A Message from our President

With Daylight Saving Time in effect earlier this year, and unusually fine weather, our flying season is already in full swing. Willie Gardner and Bob Tarlau have

been engaged with Parks and Rec, regarding improvements and maintenance at the Apollo field facility.

It is hard to believe that we already have over 225 members and March is not even over yet. Our goal is to reach 350 before the end of year.

Most of the membership packages have been mailed out so you should have your card

by now. If you do not have your card by now, please contact membership director

Barbara Brace at: babz2008@gmail.com

We have one, the Heli Fun Fly event scheduled for the month of March.

Happy Flying

Benny Elkouby
President

Here come the programs!

It took some doing, but we finally have programs lined up! The program for this month is going to be interesting.

Since we have a 'love/hate' relationship with Van Nuys Airport, I felt it could be important to get information directly from airport personnel.

Dee Lewis is a public information officer with Van Nuys Airport. I

will ask all of you to be kind, and not go overboard, as she is our guest. She is graciously attending our meeting to impart knowledge about LAWA (Los Angeles World Airports) and its operation. This is a real opportunity to learn more and get a better understanding on airport operations. Take advantage of it, and see you at the meeting.

Also, bring those projects and aircraft you've got in you hanger! Show and Tell is always better with more participants. As an enticement, I might mention that each Show and Teller receives a

raffle ticket for that night's raffle! I am working of some neat programs for the upcoming months. Did you know that there is an air museum here in the Valley? Well, neither did I! I'm working on that for April or June. Why not May? Because that meeting is one of our Indoor Olympics, so get your Mini-Vapor and/or mini-heli ready for action. That's about all for now. SEE YOU AT THE MEETING!

Flaps Up!

Ricc Bieber
Programs

ADDENDUM TO RULES AND REGULATIONS

1) Fly from the designated flying areas, no taxi way take offs please to prevent low pass collisions.

2) Fly on the runway side with the other flyers, to communicate with each other.

3) Call your intentions-Taking Off, Landing, **Remember Landings have priority.**

4) Fly the pattern everyone else is flying, unless you communicate with each other.

The first one out flying dictates direction, or wait til he is finished.

5) 3 D stunt flying should be done **off** the runways to avoid mid air collisions.

6) Stay within the boundaries as much as possible to avoid mid air collisions.

7) Most of all: new pilots at the airfield, If you think you might need help a lot of us are there to assist you, so you don't crash your plane, or crash into some one.

Working on your planes, make sure some one is helping you, I've seen too many

times propeller cuts to the pilot or bystander.

REALFLIGHT 7

For the Month of March, we will have as part of our monthly raffle a REALFLIGHT 7 simulator system. This system was donated by Hobbico to the Valley Flyers for our monthly give away and we appreciate their club support. Thank you Hobbico.

SYSTEM INCLUDES: One Great Planes RealFlight 7 R/C Flight Simulator DVD InterLink Elite controller Cable for JR and Hitec radios.

Cable with micro-plug adapter for newer Futaba radios with square port (order [GPMZ4064](#) if extra cable is needed).

REQUIRES: Minimum Recommended System: (Note: Some graphical features may be disabled. Aerodynamic calculations will remain high-quality).

Windows XP, Windows Vista, Windows 7 or Windows 8.

Intel Pentium 1.0GHz or equivalent-512 MB RAM-10 GB Hard Drive Space-DVD Drive-3D Accelerated Video with:-32 MB Dedicated Video Memory-Full Windows DirectX 9 compliant (Shader Model 2.0 or better)-Optimal System: For best graphical performance-Dual Core 2.4GHz CPU-2 GB RAM-

3D Accelerated Video with:-512 MB dedicated video memory-Pixel Shader 3.0 support-Multiplayer Requirements:-Broadband Internet connection-Computer microphone for voice chat-Interlink Elite Controller: USB Port-Compatible FM or FM selectable transmitter if using the Interface mode.

COMMENTS: Connectors on the InterLink Elite cord and included adapters make the InterLink Elite compatible with the trainer jack on most Futaba and all JR Spektrum, Hitec and Tower Hobbies systems. Good Luck,
 Bob Smith

Join the FLYERS

64 YEARS OF SERVICE

Dear Model Aircraft & Radio Control Enthusiast,

Thank you for your interest in Model Aviation. The San Fernando Valley Radio Control Flyers (SFVRCF) is Academy of Model Aeronautics Charter Club #152, and in 2014 the club will enjoy its 64th year! Joining the Valley Flyers is a great way to support the hobby while enjoying the rich, educational benefits and camaraderie that Club membership can bring.

The main emphasis of the Club is the promotion of model aviation, to maintain the Apollo XI field both physically and politically for model aviation, and to promote good fellowship and community relations. With your membership, you support the many Apollo XI field improvements and community relations projects the club is championing.

Benefits of Membership Include:

- Free flight instruction. We use our Club trainer airplanes, radios, and fuel... You provide the enthusiasm!
- Free Annual BBQ & Club-subsidized End-of-Year Holiday Party & Award Presentation & FREE Fun Fly Events.
- Club Meetings including Show-And-Tell, Model-Related Programs & Presentations, and a Monthly Raffle.
- RC eNews – Timely and informative email messages about upcoming events, field closure notices and more.
- The Valley Flyer – The club's official newsletter.

Please fill out and sign the membership application. Send the application with a check for the membership dues (make check payable to **The Valley Flyers**) to Valley Flyers Membership, PO Box 2055, North Hills, CA 91393. Alternately, you may bring your application to a Club meeting, or sign up using PayPal[®] at www.valleyflyers.com online.

Prospective Members and Guests are always welcome and invited to Club meetings. Your support is greatly appreciated.

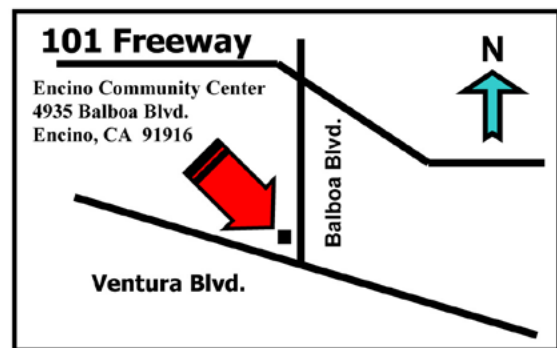

Barbara Brace, Membership Director
babz2008@gmail.com
 818-310-1874

Along with your modest annual dues, you need to have a current membership in the **Academy of Model Aeronautics**. If you are not yet an AMA member, you can sign up by calling 765-287-1256 or visiting www.modelaircraft.org online.

SFVRCF Club Meetings

Club meetings are held on the 4th Tuesday of each month at 7:30 PM. Refreshments will be available. Please bring a couple of extra dollars for refreshments and raffle tickets if you so desire.

2014 Club Meeting Schedule			
January	28th	July	22 nd
February	25th	August	26 th
March	25th	September	23 rd
April	22 nd	October	28 th
May	27 th	November	25th – Annual Workers Raffle
June	24 th	December	TBD Holiday Party

The SFVRCF is Academy of Model Aeronautics (AMA) charter club # 152, and as a charter club all members of the SFVRCF must be members in good standing with the AMA. Failure to become an AMA member or to keep your AMA membership current will void your SFVRCF membership. Your AMA membership is verified each year when you renew your club membership. SFVRCF members are expected to abide by club bylaws, Academy of Model Aeronautics rules, Apollo XI field flying regulations, and normal standards of conduct and courtesy.

Apollo XI Field Flying Regulations

This facility is designed to accommodate four general types of powered remotely controlled aircraft in separate areas of the park.

1. Radio controlled heavier than one pound on the main runway.
2. Radio controlled one pound or less & R/C gliders North of the pit area.
3. Radio controlled helicopters South of the pit area
4. Control line flight in the designated Control line circles

This facility does **NOT** accommodate free flight aircraft, Kites, rocketry of any kind; R/C cars or R/C trucks.

Radio Control Flight Rules

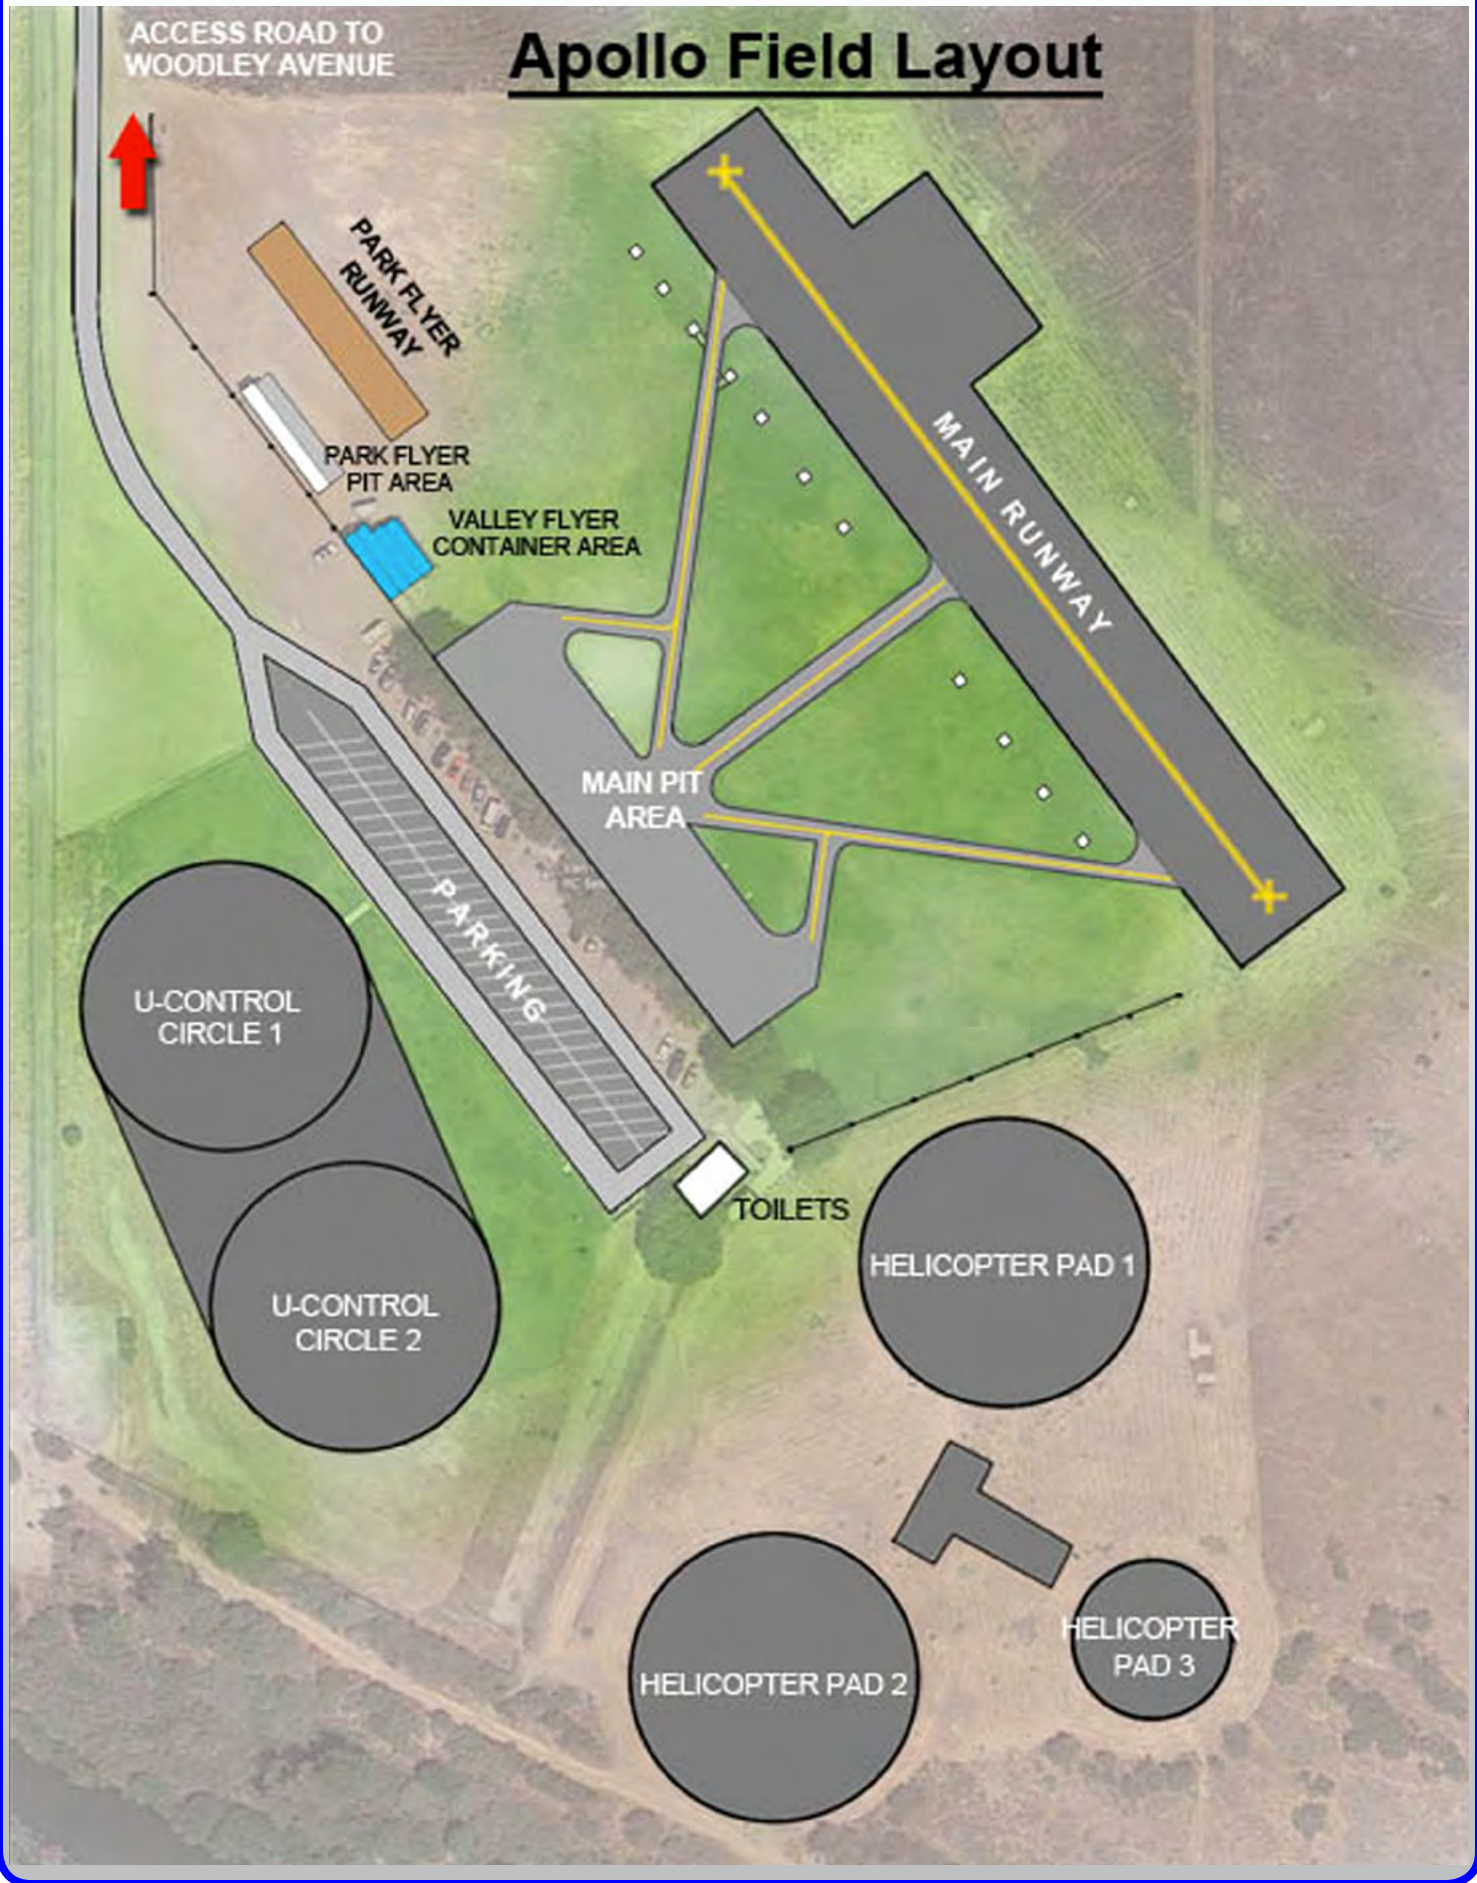

1. All pilots must fly from one of the designated pilot stands.
2. The frequency board will be used at all times and pilots must post their frequency usage with a card or I.D. that contains their name or picture I.D.
3. Open flying is restricted during scheduled events.
4. No take offs and landings from the pit area, taxiways, or grass.
5. 400 feet maximum flying altitude.
6. Take-off and landings to be in the same direction according to the wind.
7. Down-wind passes over the runway are prohibited when other aircraft are flying.
8. Some sort of fuel recovery system must be used when fueling planes to avoid spillage.
9. All pilots will follow taxiways directions as posted.
10. Pilots will call out their intentions (landing, take-off, etc) and clear the runway quickly.
11. There shall be no flying during facility mowing operations
12. Flying over the Golf course, access roads or public roads is prohibited.
13. Each type of aircraft must fly and pit within the area designated on the map for that type of vehicle. Fixed wing aircraft will have a standard left or right pattern depending on the wind.

Failure to comply with these regulations may result in a citation, loss of flying privilege or both.

*****Pilots please note, the Field is closed to open flying during all Valley Flyers Events.***

Pilots must check-in to participate. A valid VF Club membership and/or AMA membership is required.

Become a member, visit www.Valleyflyers.com for more information. 2/2013
