September is already here, and the weather is cooling off.

It sure was a great summer

with a lot of action at the Basin.

Our club has experienced an exponential increase in member and public participation.

I would like to thank in advance, everyone that will be helping with the Club BBQ September 20th.

These events are always a lot of fun to attend.

We have pretty much run most of our 2015 events with just a few left to wrap up the year.

We are still encountering a few problems out at the field. We have new pilot which "Welcome to the club".

Pilots that fly in the Park Flyer area, you need to stay in the cone area

I know there is over lap in the north corner, so watch out for planes flying on the main runway area. Watch all around. Stay out of the golf course also, that's a cause for major complaints. Field ediquite and safety guidelines need to be followed, fly the direction the other pilots are flying, one plane going the wrong direction can cause a mid air accident.

Call all take offs and landings. Landings have priority over any take offs. Fly from the designated flight areas, each area has standing areas. People like to fly at the south end of the park area which is like playing on the 405 freeway, trust me if a plane hits you in the head it will effect the shape of your head. When working on your plane have some one help you especially if your are working on and it is pugged in. Those props hit your hand it will end your day go-

ing to the hospital. They will cut down to the bone. Don't fly into or over the pit areas. Drinking of alcoholic beverages is strictly prohibited. Your flying along with your driving is impaired. This is a big safety concern. You don't want to hurt someone and you want to be thinking clearly. Remember these are not toys. The Quad Boys--- You need to fly in the designated area, which is at the south side of the field, not exceeding Woodley Ave Bike Path, Burbank Blvd Bike Path, and once again the Van Nuys Golf Course property. You can be cited by the authorities, and I hear it can be quite expensive. So why do it?? Everyone deserves to enjoy themselves. Last thing our height limit is 400 ft, try to obide by it. We don't need the Van Airport Police coming by. I will try to put out a list of the safety guidelines the following month. Lets fly safe, if there is a problem let the safety committee handle it.

Request:

People that get a new club membership and are requesting flight training- I need to be emailed in advance so I can have a training plane ready.

Safety.

Quadcopters need to flown in the Heli area and flown in the field area, I'm observing FPV flight without a spotter, some one needs to be in line of sight when these are flown. That is a FAA rule. Too many times I'll ask where is your quad, and I get a reply of "I don't know." Remember safety first. Height limit is 400 ft, yielding for scale aircraft at all times. The height limit is for all aircraft.

BIG CAUTION:

Landings have priority over take offs!!

If you are waiting to take off, hold your position off the runway ***until called landings are completed.***

HEIGHT RESTRICTIONS

We have been getting complaints about planes exceeding designated height limits of 400 feet.

Jets going vertical easily exceed 400feet. In addition 3D airplanes doing maneuvers also exceed these height re

Mike Stoner

VP, Safety Committee

Special thanks to **Jenaro Balanezo** for generously donating six gallons of Powermaster fuel, to the Club.

The gift will be used in our regular events that are coming up this year. These would be our Try-N-Fly, and our training flights etc.,

Thanks Jenaro!

Valley Flyers Board of Directors

VALLEY FLYER ANNUAL BBQ AND FUN FLY

Ladies, Gentlemen, Boys and Girls. The annual Valley Flyer BBQ is just about here.

Sunday, September 20th is the date. Choose between burgers or chicken and advise me at the next general meeting of your choice. One guest is welcome, with additional guests allowed at \$5.00 each.

Side dishes are needed to make this a complete meal, so 'bring it!' Bring a side dish and receive a ticket to bump you up to one of the first served in line. See the flyer on our website for more details. You can email me at bobthesmith2003@yahoo.com or call 66-298-2614 to make your reservation or see me at the general meeting!

Approx. Flying Weight 6.2 - 6.5 lbs. 2.8 - 2.95 kg
Rec. Engine Size 2-Stroke .40 - .48 cu. in.
4-Stroke .50 - .72 cu. in.
Radio Req. 4 Channel w/ 5 servos

Please help support your club by purchasing some raffle tickets!

The San Fernando Valley R/C Flyers will hold our 8th Annual Y-Fly/Try-&-Fly, on Sunday, September 27th. If you're interested in building and flying R/C Airplanes and you want to learn more, this is the place to be! We welcome all children around the ages of 8-14 years of age to participate. Cub Scouts packs, dens and other groups are encouraged to contact me by email regarding participation so that we can make sure we have enough supplies to go around.

The event is designed to introduce children to different aspects of modeling, by building and flying a rubber powered plane, R/C Ground School, R/C Simulator and then the opportunity to fly an R/C plane on a buddy box.

The event has been a success for us in the past and this year we expect at approximately 125 participants.

The Y-Fly will get started around 10 AM and participation should take about 2-3

hours. We request a \$6 donation per child to cover our costs, which includes lunch.

We need at least 24 volunteers to help run this event. It takes more help to run this event than just about anything we do, besides the SAE. If you can help, it will be sincerely appreciated and you'll have fun too!

We need members who can bring R/C flight simulators for us to use during the event. If you can provide a computer and simulator, please let me know.

If you would like to volunteer and have not already signed up to help, please let

me know.

Volunteers should arrive by 9 AM. Lunch will be provided. Worker credits will be earned for those who help at the event.

The field will be closed for general flying on that Sunday, September 27th until around 3 PM.

Best regards,
Chuck Thompson

Member Benefit Update

Dear Edward,

Your auto insurance is supposed to guard you every mile you drive ... every day of the year. **But what if you're paying too much for protection that stops short if you're in an accident?**

As an AMA member, it's easy to find out. [Get your qualified quote now](#)

- You could **pay less for every auto insurance bill with a special discount.**
- What if you could cut those bills while at the same time providing **peace of mind for your loved ones when they're on the road?**
- Vanishing Deductible® - Add Vanishing Deductible and get \$100 off for every year of safe driving. Your deductible could even go down to zero.*

Because you are a member of AMA, Nationwide offers you a discount.

Thanks to an alliance between Academy of Model Aeronautics and Nationwide Insurance®, you can lower your auto insurance bills - while you set up even higher peace of mind whenever you're on the road.

And what if you're in an accident? Just one accident could cost a safe driver like you as much as \$500.00 - **but it doesn't have to.**

Sincerely,
Nationwide Insurance

P.S. If you act fast, you could even qualify for a refund on your current coverage. Your current auto insurance company is required to issue you a prompt refund check for the majority of the premium that hasn't been used under your current policy.**

So why wait? [See how much you could save as an AMA member today. You can also call 1-888-889-4322.](#)

Join the Flyers

65 YEARS OF SERVICE

Dear Model Aircraft & Radio Control Enthusiast,

Thank you for your interest in Model Aviation. The San Fernando Valley Radio Control Flyers (SFVRCF) is Academy of Model Aeronautics Charter Club #152, and in 2015 the club will enjoy its 65th year! Joining the Valley Flyers is a great way to support the hobby while enjoying the rich, educational benefits and camaraderie that Club membership can bring.

The main emphasis of the Club is the promotion of model aviation, to maintain the Apollo XI field both physically and politically for model aviation, and to promote good fellowship and community relations. With your membership, you support the many Apollo XI field improvements and community relations projects the club is championing.

Benefits of Membership Include:

- Free flight instruction. We use our Club trainer airplanes, radios, and fuel... You provide the enthusiasm!
- Free Annual BBQ & Club-subsidized End-of-Year Holiday Party & Award Presentation & FREE Fun Fly Events.
- Club Meetings including Show-And-Tell, Model-Related Programs & Presentations, and a Monthly Raffle.
- RC eNews – Timely and informative email messages about upcoming events, field closure notices and more.
- The Valley Flyer – The club's official newsletter.

Please fill out and sign the membership application. Send the application with a check for the membership dues (make check payable to **The Valley Flyers**) to Valley Flyers Membership, PO Box 2055, North Hills, CA 91393. Alternately, you may bring your application to a Club meeting, or sign up using PayPal® at www.valleyflyers.club online.

Prospective Members and Guests are always welcome and invited to Club meetings. Your support is greatly appreciated.

Sharon Riberdy, Membership Director
sriberdy@msn.com
 818-621-4799

Along with your modest annual dues, you need to have a current membership in the **Academy of Model Aeronautics**. If you are not yet an AMA member, you can sign up by calling 765-287-1258 or visiting www.modelaircraft.org online.

SFVRCF Club Meetings

Club meetings are held on the 4th Tuesday of each month at **7:00 PM**. Refreshments will be available. Please bring a couple of extra dollars for refreshments and raffle tickets if you so desire.

2015 Club Meeting Schedule			
January	27 th	July	28 th
February	24 th	August	25 th
March	24 th	September	22 nd
April	28 th	October	27 th
May	26 th	November	24 th Annual Workers Raffle
June	23 rd	December	TBD Holiday Party

The SFVRCF is Academy of Model Aeronautics (AMA) charter club # 152, and as a charter club all members of the SFVRCF must be members in good standing with the AMA. Failure to become an AMA member or to keep your AMA membership current will void your SFVRCF membership. Your AMA membership is verified each year when you renew your club membership. SFVRCF members are expected to abide by club bylaws, Academy of Model Aeronautics rules, Apollo XI field flying regulations, and normal standards of conduct and courtesy.

Apollo XI Field Flying Regulations

This facility is designed to accommodate four general types of powered remotely controlled aircraft in separate areas of the park.

1. Radio controlled heavier than one pound on the main runway.
2. Radio controlled one pound or less & R/C gliders North of the pit area.
3. Radio controlled helicopters South of the pit area
4. Control line flight in the designated Control line circles

This facility does **NOT** accommodate free flight aircraft, Kites, rocketry of any kind: R/C cars or R/C trucks.

Radio Control Flight Rules

1. All pilots must fly from one of the designated pilot stands.
2. The frequency board will be used at all times and pilots must post their frequency usage with a card or I.D that contains their name or picture I.D.
3. Open flying is restricted during scheduled events.
4. No take offs and landings from the pit area, taxiways, or grass.
5. 400 feet maximum flying altitude.
6. Take-off and landings to be in the same direction according to the wind.
7. Down-wind passes over the runway are prohibited when other aircraft are flying.
8. Some sort of fuel recovery system must be used when fueling planes to avoid spillage.
9. All pilots will follow taxiways directions as posted.
10. Pilots will call out their intentions (landing, take-off, etc) and clear the runway quickly.
11. There shall be no flying during facility mowing operations
12. Flying over the Golf course, access roads or public roads is prohibited.
13. Each type of aircraft must fly and pit within the area designated on the map for that type of vehicle. Fixed wing aircraft will have a standard left or right pattern depending on the wind.

Failure to comply with these regulations may result in a citation, loss of flying privilege or both.

*****Pilots please note, the Field is closed to open flying during all Valley Flyers Events.***

ADDENDUM TO RULES AND REGULATIONS

- 1) Fly from the designated flying areas, no taxi way take offs please to prevent low pass collisions.
- 2) Fly on the runway side with the other flyers, to communicate with each other.
- 3) Call your intentions-Taking Off, Landing, ***Remember Landings have priority.***
- 4) Fly the pattern everyone else is flying, unless you communicate with each other.
The first one out flying dictates direction, or wait til he is finished.
- 5) 3 D stunt flying should be done ***off*** the runways to avoid mid air collisions.
- 6) stay within the boundaries as much as possible to avoid mid air collisions.
- 7) Most of all: new pilots at the airfield, If you think you might need help a lot of us are there to assist you, so you don't crash your plane, or crash into some one. Working on your planes, make sure some one is helping you, I've seen too many times propeller cuts to the pilot or bystander.

Apollo 11 Facility Schedule – 2015
