, and to promote good fellowship and community relations. With your membership, you support the many Apollo XI field improvements and community relations projects the club is championing.

### Benefits of Membership Include:

- Free flight instruction. We use our Club trainer airplanes, radios, and fuel... You provide the enthusiasm!
- Free Annual BBQ & Club-subsidized End-of-Year Holiday Party & Award Presentation & FREE Fun Fly Events.
- Club Meetings including Show-And-Tell, Model-Related Programs & Presentations, and a Monthly Raffle.
- RC eNews – Timely and informative email messages about upcoming events, field closure notices and more.
- The Valley Flyer – The club's official newsletter.

Please fill out and sign the membership application. Send the application with a check for the membership dues (make check payable to **The Valley Flyers**) to Valley Flyers Membership, PO Box 2055, North Hills, CA 91393. Alternately, you may bring your application to a Club meeting, or sign up using PayPal® at [www.valleyflyers.club](http://www.valleyflyers.club) online.

Prospective Members and Guests are always welcome and invited to Club meetings. Your support is greatly appreciated.

Sharon Riberdy, Membership Director  
[sriberdy@msn.com](mailto:sriberdy@msn.com)  
 818-621-4799

Along with your modest annual dues, you need to have a current membership in the **Academy of Model Aeronautics**. If you are not yet an AMA member, you can sign up by calling 765-287-1258 or visiting [www.modelaircraft.org](http://www.modelaircraft.org) online.

### SFVRCF Club Meetings

Club meetings are held on the 4<sup>th</sup> Tuesday of each month at **7:00 PM**. Refreshments will be available. Please bring a couple of extra dollars for refreshments and raffle tickets if you so desire.

2015 Club Meeting Schedule

## Apollo XI Field Flying Regulations

**This facility is designed to accommodate four general types of powered remotely controlled aircraft in separate areas of the park.**

1. Radio controlled heavier than one pound on the main runway.
2. Radio controlled one pound or less & R/C gliders North of the pit area.
3. Radio controlled helicopters South of the pit area
4. Control line flight in the designated Control line circles

This facility does **NOT** accommodate free flight aircraft, Kites, rocketry of any kind: R/C cars or R/C trucks.

## Radio Control Flight Rules

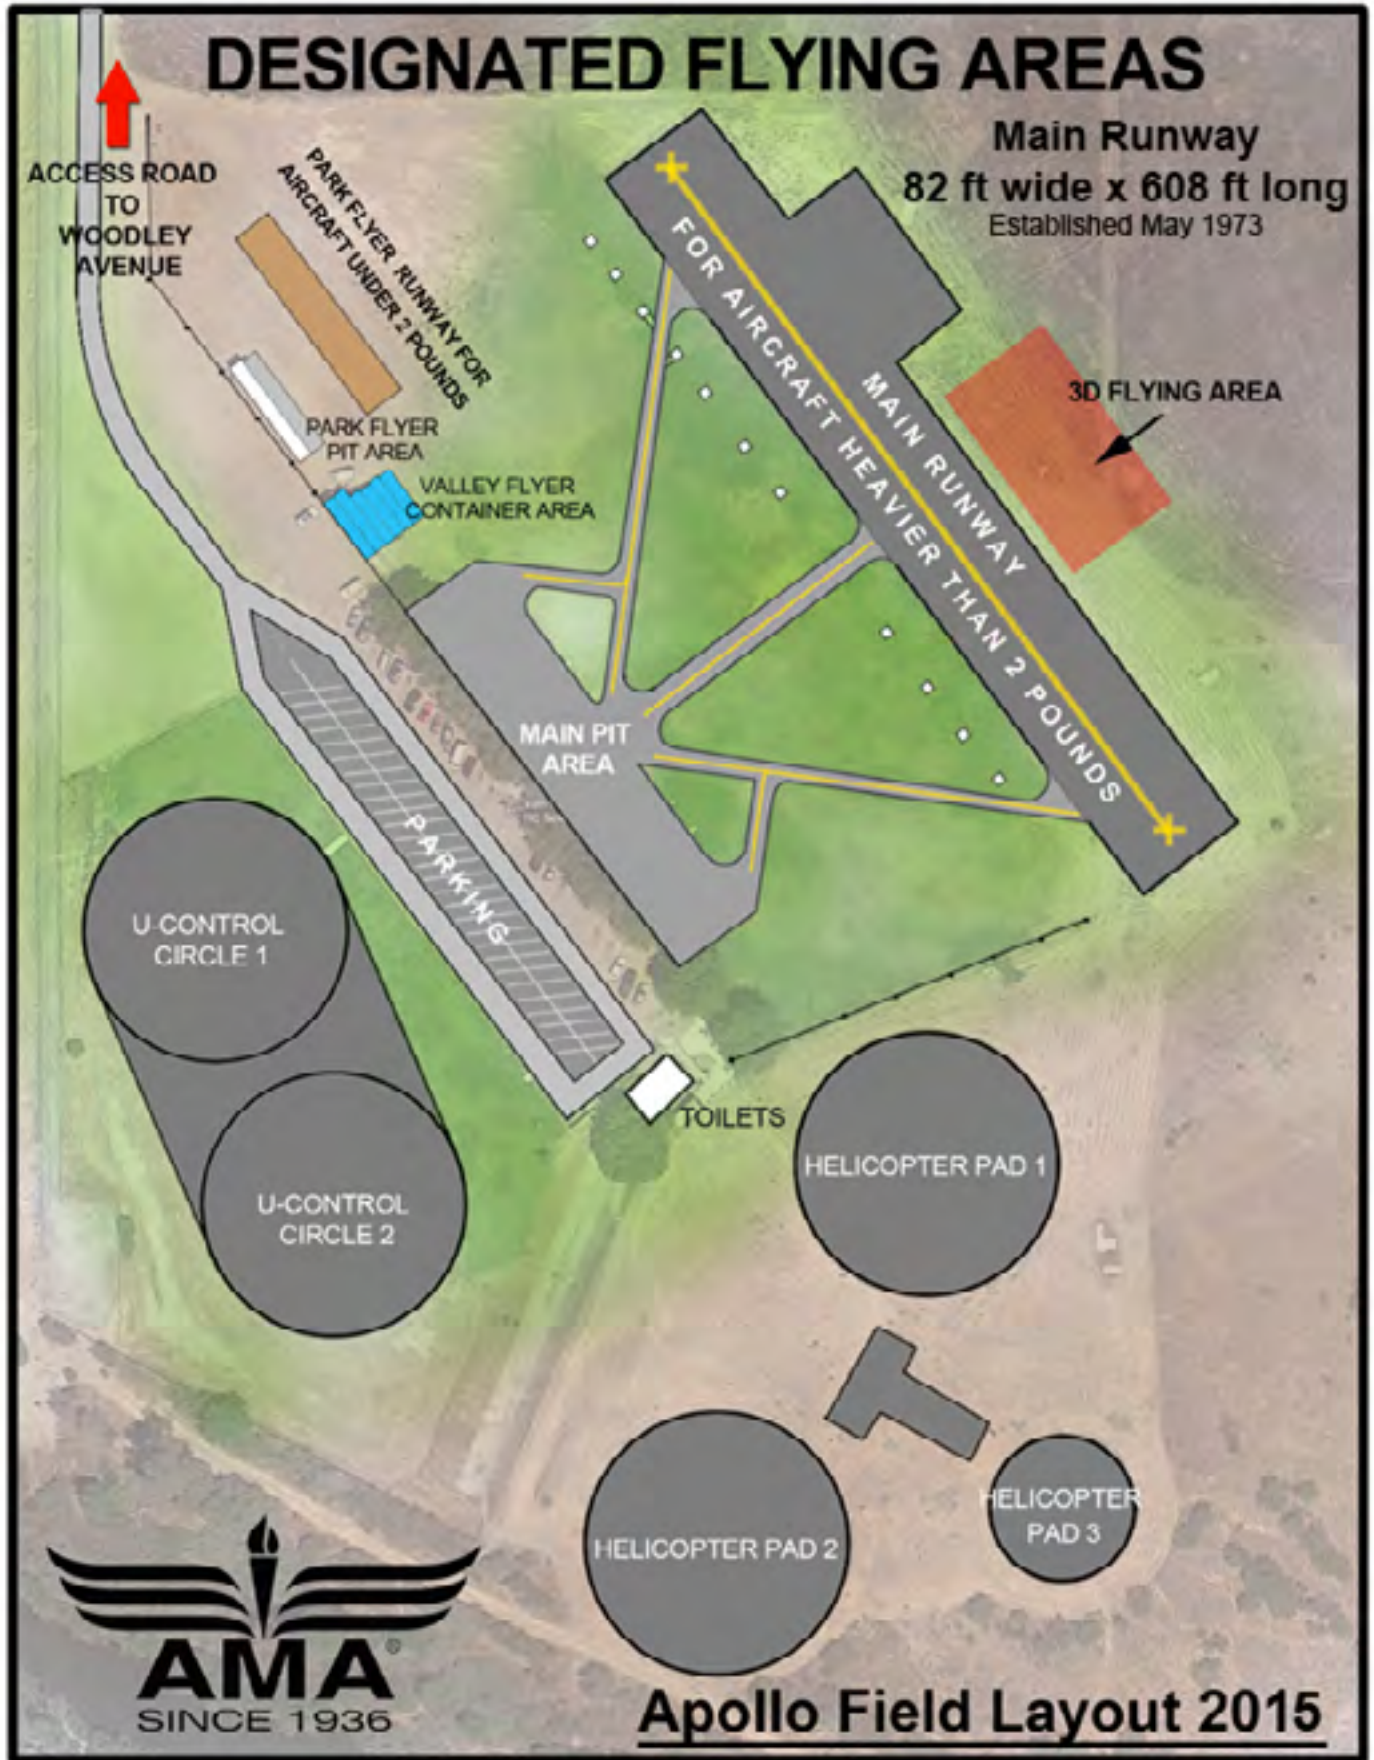

1. All pilots must fly from one of the designated pilot stands.
2. The frequency board will be used at all times and pilots must post their frequency usage with a card or I.D that contains their name or picture I.D.
3. Open flying is restricted during scheduled events.
4. No take offs and landings from the pit area, taxiways, or grass.
5. 400 feet maximum flying altitude.
6. Take-off and landings to be in the same direction according to the wind.
7. Down-wind passes over the runway are prohibited when other aircraft are flying.
8. Some sort of fuel recovery system must be used when fueling planes to avoid spillage.
9. All pilots will follow taxiways directions as posted.
10. Pilots will call out their intentions (landing, take-off, etc) and clear the runway quickly.
11. There shall be no flying during facility mowing operations
12. Flying over the Golf course, access roads or public roads is prohibited.
13. Each type of aircraft must fly and pit within the area designated on the map for that type of vehicle. Fixed wing aircraft will have a standard left or right pattern depending on the wind.

***Failure to comply with these regulations may result in a citation, loss of flying privilege or both.***

***\*\*Pilots please note, the Field is closed to open flying during all Valley Flyers Events.***

## ADDENDUM TO RULES AND REGULATIONS

- 1) Fly from the designated flying areas, no taxi way take offs please to prevent low pass collisions.
- 2) Fly on the runway side with the other flyers, to communicate with each other.
- 3) Call your intentions-Taking Off, Landing, ***Remember Landings have priority.***
- 4) Fly the pattern everyone else is flying, unless you communicate with each other.  
The first one out flying dictates direction, or wait til he is finished.
- 5) 3 D stunt flying should be done ***off*** the runways to avoid mid air collisions.
- 6) stay within the boundaries as much as possible to avoid mid air collisions.
- 7) Most of all: new pilots at the airfield, If you think you might need help a lot of us are there to assist you, so you don't crash your plane, or crash into some one. Working on your planes, make sure some one is helping you, I've seen too many times propeller cuts to the pilot or bystander.
